DEATH OF ROBERT G. BRETT. Prothonotary Brett, of this county. died on last Thursday night, at his home in Bellefonte. Mr. Brett was a citizen of Ferguson township and was elected to the position he held two years ago. His health began to fail shortly after he took possession of the office and many of his friends feared he would not live out his term. He died of consumption.

Mr. Brett was a gentleman of kind nature and genial disposition which gained for him hosts of friends, especially in his own neighborhood where he was best known. He proved an efficient prothon-otary so far as his health permitted him to give the office his attention, and during his inability he took care that the work in the Prothonotary's office was in charge of capable and trusty assistants. We are sorry for the death of Mr. Brett. He was an active and influential Democrat and a very good citizen. The vacancy will be filled by an appointment through the Governor until election. His funeral was largely attended by citizens and members of the Centre Co. bar. His remains were taken to Pine Prove Mills for burial. Peace to his

Farmers of Centre county allow me to say to al who want to buy a self-binder, a front or rear cut mower, a self-rake, do not buy until you see the Johnston Binder, Mower and Self-Rake, which stand in the front rank wherever I have sold them. I can guarantee them to have more good points, quiet running, for lightness of draft, easier to handle all the leavers than any other binder sold in the county. I say buy a Johnson machine whichever one it may be and it will convince you that my statement above is not a false one. The Johnston machines recommend and talk for themselves once they get a trial in the field. Farmers wishing to see a Johnston Binder and latest improvements, can see one set up in my barn at Centre Hill, one at old Jacob Raup's, about two miles above State College; one in Brush Valley, one mile east of Rebersburg, at Austin Gramleys. Farmers, go and see the Johnston Bindet before buying, and you will see one of the best constructed binders in the market. The knotter is one of the finest you have ever seen. It has but one steel spring and has a double disk and cord holder. The binder attachment can be folded up so a 5-foot binder can pass through a pair of bars 9 ft. 10 in. and 6-foot binder through a 10 ft. 10 in. bar. This is more convenient than to load a binder on a truck to get into your fields. Buy a Johntson binder or mower and you will find many more conveniences which I have said nothing about, but you will find it so once you will many more conveniences which I have said nothing about, but you will find it so once you will said in the market, has no gear wheels to change; drives from either wheel with a rachet like a resper. I also sell one of the finest and easiest Hand-dump Rakes in market: try one and you will also have the agency for the Empire Steam Engine and Thresher, which all farmers know is who want to buy a self-binder, a front or rear cut nower, a self-rake, do not buy until you see the

one of the best machines in the county. I also have the agency for the Hench Cultivators which need no recommendation. It is known as one of the best cultivators, with Corn Pianter and Fertilizer attachments, in the county. I also have the agency for the Conkling Wagons, my territory including Harris, Potter, Gregg, Miles, Penn and Haines townships. The Conkling stands first in the rank of all wagons, as all farmers know who have used one of them.

I also sell E. Frank Coes and John Ralston Nickerbocker Phosphates. I can say that these goods are a first class article, and have given entire satisfaction to all my customers for the past four years. Farmers, I simply ask you to try one of these fertilizers and you will get the best results. I always make it my aim before contracting for any fertilizers or implements to get the very best in market. Farmers, buy the best in market and it will be the cheapest in the end. I kindly ask a liberal patronage of any who need and will buy a first class implement or fertilizer.
