FEARFULLY COMMON.

Kidney Complaints Among Both Sexes and all Ages—A Brilliant Recovery. and all Ages—A Brilliant Recovery.

There is something startling about the rapid increase of kidney diseases among the American people within the pastliew years. Many causes peculiar to certain classes tend to produce these troubles—as, for example, careless living, overwork and exposure. Dr. David Kennedy, of Rondout, N. Y., is often congratulated on the exceptional success of his medicine called "Favorite Remedy" in arresting and radically curing there most painful and dangerous disorders. Proofs of this like the following are constantly brought to his attention, and are published by him for the sake of thousands of sufferers whom he desires to reach and benefit. The letter, therefore, may be of vital importance to you or to some one you may know. It is from one of the best known and popular druggists in the fine and growing city from which he writes, where those interested may find Mr. Crawford at his place of business on the corner of Main and Union streets:

Springfield, Mass., Mar. 22, '84.

may find Mr. Crawford at his place of business on the corner of Main and Union streets:

Springfield, Mass., Mar. 22, '84.

Dr. David Kennedy, Rondout, N. Y.

Dear Sir: —For ten years I have been afflicted with kidney disease in its most acute form. What I suffered must be left to the imagination, for no one can appreciate it except those who have gone through it. I resorted to many physicians and to many different kinds of treatment, and spent a great deal of money, only to find myself older and worse than ever. I may say that I used 25 bottles of a preparation widely advertised as a specific for this precise sort of troubles, and found it entirely useless—at least in my case. Your "FA-VORITE REMEDY"—I say it with a perfect recollection of all that was done for me besides—is the only thing that did me the slightest good, and I am happy to admit that it gave me permanent relief. I have recommended "Favorite Remedy" to many people for kidney disease, and they all agree with me in saying that Dr. David Kennedy's FOVORITE REMEDY has not its equal in the wide world for this distressing and often fatal complaint. Use this letter as you deem best for the benefit of others. Yours, &c.

LYMAN CRAWFORD.

RURDOCK BLOOD BITTERS.

WHAT IS IT?

A strictly vegetable preparation, composed of a choice and skillful combination of Nature's best remedies. The discoverer does not claim it a cure for all the ills, but boldly warrants it cures every form of disease arising from a torpid liver, impure blood, disordered kidneys, and where there is a broken down condition of the System, requiring a prompt and permanent tonic, it never fails to restore the sufferer. Such is BURDOCK BLOOD BITTERS. Sold by all druggists, who are authorized by the manufacturers to refund the price to any pur-chaser who is not benefited by their use.

Many, indeed, are the luxuries that the magician's wand of invention now brings into the midst of our homes. As an instance, to produce a sea atmosphere for the sick room, a foreign contemporary suggests' the use of a solution of peroxide of hydrogen (ten volumes strength) containing one per cent. of ozonic ether, iodine to saturation, and 2.50 per cent. of sea salt. The solution placed in a steam or hand spray diffuser can be distributed in the finest spray in the sick room at the rate of two fluid ounces in a quarter of an hour. It communicates a pleasant sea odor, and is probably the best purifier of the air of the sick room ever used. It is a powerful disinfectant, the same author writes, as well as deodorizer, acting briskly on ozonized test salutions and papers. It London. They are engraved, one inch might be well to test the subject in some by a half inch, and put up in packages ward of one of our hospitals.
