A school law, passed by the last legislature, provides that a common school month shall hereafter consist of twenty days' actual teaching, and no school shall be kept open in any district for the purpose of ordinary instruction on any Saturday or on any legal holiday, or in any county during the time of holding the annual county institute therein.

THE statement is made that in the matter of the new cruisers over \$2,000,-000 have already been paid to Mr. Reach, and that there only remains due him for the entire contract \$400,000. It would seem from this that the government would be the principal loser by the failure. If Mr. Roach has failed, he at last did not fail to get some very, very fat jobs out of the government.
