We had a brisk rain last Sunday night which will have a good effect upon the corn and other growing crops. Mr. John Kennedy, of this place, received a dispatch from Johnston that one of his brothers was drowned there on Sunday. Mrs. Foster, of Millburg, accompanied by Mrs. Runk, of Spring Mills where she is visiting, favored the Reporter's sanctum with a call. Persons to whom we sent accounts about a week ago will please not disappoint us in our expectations. We look for remittances in part, at least, of what is due on subscription. Wm. L. Rorer writes us from Stevenson county, Ill., June 9: Weather is fine and warm now; we had a wet spring and late. Harry Shirk is among us on visit and will leave for Kansas in a few days. Crop looks well. On some of the farms west of Centre Hall the grasshoppers are threatening to be a little more numerous than profitable for farmers. We hear farmers in other localities complain of the same pest. A horse belonging to H. G. Royer, in Brush Valley, in attempting to run away, while hitched to a buggy, came in contact with a fence, and broke a leg, in consequence of which the animal had to be killed. All kinds of men's wear and nice suits for boys, cheap, at the Philad. Branch. Go and see for yourselves before purchasing elsewhere, and don't miss a good bargain. Anthony Carner an aged and highly respected citizen of Humberburg, died on 7, at his home at the above named place. The deceased was born on the 16th day of December, 1817, and at the time of his death was 68 years, 5 months, and 21 days old. We were the recipients of a box of delicious strawberries, from the hands of Mrs. Geo. A. Runk, of Spring Mills. berries of a size and flavor that would make the mouth of a prince water. Those berries are of Mrs. Runk's own cultivation and will draw a prize at any fair. Mrs. R. will please accept our thanks for thus kindly remembering the Reporter. The commencement exercises of Pennsylvania State College will take place June 27 to July 1, inclusive, and the annual address before the alumni will be delivered Wednesday evening of that week by Major J. W. Powell, of Washington, D. C., director of the United States Geological Survey. Prof. Wm. A. Buckout is the historian. Philip Collins, says the Bellefonte News, has purchased a locomotive and fifty cars for use on the Buffalo Run railroad. The road will be seventeen miles and a fraction in length, and there will be in all twenty-two miles of track laid, the additional five miles being made up of sidings. The recent sale of the Beech Creek road indicated its early completion to a point where connection can be made with the Buffalo Run.

The Democrat, 10, says, Deputy Collector T. J. Dunkle and wife, met with quite a serious accident on Sunday evening. They were driving down the mountain, and stopped to water their horse at the watering trough when the horse started and Mr. Dunkle jumped out of the buggy to turn the horse around, when it plunged forward dragging Mr. Dunkle with it, the buggy wheel struck him on the shoulder, and fractured the bone. Mrs. Dunkle was still in the buggy and the horse ran wildly down the mountain, but she managed to keep it in the road, until the buggy upset. She was thrown out on a pile of stones and considerably bruised. Mr. Dunkle was the most seriously hurt. We hope that he will soon be able to be about again, no doubt he will be "sore" for some time, but he is certainly lucky to have escaped with his life.

Mr. N. Boob, of near Aaronburg, who formerly lived on the Neff farm near Centre Hall, met with a serious mishap a few days ago, of which a Journal correspondent says: On last Friday afternoon while Nathaniel Boob was leaving town on horseback, in going up the hill at the east end of town, a little dog belonging to Aaron Weaver ran out and frightened the horse, which became unmanageable at once. In attempting to dismount, one of his feet was held by the stirrup. The horse wheeled and ran at full speed back into town, dragging the rider for a considerable distance. Mr. Boob was picked up in a badly shaken up and bruised condition, but no serious results are expected to follow the accident. He was taken to his home by Mr. Weaver in a private conveyance.

