Kidney Complaints Among Both Sexes and all Ages—A Brilliant Recovery. and all Ages—A Brilliant Recovery.

There is something startling about the rapid increase of kidney diseases among the American people within the pastifew years. Many causes peculiar to certain classes tend to produce these troubles—as, for example, careless living, overwork, and exposure. Dr. David Kennedy, of Rondout, N. Y., is often congratulated on the exceptional success of his medicine called "Favorite Remedy" in arresting and radically curing these most painful and dangerous disorders. Proofs of this like the following are constantly brought to his attention, and are published by him for the sake of thousands of sufferers whom he desires to reach and benefit. The letter, therefore, may be of vital importance to you or to some one you may know. It is from one of the best known and popular druggists in the fine and growing city from which he writes, where those interested may find Mr. Crawford at his place of business on the corner of Main and Union streets:

Dr. David Kennedy, Rondout, N. Y.

Dear Sir: —For ten years I have been afflicted with kidney disease in its most acute form. What I suifered must be left to the imagination, for no one can appreciate it except those who have gone through it. I resorted to many physicians and to many different kinds of treatment, and spent a great deal of money, only to find myself older and worse than ever. I may say that I used 25 bottless of a preparation widely advertised as a specific for this precise sort of troubles, and found it entirely useless—at least in my case. Your "FA-VORITE REMEDY"—I say it with a perfect recollection of all that was done for me besides—is the only thing that did me the slightest good, and I am happy to admit that it gave me permanent relief. I have recommended "Favorite Remedy" to many people for kidney disease, and they all agree with me in saying that Dr. David Kennedy's FOVORITE REMEDY has not its equal in the wide world for this distressing and often fatal complaint. Use this letter as you deem best for the benefit of others. Yours, &c.,
