Mr. S. W. Hicks, of Pleasant Valley, Duchess county, N. Y., the son of Mr. E. S. Hicks, whose name may have appeared in this journal in connection with an article similar to this, was, like his father, afflicted with Stone in the Bladder, only that his case was more serious than his father's. The father a lvised the son to write to Dr. David Kennedy, of Rondont, N. Y., who, he said, would tell him what to do. Dr. Kennedy replied, suggesting the use of KENNEDY'S FAVORITE REMEDY, which had worked so successful in the father's case. Mr. Hicks, who had been assured by the local physicians that they could do nothing more for him, tried "Favorite Remedy." After two week's use of it he passed a stone % of an inch long and of the thickness of a pipe stem-Since then he has had no symptoms of a return of the trouble. Here is a sick man healed. What better results could have been expected? What greater benefit could medical science confer? The end was gained; that is surely enough. Dr. Kennedy assures the public, by a reputation which he cannot afford to impair, that the FA-VORITE REMEDY does invigorate the blood, cures liver, kidney and bladder complaints, as well as those diseases and weaknesses peculiar to

Thousands of grateful people voluntarily testify in letters to Dr. Kennedy, with a 'wo mth and fullness of words which mere business documents and certificates never possess, what "Favorite Remedy," the great specific for blood, liver and kidney disorders, has done for them and their

## Scientific.

As the principal industry of Liege is the manufacture of arms, a complete and instructive museum of arms, ancient and modern, has been formed in a large building known as the Prefecture.

It is the intention of the Society for the Promotion of the Norwegian Fisheries to establish in the Christiana fjord near Dorbak, a biological station for the hatching of sea-water food fish and stations along the coast.

From experiments tried by Dr. E. Klein in concert with Dr. Blyth it would seem that mercuric chloride is of as little value as a germicide as pure water. It has yet to be determined whether there is any substance really capable of permanently preventing the growth and multiplication of microbia, and still more of destroying their germs,

In the manufacture of gunpowder vent the formation of crystals.

other completely in structure.

the production of carbonic acid from ard. internal consumptions similar to those which take rise in fermentations.

The results of an investigation commenced in 1883 to ascertain the maximum and minimum percentage of alco- between country houses that social enterhol and acetic acid which genuine apple tainments have to be planned with direct juice would produce, are published by view to this fact. "Morning parties" Mr. W. French Smith in the Journal of are given all summer, and until late in the American Chemical Society. They the autumn. Invitations for these are indicate that a good cider should contain issued perhaps two weeks in advance, about five per cent. of alcohol, and a and we have known them to extend over fair sample ought not to fall below four thirty miles of country. Guests are per cent.; and if less than three and one-half per cent. the cider must have been invited for half-past ten or eleven, and arrive between these hours and midday. diluted or prepared from extremely bad The grounds are in order with tennis, cures. apples. Again, while a genuine cider croquet, marquees, etc., just as for any vinegar may contain less than four per garden party, rugs laid down and easy cent. of acetic acid a good article should lawn chairs disposed about, and the cent. of acetic acid a good article should contain about five per cent., and vinegar prepared from the better grades of cider will represent from five and one-half to seven per cent. of acidity. Apples must be carefully selected to yield a vinegar above seven or eight per cent.

| A POSITIVE CURE IS ASSURED. One bottle is generally sufficient for a cure. Stop tuous luncheon is served. Again the company stroll outdoors, spending the afternoon socially and with the five o'clock tea on the lawn; the twilight o'clock tea on the lawn; the twilight o'clock tea on the lawn; the twilight to positive cure. Save doctor bills and try it. above seven or eight per cent.

The devotion of an

Attention, Dectors,

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances many and Switzerland only, but from through mud and rain for a merely nom-Northern Franco as far west as Paris, inal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by usefulness will be greatly increased. Full direction for its use will be found in the "Ills of Life," and he should at once pro-

cure this valuable book. N. J. Wright, Business Agent Evening Herald, Erie, Pa., says: "DR. HART-MAN-I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed, and then with, and in a week I was perfectly well."

Mrs. Ellen Maynard, Oswego, Potter miracle. I do not take nearly so much

opium as I did before.' Joseph Thomas, East Brady, Pa., prites: "I have used your PERUNA and Manalin with good results. In the year of 1880 I was so bad that I could scarcely walk. I used PERUNA and MANALIN, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of PERUNA we concluded to try it, and will say it has done her a great deal of good - the first bottle apparently giving aid and relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without PERUNA. Our little girl is now eight years old, and can run any place, was for four years helpless. PERUNA cured her."

THE mest stubborn cases yield readily to it and has not falled to Cure a single case where directions are followed. Its success has been remarkable and its cures wonderful. It is the most successful preparation in the market for CATAREH and the only one that promises an Absolute, Positive Cure. It is truly a blessing to mankind. A Trial is all that is asked for it. Once used, it is always recommended. Send for testimonials of actual
