## FEARFULLY COMMON.

Kidney Complaints Among Both Sexes and all Ages-A Brilliant Recovery.

<text><text><text>

BILIUUSNESS.

Bilious symptoms invariably arise from indigestion, such as furred tongue, vomiting of bile, giddiness, sick headache, irregular boweis. The liver secretes the bile and acts like a filter or sieve, to cleanse impurities of the blood. By irregularity in its action or suspensions of its functions, the bile is liable to overflow into the blood, causing jaundice, sallow complexion, yeilow eyes, bilious diarrhoza, a languid, weary feeling and many other distressing symptoms. Bilious-ness may be properly termed an affection of the liver, and can be thoroughly cured by the grand regulator of the liver and biliary organs, BURDOCK BLOOD BITTERS. Act upon the stomach, bowels and liver, making healthy bile and pure blood, and opens the culverts and sluiceways for the outlet of disease. Sold everywhere and guaranteed to cure.
