

**SHOOTING OF JUMP AT NORTH-UMBERLAND.**

Scranton, June 26.—Particulars received here regarding the murder at Northumberland last night say that for some months there was much ill feeling between Cox, the hotel proprietor, and Jump, the hotel porter killed by the former, caused by the latter leaving the employ of Cox and going into the service of a rival hotel. Cox warned Jump not to enter his hotel again. Last evening, in company with several young men of the town, he went to the place. Entering the bar-room he asked for drinks, but the bartender refused to serve him, saying he had orders not to. Cox came into the room, and seeing Jump, applied a vile epithet and ordered him to leave. Jump got up to do so, and when he passed through the door turned slightly around. At that moment Cox fired, the ball passing through Jump's heart and causing instant death. Cox then left the hotel owing to the great excitement and threats of summary vengeance, and drove to Sunbury, where he gave himself up. Jump's wife and child were visiting relatives here at the time of the tragedy. Jump was at one time a porter for various hotels here.

**VIRTUE IN THE FAMILY.**

There are all sorts and degrees of virtue, and sometimes we are told that virtue is its own reward. A. F. Evans, of Burr's Ferry, La., says in writing about Brown's Iron Bitters, "I have been the recipient of its virtue in my family to a considerable extent." This great iron tonic has superior advantages as a reliable family medicine. Its power has been thoroughly tried, and its virtues abundantly proved. Nearly a million bottles a year are sold by the druggists of this country.

**FIGHT WITH APACHES.**

Tombstone, Arizona, July 1.—A. J. Humeke, a miner, brought the news yesterday from Fronteras of an engagement between Indians and whites last Thursday, thirty miles southwest of Fronteras, in which it is reported 36 Indians and 16 Americans were killed and several wounded. To-day further information is received from San Bernardino through Thomas Crocker, whose rancho is situated on the trail from Fort Bowle to Sonora. He reports an engagement between the entire force under Lieutenant Davis and the Apaches. Sixteen Indians were killed and 15 to 20 taken prisoners. The loss to the whites is not stated.

**VERY REMARKABLE DISCOVERY.**

Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost helpless for five years, so helpless that she could not turn over in bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work."  
 Electric Bitters is doing all that is claimed for them. Hundreds of testimonials attest their curative power. Only fifty cents a bottle at J. Zeller & Son's, Bellefonte.

We acknowledge the receipt of a copy of the Revised Version of the Old Testament, from the Henry Bill Publishing Company, Norwich, Conn. Great pains were taken to have the book accurate, having been compared word for word with the best English edition by the best Biblical scholars attainable. This edition will no doubt be received as the standard. It is printed in large clear type, on the best of paper, and elegantly bound. Its arrangement in every respect is superior to any we have seen, and will prove a great help to ministers and Biblical students. If you want steady and lucrative employment address this company for an agency.

**A WONDERFUL DISCOVERY.**

Consumptives and all, who suffer from any affection of the throat and lungs, can find a certain cure in Dr. King's New Discovery for consumption. Thousands of permanent cures verify the truth of this medicine. No medicine can show such a record of wonderful cures. Thousands of once hopeless sufferers now gratefully proclaim they owe their lives to this New Discovery. It will cost you nothing to give it a trial. Free trial bottles at J. Zeller & Son's, Bellefonte, drug store. Large size \$1.

The log house of Mrs. Ann Miller, widow of John Ann Miller, in West Buffalo twp., was destroyed by fire on last Tuesday night. The fire broke out in a shanty adjoining the building at about half past ten o'clock that night, and very soon the house was in flames and beyond hope of saving. All the household goods on first floor were saved, as well as some bed clothing. No insurance; loss about \$300. How it caught is not definitely known, some think that rats got hold of matches and did the mischief.—Mifflinburg Telegraph, 1st.

Dip one end of a sponge in water and the whole will soon be saturated. So a disease in one part of the body effects other parts. You have noticed this yourself. Kidney and liver troubles, unless checked, will induce constipation, pleurisy, rheumatism and gravel. A timely use of Dr. Kennedy's Favorite Remedy will prevent these results. It is pleasant to the taste and may be taken freely by children and delicate females. It gives electricity, life and cheeks with roses on them. July

**CUT BY A SAW.**

Harrisburg, June 26.—Josiah Fry, aged 60 years, was almost cut in two Wednesday by a cross-cut saw striking him in the breast. The accident happened at the stove mill of Bayard Bros., a few miles from Dauphin.

"It fairly worries me to think of the multitude of things advertised to cure disease," you say. No wonder. But in the mountains of chaff there are grains of golden wheat. We may find it difficult to induce you to test the merits of Dr. Kennedy's Favorite Remedy, but when you have done so, our work is ended. Afterwards you and this medicine will be fast friends. Favorite Remedy would have died out long ago except for its real usefulness. But it is good and does good. July

**LET THE GOOD WORK GO ON!**

Public sentiment has been thoroughly aroused at last, in favor of the movement toward the erecting of Bartholdi's Statue, "Liberty Enlightening the World," in the harbor of New York. Americans now understand that those among them who subscribe to the completion of this grand work, will perform an act of patriotism; and at the same time one of interest, and a noble one, worthy of the enlightened ideas pertaining to this nineteenth century. Some idea of the extent of the public sentiment is shown by the fact that the "New York World" has been able to report subscriptions of over \$300,000 in a month's time, in sums averaging less than \$1 each, the greater bulk of these contributions being in dimes and quarters. What a magnificent object it will be, towering almost into the clouds from New York's beautiful harbor! It will stand as a grand symbol of liberty before the eyes of every one coming from the oppressed countries beyond the ocean. At the gateway of no other nation could it stand with such appropriateness. Here it symbolizes the fullest achievement of human freedom and will forever stand to tell that story. The committee in charge of the erection of this great work have prepared a beautiful statute, as a souvenir to send to each person who subscribes \$1. Ought not the heart of every American to respond with pride when he has the opportunity of contributing toward the erection of such a monument? It is one of the grandest undertakings of modern times and eminently fitting that it should be built from the hearts and pockets of our people. The committee does not believe the American people are indifferent to this great work, therefore calls upon them for their aid. Every person wishing to become a subscriber should send their address to Richard Butler, Secretary American Committee of the Statue of Liberty, No. 33 Mercer Street, New York, enclosing \$1, and will receive in return a miniature reproduction of this great work. While large subscriptions are always desirable it would be far more to the credit of this great nation if every man, woman and child should own a block in the pedestal which will support the everlasting monument of "Liberty Enlightening the World."

**An Efficient Remedy**  
 In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

**Ayer's Cherry Pectoral**

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incident to childhood and youth. Promptitude in dealing with diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the milder remedy is constantly gaining a deeper hold, but take at once the speediest and most certain to cure.