The County Commissioners have lessened the tax rate one mill. This will be good news for all tax payers. Good management on the part of the officials has brought this about. This is what the people gain by electing honest men to office instead of the tricking, blathering fellows who button-hole you so they get your vote and make the nomination and election. No office seeking trickster will make a faithful official—we have had abundant evidence of the truth of this. The Commissioners have labored untiringly to get in the outstanding duplicates, and reduce expenses, and the result is gratifying. The county debt is about wiped out and the tax rate reduced. In some things the Board may have displeased some persons—who can please all?—but taking it all in all, we must say, well done, good and faithful servants, you deserve re-election.

Centre county Prohibition convention is called to meet in the Y. M. C. A. Hall, Bellefonte, Tuesday, 10 o'clock a. m., June 22, 1886. All citizens of Centre county who are in favor of the prohibition of the liquor traffic are requested to attend. The object of the meeting is to elect 8 delegates with their alternates, who will attend the State Convention to be held in Harrisburg, August 25 and 26, and also, to place in nomination if deemed practicable, a county ticket, and thoroughly organize the Prohibition party. Members of the W. C. T. U. are especially invited. Mass meeting in the Kink in the evening to be addressed by Hon. A. A. Barker, of Ebensburg, Pa.

We are indebted to Mrs. Dr. Jacobs for a box of strawberries—all huge fellows, larger than walnuts, and the huge one she calls "Gen. Beaver." But we succeeded in swallowing "Gen. Beaver" we downed him after some effort, which may be inauspicious for the General next fall. The General no doubt will feel complimented by having a strawberry called after him, while we feel highly complimented in having a box of "Gen" as a present from the estimable lady above mentioned.

Fred Cleare, house, sign and fresco painter, is prepared for any kind of work in his line, in the most artistic and lasting style. Long experience on first class work renders him able to do plain and fancy painting equal to any in the state and at prices so low that all can afford to have painting done in and about their premises and beautify their homes. For a sample of plain house painting see the new dwelling of A. S. Kerlin in Centre Hall.

Bellefonte is expecting a boom soon. The Valentine iron works have been sold to the Lehigh company and are to be started up on an enlarged scale. Frank McCoy and a party of other gentlemen, it is reported, will erect iron works on the fair ground. The completion of the Buffalo Run road is expected to help the town also. We are glad for all this and will be much gladder to find a realization of it all.

Philip Mersinger, of Joliet, Ill., is visiting here, his old tramping ground. Philip is big and fat, and in good health in all respects except that rheumatism has taken hold of him, and renders him unfit for attending to business. Hope our climate will knock the disease out of him.

Joseph R. McClellan bought out the firm of Runkle & McClellan, dealers in general merchandise, at Farmers Mills. The sale was made on Monday. Corn looks fine, so do other crops, except wheat which will be an almost total failure.

A reader of the Reporter from Millheim writes: The Reporter is read with much interest here; its fearless exposure of unlit persons for office and as the advocate of honest politics strikes us as the duty of every honest newspaper editor, and will in the end tend to strengthen the party.

This is a sample of several encouraging letters we have received. We are conscious of doing only our duty, and shall do it now, as heretofore, notwithstanding the attempts to boycott us for fearlessly exposing wrong and wrong doers. Our friends have our thanks for the encouraging words.

MUSICAL COLLEGE.—The 30th session of six weeks, opens on Monday July 23, 1886, for the teaching and training of young ladies in vocal and instrumental music. Address, F. C. MOYER, Musical Director, Freeburg, Pa.

Blank books of every description—Bairfoot & Wetzel, Bellefonte. Blank tax receipts and tax notices to be had at Reporter's office. Base ball bats at Murray's.

TRIOUBLE AT MILLHEIM.

