

THE CENTRE REPORTER.

FRED KURTZ, . . . Editor.

CENTRE HALL, PA., AUG. 26, 1885

A SURGICAL TRIUMPH.

The wonderful surgical operation performed at the Medico-Chirurgical College, on Saturday, July 11, by Professor James E. Garretson, assisted by Dr. M. H. Cryer, has proved entirely successful. The patient, a man sixty-four years old, came from Scranton with a tumor completely filling the nasal cavity, and growing through the cheek and jaw bone to the base of the brain. The swelling tumor had forced the right eye from the socket. The operation performed, comprised the removal of all the bones of the right side of the face below the eye and above the neck. A surgical engine, with the speed of fifteen thousand revolutions per minute, was used to cut away the right side of the nose, the maxillary or jaw bone, and the ethmoid or base of the vault of the skull. One surgeon held the eye in place while another held back the base of the brain. The place left vacant by the removal of the tumorous bones was filled with sponges, and the flesh and the skin was drawn back and sewed fast to the other side of the face by fifty stitches. Three days after the operation the pins which held the upper lip together under the nose and many of the stitches from other parts were removed and the face was found to be little disfigured. The patient was then able to move about the ward. He now dresses himself and ascends the stairs without assistance. His eye is uninjured, and has nearly all its normal action. The tumor, removed from the face, when placed under the microscope, showed that it contained spindle and giant cells, the latter resembling osteoclasts, which are found where the bone is being absorbed or broken down. The tumor would be classed as a myeloid sarcoma.

THOUSANDS SAY SO.

Mr. W. Atkins, Girard, Kan., writes: "I never hesitate to recommend your Electric Bitters to my customers, they give entire satisfaction and are rapid sellers." Electric Bitters are the purest and best medicine known and will positively cure kidney and liver complaints. Purify the blood and regulate the bowels. No family can afford to do without them. They will save hundreds of dollars in doctor's bills every year. Sold at 50 cents a bottle by J. Zeller & Son, Bellefonte.

"ROUND-UP" OF INDIAN HORSE-THIEVES.

Hillings, Mont., August 14.—Ed Gaudling, with two associate cattlemen, on the Musselshell river, yesterday met a marauding band of Piegan Indians between Razor and Half Breed Creeks. The Piegans numbered twenty, and had with them 75 stolen horses. Gaudling and his companions fired, killing one Indian, but being outnumbered were compelled to retreat. Obtaining reinforcements and overtaking the Piegans they killed the entire party and recovered the stolen horses. What effect this fight may have on neighboring bands is unknown.

A LAND GRABBER.

Penble, Cal., Aug. 19.—M. McMullen, a ranchman living thirty miles east of here, was arrested yesterday by a U. S. Marshal for contempt of court, in failing to remove fences placed on Government land. McMullen made a show of resisting arrest and was shot in the leg by the Marshal. McMullen has illegally fenced in thirty thousand acres.

SUBSTITUTE FOR CALOMEL AND QUININE.

Simmons Liver Regulator, purely vegetable, is equal in power to blue mass or calomel, but without any of their injurious properties.

"Have tried it in several cases of bilious disorders, chills and fever, and find it effects a cure in a most satisfactory manner. Dr. J. H. BOWEN, Clinton, Ga."

MONTREAL SCOURGED.

It is estimated that there are no fewer than 1,000 cases of smallpox in the city of Montreal, and over 100 in the suburban village of St. Jean Baptiste. Seventeen deaths have occurred within the past two days, and the loathsome disease is spreading rapidly, every part of the city being affected.

"Grant's Memorial: what shall it be?" is discussed in the September number of the North American Review by Lemuel Thompson, Karl Gerhardt, O. L. Warner and Wilson McDonald, sculptors; W. H. Beard, painter; Calvert Vanuxem and Henry Van Brunt, architects; and Clarence Cook, art critic. This symposium is sure to attract wide attention at this time, when the desire is so general to erect a monument to Grant that shall be worthy of the man, the nation and American art. The same number of the review contains a consideration of the question, "Shall our National Banking System be Abolished?" by George S. Boutwell, F. J. Scott, S. Dana Horton, and Edwin H. G. Clark. "Quids" contributes an essay on "The Tendencies of English Fiction," and Elizabeth Stuart Phelps writes on "The Great Psychological Opportunity." But the most readable article in the number is ex-Sergeant-at-Arms French's "Reminiscences of Famous Americans," with a series of delightful anecdotes about the famous war senators. Mr. French is writing a book of these reminiscences. If it equals this forestallment in the Review, it will be one of the famous works of modern literature.

Malarial poison can be entirely removed from the system by the use of Ayer's Sarsaparilla, which contains a pure specific, in the form of a vegetable product, used in no other remedy. Warranted.

QUEER READING would be the history of names. We cannot, however, go into the subject now, except so far as to say that Dr. Kennedy's "Favorite Remedy" was called by that name, in an informal fashion, long before the doctor dreamed of advertising it for public use. Speaking of it he would say to his patients: "This is my favorite remedy for all troubles of the blood," etc., and its success was so great that he finally applied the name with capital letters.

CASH FOR GRAIN.

Cash will be paid for red wheat, rye, oats and corn, at the roller mill, Centre Hall.

SHE LIKED BARKING.

"I want a dog," said a lady of uncertain age recently to our respected pound-master, "that will bark all night without stopping. I don't care whether he is brindle, yellow, or black-and-tan, so long as his bark is shrill and high."

"You'd like his bark to be on the C," suggested the official, "and not bare o'one, I suppose?"

