SPAIN'S KING IS DEAD.

London, Nov. 25 .- King Alfonso died at Madrid at 8:45 o'clock this morning of consumption, accelerated by dysentary. The widow of the King is completely prostrated by his death.

Madrid, Nov. 25 .- Throughout Monday night King Alfonso had spasmodic fits, the result of fever and debility. Six doctors from Madrid and two physicians of El Pardo were in constant attendance. They decided on Tuesday morning that the Kiog was in a dangerous condition. The fits continued throughout Tuesday and the King died at 8.45 this morning. The Pope's benediction arrived before he expired. All the officers of state and Cabinet ministers, except the Minister of War and the Minister of the Interior, were present at the moment of dissolu-The Cabinet met immediately and the Queen was appointed Regent, in accordance with the law. The members of the Cabinet have tendered their resignations, but will remain in office pending the Regent's pleasure. The body of King Alionso will be interred in the Palace of Escurial. Orders have been issued that the troops be confined to the barracks. Great anxiety prevails here. A rigid censorship is exercised over press

confession and administered to him the last scraments at 7:30 a. m. on Wednesday in the presence of Queen Christina, Ex-Queen Isabella and other members of the royal family and several members of the household. The King begged to see his daughters, who were in Madrid at the time. They were telegraphed for, but arrived too late to see their father alive. The King died in the arms of Queen Coristina and the ex Queen wept and the Infanta Isabel fainted. Queen Christina subsequently covered the body with flowers and for a long time refused to leave the cnamber.

It is in order now for every manufacturer to praise and extol the virtues of his couga medicine, and claim it ever so much better than any other. On square business principles the proprietor of Dr. Kessier's Celebrated English Cough Medicine says if you are not satisfied with the relief and benefit obtained, if you do not consider it well worth the price paid for it, then take the empty bottle back to your dealer and get your money. The North American Review for De-cember may be called a historical num her, both from its topics and contributors. It opens with an article by Colonel Fred Grant, entitled "Halleca's Injustice to Grant." This article explains now Halleck so misrepresented Grant, after the capture of Fort Donelson, that General McClellan authorized his arrest. It is an extraordinary revaletion and is told almost exclusively in extracts from dis-patches, many of which were suppressed. Gov. Ireland of Texas describes the

progress of that State. "Motley and Monarch" is a prose poem on Lincoln, by Colonel Intersoll. It is a marvelous bit of rhetoric.

"Rome and the Inquisitions" is a learned Catholic defence of the charge of cruelty against these ecclesiastical tribunals

Gen. Fry, in his "Acquaintance with Grant," describes the cadet life of the future "General of the Army," and vindidicates Gen. Fitz-John Porter

A REMARKABLE ESCAPE.

Mrs. Marv A. Dailey, of Tonkhannock, Ps., was afflicted for six years with Astams and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of until in last October she procured a bottle of Dr. King's New Discovery, when immediate relief was telt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 pounds in a few months. Free trial bottles of this certain cure for all throat and lung diseases at J. Zeller & Son's, Bellefonte.

Indianapolis, Nov. 25.—Six years ago the 20 year old daughter of Clement Grausinger was found dead, supposed to have suicided. Sunday on his death bed Grausinger confessed that he and the daughter had been criminally inti-mate and that he killed her to prevent exposure. He sneaked behind her and throwing a halter strap around her neck strangled her.

The Harpooner's Ctory.

Ness Bedford, duns 1, 1883.

Dr. J. C. Aten & Co.—Twenty years ago I was a harpooner in the North Pacific, when five others of the crew and myself were had up with scurry. Our bodies were bleated, games svollen and bleeding, teeth loose, purple blottches all over us, and our breath scenaed rolten. Take it by and large we were pretty badly off. As our lime-fulce was accidentally destroyed, but the captain had a couple dozen bottles of Ayer's Sarsaranilla and gave us that. We recovered on it quisker than I have ever seen men brought about by any other treatment for Scurry, and I've seen a good deal of it. Seeing no mention in your Almanac of your Sarsaparilia being good for scurvy, I thought you ought to know of this, and so send you the facts.

Respectfully yours, RALPH Y. WINGATE.

Dr. J. C. Ayer & Co.—Gentlemen: I have much pleasure to testify to the great value of your Sarsaparilla. We have been stationed here for over two years, during which time we had to live in tents. Being under canvas for such a time brought on what is called in this country "veldt-sores," I had those sores for some time. I was advised to take your Sarsaparilla, two bottles of which made my sores disappear rapidly, and I am now quite well.

Yours truly. T. K. Boden.