Mr. Editor:—The Millheim Journal in last week's issue said there were "too many smart men in town." We admit that we have some very smart men in town but nobody seems to know the fact except the men themselves, and they therefore appear like fools to the outside world, and we do not believe that any of these smart men were with the town council at the time these illustrious, but infamous and illegal resolutions were passed in reference to the streets, allies, etc., and the appointment of a collector when one had already been elected for some time. It certainly takes a smart man, with considerable brass, to order another man to move his fence without any authority or knowledge whether the fence is upon public ground or not, when at the same time this smart councilor has in fence and occupies nearly one half of the public road. It also takes a smart councilor and a smart man to squeeze out five dollars more for service as secretary than his predecessor. It also takes a smart man to ask a Chief Burgess to resign in order to get an office which could not be secured by an election. Now such things certainly create "war" and an explosion of the law becomes necessary to keep within bounds our rulers, servants or they might apt to assume more authority than the Czar of Russia. Now if the heathen get mad, froth and foam, and call us for exposing their ignorance, we can't help it if they become odious by their indiscretion but must go on and "expose the law."

COBURN ITEMS. Andy Stover has his new house under roof, and the carpenters are laying the floors, and will soon be ready for the plasterers. Felix Breninghouse has his house up and is being roofed. Thomas Hosterman is building outbuildings and an addition to his store room. They are putting up the wall for the new distillery. If we can't have license we can soon have it at wholesale, and need not ask any favors of Judge Furst. F. P. Barker is getting ready for a new addition, and will soon be ready for the rain. Joel Kerstetter has improved his house by a coat of paint. Andy Vonada has the cellar dug for a new dwelling; he will move the plaining mill between this and fall back on the lot that John Rote bought a few weeks ago. Mrs. Clark has moved into Jacob Reeds house opposite the grain house and has her ice-cream sign up. W. H. Swangle has moved in with P. H. Stover. Miss Sallie Ketterer, of Logansville, is visiting at Joe Kleckner's. Mr. and Mrs. Campbell, of Pittsburg, are visiting at Capt. Vanvalin's. J. P. Gephart spent last week here. S. R. Gettig and A. M. Greeninger are applicants for store-keeper. Hope they will be as successful as your applicant was—they don't need to respect the divines as they apply before. On Friday afternoon John Bunmyer had the misfortune to get his leg broken; he was trucking poor timber for Smith & Co. in Panther Hollow, and had a wreck, the truck jumping the track, and Billmyer was caught in some way, breaking his leg between the knee and ankle. Dr. Frank says it is not a bad case. Wm. and Henry Whitmer have commenced shipping lumber from their tract in Little Sugar Valley. Guess they must have struck a bonanza there. They also bought the Long tract at the Cave on Friday. Lumber business must be getting better, judging from the amount shipped from our station. The cars are very scarce and some parties have been waiting a week on lumber cars. Our host Joe arrived home on Thursday all O. K. In favor of the opinion that on Friday rest will share the same fate who have broken the law more than he had, but time will tell that. Nearly every body is dissatisfied that Judge Furst granted Musser license and Kleckner none, when all were indicted for the same offense. How queer!

On Saturday evening the Millheim band enlivened our village with choice music. Esq. Gephart invited them to the Little Sugar Valley, and the band then Joe marched them over to Mrs. Clark's for ice-cream. They then received a few of our citizens and lastly called on our general R. R. agent, who invited them in and treated them with ice-cream. Hope they will soon return. Andy Campbell boasts of strawberries 5 inches in circumference.

REBERSBURG ITEMS.

Alice Small is making preparations for a visit to Lock Haven. Reuben Babb, from Snyder county, is visiting at John Small's. Howard Krapp and bride have returned from their wedding tour. Miss Sallie Bechtel is visiting friends here. Edward Miller and George Bain returned from Sellers Grove. Ruvy.

MILLHEIM.

A good many spent Saturday at the Cave. Our business men are rubbing their new buildings. Farmers talk about commencing haying on Saturday. Reibysner & Musser are still turning out cement and lime of a superior quality. The band went to Coburn on Saturday evening to serenade Joe and others. The band was very good, and they did mighty fine but very slow; we may see the end next summer. Millheim's corresponding was between the drug-gist and the doctor. We have one place for the boys to set them up, but one mouth is kind of wended or not so dry any more.

