Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and sceing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANA-LIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are us-ing it. They think it an excellent remedy. I recommend it to all who are afflicted

with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street." Mr. Milton Knotts, Urbana, O., writes: " Last November one year ago I was taken sick, and called in our family physician. He examined me and said I had symp-toms of typhoid fever. He gave me medicine for two weeks or more with-outany relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANA-LIN had cured him. I concluded at once to try it. I procured one bottle of PERU-NA and one of MANALIN, and took them bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medi-

cine wherever I go." Mr. John R. Davis, Moundsville, W. Va., writes : "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reli-able remedy." DAY EXPRESS leaves Kane. Renovo. Lock Haven Mr. George Fisher, Portsmouth, O.,

THE SENSATIONS OF THE DROWNED.

A curious and instructive piece of evidence was given at the Central Criminal Court recently, on the trial Emily Redstone for attempting to murder two little children-Amy and the river near Kew. Amy, the elder, a bright, intelligent child, aged 7 years, gave her evidence in a remarkably clear and artless manner. She stated that she sank till her feet touched the bottom and that she then fell asleep till she found herself wrapped up in the boathouse. There was no pain beyond the

first shock of the water. It will be Il, says La Nature, one should write remembered that Redstone was a ser-