"Oh, you Government officials are always so witty," retorted the spinster, "but I really do want a dog of the kind I have described. Have you got one?"

"I have about sixty-seven, madam, who yelp all night."

"Oh, how delicious!" murmured the lady. "How I wish I could afford to buy them all and feed the poor things!"

"Perhaps you've got a grudge against your neighbors," insinuated the cur-catcher.

"Well, that's how it began. You see, they are always saying unkind things of me because I live alone and am unweeded—ahem!—and the gentleman next door said one day in his back yard that he wondered how old I was, and his wife guessed somewhere between twenty and eighty—that is, there or thereabouts. So I bought a dog with the awfulest bark you ever heard. At first he kept me awake, but I got so used to him that, now they have poisoned him, I can't sleep a wink without him. Do you know that hearing all your dogs barking so beautifully together is making me sleepy now? Have you got a chair?"

"For Heaven's sake, madam, don't go to sleep here!" yelled the now thoroughly scared janitor of the canine county jail. "I'll give you two dogs, madam, that will never let you bark, for nothing, if you will only go right away with them."

But he was too late. The lady had sank on a bench, and was snoring placidly. It was five hours before they could wake her up, and as she sailed down town, leading a one-eyed bull-dog and a yellow mongrel, the pound-keeper wiped his clammy brow and whispered hoarsely:

"Me go and take tea with her and hear her sing 'My love is true to me' Not for a whole year's dog fees!"

"O LOE, HIT 'IM AGAIN!"

In the early days of Methodism in Scotland, a certain congregation, where there was but one rich man, desired to build a new chapel. A church meeting was held. The rich old Scotchman rose and said: "Brethren, we dinna need a new chapel: I'll give £5 for repairs."

Just then a bit of plaster falling from the ceiling hit him on the head.

Looking up and seeing how bad it was, he said: "Brethren, it's worse than I thought; I'll make it fifty puns."

"Oh, Lord," exclaimed a devoted brother on a back seat, "hit 'im again!"

There are many human tabernacles which are in sore need of radical building over, but we sputter and fuss and repair in spots without satisfactory results. It is only when we are personally alarmed at the real danger that we act independently, and do the right thing. Then it is that we most keenly regret because we did not sooner use our judgment, follow the advice born of the experience of others and jump away from our perils.

Thousands of persons who will read this paragraph are in abject misery today when they might be in a satisfactory condition. They are weak, lifeless, full of odd aches and pains, and every year they are getting worse, even though the best doctors are patching them in spots. The origin of these aches and pains is the kidneys and liver, and if they would build these all over new with Warner's safe cure, as millions have done, and cease investing their money in miserably unsuccessful patchwork, they will be well and happy and would bless the day when the Lord "hit 'em" and indicated the common sense course for them to pursue.

A BRIGHT IDEA.

"Let me have five two-cent stamps, please," said a lady to the retail stamp clerk in the post office yesterday.

"Yessum," he said, handing them out.

"Can't you let me have them in one piece?" she asked.

"Certainly, ma'am," said the clerk. "Can I send them home for you?"

"Oh, no; I don't live far—only on the North side—and I am going right home. I wouldn't want to put you to trouble."

"No trouble at all," said the clerk. "I haven't very much to do to-day, and I could very easily spare an hour."

"Very much obliged," said the lady, smiling sweetly. "dear me," she said, putting on a stamp, "what a horrid bother it is to stamp letters! Why can't we send letters and let the post office send in their bill once a month?"

"They might just as well," said the clerk, sympathizingly. "I'll mention the fact in my next message to Congress."

"Will you? How nice! But you mustn't mention my name. Say the idea was suggested by a North Side society lady."

The reasons barbers talk so much is that the greater number of them know how to "chin" in two languages.

We make the following liberal proposition to the subscribers of the REPORTER: Any one sending us the name of a new cash subscriber for one year, will get a credit of three months for his trouble, and the new name two months extra. We would be pleased to have every reader send us at least one name under this very liberal offer. For any additional names we will allow the same.

BROWN'S IRON BITTERS THE BEST TONIC. This medicine, combining Iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, and Neuralgia. It is an unrivaled remedy for Diseases of the Kidneys and Liver, for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, or produce constipation—other Iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strengthens the muscles and nerves. For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal.

Pyemia is the most virulent form of blood-poisoning. Less speedily fatal, but not less certainly so, is the vitiation of the blood of which the first symptoms are Pimples, Sties, Boils, and Cutaneous Eruptions. When the latent Scrofula gives warning of its presence by such indications, no time should be lost in using AYER'S SARSAPARILLA, the only perfect and reliable medicine for the purification of the blood.

SCROFULA is a foul corruption in the blood that runs out all the machinery of life. Nothing will eradicate it from the system and prevent its transmission to offspring but AYER'S SARSAPARILLA. This preparation is also the only one that will cleanse the blood of Mercurial poison and the taint of Contagious Diseases. Impoverished blood is productive of ANEMIA.

A wretched condition indicated by Pallid Skin, Flaccid Muscles, Shattered Nerves, and Melancholy. Its first symptoms are Weakness, Lassitude, Loss of Nerve Force, and Mental Dejection. Its course, unchecked, leads inevitably to insanity or death. Women frequently suffer from it. The only medicine that, while purifying the blood, enriches it with new vitality, and invigorates the whole system, is

Ayer's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists: Price \$1; Six bottles for \$5.

FARMERS!! Don't be Deceived. As there are persons offering for sale Phosphates branded "Twenty Five Dollar" and other similar brands, which look very much like ours, we caution farmers not to be deceived.