Master Harry Hooveman, son of Jas. Hooveman, of Lewisburg, was fatally injured by the cars at Montandon on Tuesday morning, 8, at which place he had been employed by Mr. Troxel. For some time he had been seen jumping on and off of cars about Montandon, and we are informed, repeatedly warned to discontinue the practice. On this occasion he attempted to pull a coupling pin when he fell beneath the cars and was horribly mangled by the break rod. He received at least half dozen injuries any one of which would have caused death, so that notwithstanding the efforts of the several physicians who examined and operated on him, nothing could be done to save his life. He lingered in a semi-conscious state for several hours and expired. He was a bright and active boy of about 19 years and well liked by his employer and associates.—Saturday News.

Pictures and picture frames—Bairfoot & Wetzel, Bellefonte.

SPRING MILLS.

Emma G. Spigleyer has returned from Centre Hall where she completed a course in the millinery business. Her return brings back a good music instructor. W. B. Krapp again made his appearance on our streets. Wm. Jones, of Altoona, is visiting his father-in-law, D. Barrel. Miss Moyer is leaving on a vacation next week. Prof. Krise has completed the room which Dr. Allison will occupy as his office. Prof. S. C. Stover preached a very able sermon to a crowded house on Sunday morning. The music by the choir was excellent. Mrs. Ulrich, formerly Miss Clara Fishers, is at home and quite ill. The happiest man in town is Prof. Aman—a boy. Dr. Wilson and family, of N. Y., are expected at the old homestead about July 1. The Challenge band is prospering. The new silver plated coronet of Prof. Brown is a handsome addition. The timber tract at the Penn Cave was sold last week to Wm. Whitmer, of Sunbury, and Henry Whitmer, formerly of this place.

LUTHERAN CHURCH DEDICATION.

The Lutheran church, at Centre Hall, will be dedicated on June 20, Dr. Conrad, of Philadelphia, editor of the Lutheran Observer, to preach morning and evening. Preaching Thursday night by Rev. J. A. Earnest, of Millburg, and on Friday night by Rev. A. K. Felton, of Phillipsburg. All are cordially invited to be present.

ROTTING IN BELFAST.

One Hundred Houses Wrecked and Burned. Belfast, June 9.—The Orangemen during their rioting last night wrecked 100 houses in the city, two of which they burned. The rioters broke into several whisky stores and possessed themselves of the contents. Numbers of men fell into the gutters drunk, and laid there, others, made desperate or maddened by drink, prowled about the streets crying out, "To hell with the Pope!" In the various assaults made by the police upon the rioters, 25 of the latter were severely wounded by the buckshot fired at them. The police have been advised to fire ball to-night in the event of any general renewal of the rioting. The rioting was renewed here this evening and the riot act was again read. The mob increased in size and began throwing stones at the police. The latter fired, killing four persons, one of whom was a bar-maid who was looking out of the tavern window at the fighting. The mob returned the fire and a brisk fusillade was kept up for twenty minutes. The soldiers are now parading the streets to assist the police in case of necessity. The mob drove the force of 150 policemen into the barracks and then attacked the buildings, firing revolvers and throwing stones at the doors and windows. The police fired, killing 5 persons. Several protestant clergymen tried to disperse the mob, but their efforts were unavailing. One of the persons killed was a widow with 2 children.

There are Democrats in Ohio with honesty and manliness enough to speak out in denunciation of the frauds which have characterized elections in some portions of that state of late. The Ohio Club, of Cincinnati, which presents the Thurman sentiment in that city, has prepared an address to the Democratic voters of the State asking that the party management be placed in new hands. The particularly commendable part of this address is that which denounces particularly the frauds in the Democratic party. This is entirely sound. Democrats are responsible for their party and it is their business to see that it is kept clear of fraud and corruption. Whether the Ohio Club represents any large body of the Ohio Democrats remains to be seen, but if the party wants to succeed in the future it will do well to heed the wise and honest counsel of the club.—Philad. Times.
