THE BLACK FLAGS DEFEATED

By the French Troops in a Three Days Battle.

Paris, October 26 .- General DeCourcy, commander of the French forces in Annam, telegraphs from Hanoi to the war office he has defeated the Black Flags in an engagement.

Great enthusiasm exists here over the official announcement of the French success. Crowds of excited people throng the boulevards eagerly discussing the news. A later dispatch received from General DeCourcy states that the French troops gained the victory notwithstanding that the enemy were immensely superior in number and that he inflicted great slaughter on the Black Fags. The fighting was very severe and lasted three days. The enemy fought stub-

bornly but was completely routed. General DeCourcy adds that the enemy numbered 6,000 men, and consisted of Black Fags, Annamites and deserters from the Chinese army. Three of the chiefs were killed during the engagement, and many prisoners were taken by the French. General Jaumont conducted the operations against the enemy, which resulted in the capture of the strongly fortified town of Thanmai. The French lost thirteen men killed and wounded. General Negrier is pursuing pirates between the Bamoboo rapids and the chanels in the province of Tonquin.

The U.S. Dispensatory and the Science of Chemistry justify the assertion that for tonic, diaphoretic and expectorant properties, no combination of remedies can be devised to equal in power and efficacy Dr. Kessler's Celebrated English Cough Medicine. It is the safe and reliable standby in cases of croup and whooping cough. Dissatisfied parchasers can have their money refunded. For sale at Murray's.

A health journal tells its readers how to take cold. What most of us want to know is how to let it go. Take a bottle of Dr. Kessler's Celebrated English Cough Medicine and it will go because it

A sign in Cleveland reads "Ice Kream Sallune," which is probably the worst cold spell of the season; but for the worst spell of cold Dr. Kessler's Celebrated English Cough Medicine is the best cure you will be able to find.

RAVAGES OF SMALL-POX.

Montreal, Oct. 26 .- The deaths here by small-pox on Saturday and Sunday were 110, and 98 new cases reported. From the 1st to the 25th of October the aggregate mortality has been 1,370, twenty of the victims being English and all the others French. There are 300 patients in the Civic Hospital, and from the great demand there is for beds two new wings must be added before the end of the week. The authorities are compelling isolation and nearly 100 sanitary police are engaged in removing the sick to the hospital and baricading houses whose inmates will not go there. About 500 families deprived of work by the scourge are receiving relief from the city to the extent of \$2 000 per week. The medical health staff visited 8,500 houses last week and vaccinated 1,370 individuals. They found opposition as persisten;

#### TO OUR READERS.

We cannot too strongly arge upon our readers the necessity of subscribing for a lamily, weekly newspaper of the first class-such, for instance, as the "Independent," of New York. Were we obliged to select one publication for habitual and careful reading to the exclusion of all others, we should choose unhesitatingly the "Independent" It is a newspaper, magazine and review all in one. It is a religious, literary, an educational, a story, an art, a scientific, an agricultural, a financial, and a political paper combined. It has 32 folio pages and 22 departments. No matter what a person's religion, politics or profession may be, no matter what the age, sex, employment or condition may be, the 'Independent' will prove a help, an instructor, an educator. Our redaders can do no less than send us a postal for a free specimen copy, or for 30 cents the paper will be sent a month, enabling one to judge of its merits more RELIGIOUS & LITERARY WEEKLY. critically. Its yearly subscription is \$3,

Curious to think that desks and chairs kill people, but they do. Taken in large quantities office furniture is fatal as yellow fever. We sit and write ourselves away. Sedentary habits produce constipation; that begets dyspepsia, rheuma-tism and kidney trouble follow in their train, and death ends the chapter. You whose lives are passed over desk and counter and in the confined air of offices ought to keep Dr. Kennedy's "Favorite Remedy" always at hand for stomach and brain.

When James D. Fish reached New York from the Auburn prison in charge of the officers of the law to testify in the Ward case, and was about to enter the Murray Hill Hotel, a hearse, followed by a single carriage, passed, going to the Grand Central Dopot. In the carriage Mr. Fish saw his daughter in deep mourning. In the hearse was the corpse of his youngest son—his favorite child—who had died on the previous Saturday at New Orleane. It was a sad recognition. Truly the way of the transgressor is hard.

BREADTH, CANDOR, EARNESTNESS.—The Independent is tied to no denomination; it is the organ of no clique or party in state or Church. It is free, therefore, to discuss all questions, and to speak its mind candidly. It is not swerved by fear of favor. It is a vigorous defender of the Evangelical faith, it preaches practical righteouse ness, and earnestly supports all moral reforms. All its columns—the advertising as well as the reading—are free from everything of doubtful or objectionable character. No matter what a person's religion, politics, or profession may be, if he desires to keep up with the times and know what the brightest minds are thinking of, the ablest pens are writing about, and what the world at large is doing—he should read The Independent.

#### COLE PROPRIETORS, PHILADELPHIA, PA. An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is Ayer's Cherry Pactoral. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, silments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, catall fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speedlest and most certain to cure,
