A Campaign Secret Given Away.

In the campaign of 1884 the two candidates for governor in a "pivotal" Western State arranged for a series of joint discussions. Both men were popular, both of fine appearance and were so well matched in mental force and as orators that the contest between them promised to be a magnificent one. For several weeks the scales balanced even-

But one day the brilliant Republican candidate came up atling. He seemed overcome and spoke laboredly. The next day he was even less effective. Later he was compelled to ask his opponent for a postponement of certain appointments, which was granted. Before the campaign ended he had aban-doned the field altogether, Meantime the Democratic candidate

continued his canvass, seeming to grow stronger, cheerier and more effective with each succeeding week. He was little butter and half a pint of oysters elected. One evening in December shopped or cut in small pieces; season while ontertaining several gentlemen he Raid :

"I will tell you a campaign secretwhich gave me the election. With the opening of my campaign I began caring for my liver. I knew that a disordered or torpid liver meant dullness and possible sickness. I took something every day. When my opponent began tailing I knew his trouble to be his liver and felt like prescribing for him, but feared if I did so he might beat me! I grew stronger as the campaign progressed, often making two speeches a day. Even my voice, to my surprise, did not fail me once. All because Warner's safe cure kept me in A 1 trim." Ex-Governor Jacob of Kentucky, also made a campaign tour under precisely similar circumstances and says he kept up under the exhausting strain by use of the same means.-Rochester Union.
