TO GRATIFY HIS WIFE.

A Good Reason for Happiness.

"For many years I had suffered with a complaint which the physicians call gravel. I had employed some of the most noted doctors without obtaining any permanent relief, and for a long time my case was regarded hopeless. All who knew the circumstances said I must die. Finally my wife induced me to try a bottle of Dr. Kennedy's "Favorite Remedy," which she had somewhere heard of or seen advertised. Without the slightest faith in it, but solely to gratify her, I bought a bottle of a druggist in the village. I used that and two or three bottles more, and-to make a long story short-I am now as healthy a man as there is in the country.

"Since then I have recommended, "Favorite Remedy" to others whom I knew to suffer from Kidney and Liver complaints; and assure the public that the "Favorite Remedy" has done its work with a similar completeness in every single instance, and I trust some other sick and discouraged mortal may hear of it and try the "Favorite Remedy" as I did."-Washington Monroe, Catskill, N.Y.

Don't let a foolish prejudice against a popular medicine stand between you and the health of your wife, child or baby. It is always right to advertise a blessing. Dr. Kennedy's "Favorite Remedy" is a blessing. It has saved thousands, and it will help you. If you are sick from troubles of the kidneys, bowels, liver or blood, spend one dollar for the king of medicines.
