LOCAL ITEMS.

Campmeeting will soon be in order. Have heard of none so far. Mrs. Sarah Neff, of this place, has improved somewhat in the last few days from her illness. Harvest season is about over, picnics are plenty, and candidates are becoming numerous. The huckleberry crop will be a fair one this year. They are selling at five and six cents per quart. A bush meeting will begin at Houserville, on Thursday evening of this week and continue until Wednesday of next week. Dr. Christ, of Lemont, has gone to California as a delegate to the National Encampment of the Grand Army of the Republic. About a hundred and twenty-five tickets were sold at this place for the excursion to the band picnic at Spring Mills on last Saturday. Messrs. Ike Harpeter and James Gregg, of this place, are attending the National Guard encampment, held at Roaring Springs this year. The Methodists of Bellefonte expect to have a picnic at Dale's Summit on Thursday, 22. It was postponed one week on account of rain. Carpenters are busy putting on the finishing touches of the woodwork of Dentist Hosterman's house. His home is quite an improvement. John Harper down the way is on the sick roll, and Cal is putting in a hand in the harvest field along with looking after the prothonotaryship. Early peaches have made their appearance in our markets. Little, green and hard, every one guaranteed to give you a pain in ten cents a dozen. Mrs. Fischer, wife of Rev. Fischer, has left for Summer set county on months visit to her parents, accompanied by Mrs. Wm. Wolf. May they have a pleasant time. And now gold has been found at Westport, Clinton county. Bully for Clinton, she can now afford to let Centre have the congressman and senator and pay all the campaign expenses. The temperance lectures on last Wednesday and Thursday evenings were attended by a fair number of our town people. The women as usual were in strong majority on both occasions. The proceeds of the band festival at Linden Hall amounted to about seventy dollars. The rain in the evening kept many away and made the receipts some what smaller than was expected. Mr. D. F. Luse is at present engaged in frescoing the Methodist church at this place. We took a "peep" at the ceiling the other day, although not finished we predict a fine job. Mr. Luse is a good workman and understands the business. Huckleberries are very plenty in some parts of the mountains bordering our valley. Hundreds of bushels are brought in to the stores at Spring Mills, where they are sold for five cents per quart. One man we are told has already picked forty bushels. The Presbyterian Sabbath school of Bellefonte, had a picnic in the grove about a mile this side of Linden Hall on Friday. The party filled six cars and had their baskets filled with goodies. With swings and other amusements little and big seemed to enjoy themselves. On last Friday afternoon quite a number of Centre Hall folks were fooled to Bellefonte to see a poor game of ball between the team of that place, and Williamsport. The score was 24 to 8 in favor of the latter team. The main feature of the game was the poor playing of the home team and the treatment they received from the Williamsport boys. Last Sunday we saw our jolly station agent walking down street with a broad grin on his face and looking as though he had lately fallen heir to a cattle ranch or gold mine in the West. We asked him what happened. "Oh," says he, as his face grew brighter. "A little fellow stopped at our house this morning; he is a big fat bouncing boy with black hair, black eyes, red cheeks, and is the very picture of his papa." Mr. W. W. McLaughlin and wife left for their home in Illinois, last week. Mr. McLaughlin is a first-class miller and for several months past, had charge of the roller mill at this place. His work was so satisfactory that the mill was able to compete with the best and succeeded in building up a large trade in different parts of the state. He expects to take charge of a new mill with a capacity of four hundred barrels per day, in Illinois.

From the Milton Economist: During the severe thunder storm Wednesday evening, occurred among other casualties the following: The wife and daughter of Mr. Samuel Beck, a farmer living in Union county, five miles west of New Columbia, were milking the cows when a bolt of lightning struck the cow which the wife was milking, killing it instantly; the wife was stunned by the shock. Another cow which the daughter was milking was knocked down but sprang up immediately, the daughter was injured but how much has not yet been ascertained. Both ladies are under medical treatment. We are in receipt of a catalogue of Banker Hill, Ill., Academy, a flourishing institution, of which Rev. S. L. Stiver, A. M., formerly of Potters Mills, is principal. Zion's Herald, edited by Rev. S. G. Shannon, Sunbury, No 2, for July, is on our table. An interesting little monthly, upon which we congratulate our former townsman. The Lutherans of Sunbury, the largest congregation in town, Rev. S. G. Shannon, pastor, will soon commence the erection of a new house of worship on Market street. They have a large church, but its location in the lower yard of the Pennsylvania R.R. where engines are continually shifting, brings annoyance to worshippers. Michael Swartz writes the Reporter from Stephenson Co. Ill., July 10: Henry Keen was visiting at my home for the last month, and has left for Lee County, to see his cousin, from the 10th of July. He expects to arrive home about the middle of August. Crops are good; corn looks well, the appearance is better than for many years. The corn is about two weeks earlier than last year. Mr. John Slack and Levi Stump, across the valley, cut 36 acres of wheat in 2 1/2 days, and put in 20 loads of hay in one day, which shows that the men who can do a big days work are not all dead yet. How is that for high, Johnny? John Emerick, a young man aged 16 years, was drowned in the river at Karihans Saturday evening. He was in company with several others and going to meet the schute was sucked in by the reaction, and drowned before assistance could be given. Others in the party made narrow escapes. The stone mansion house at Boiling Springs, belonging to Mann's has been sold to Daniel Garman, of Bellefonte, for \$1450. Cheap. The wife of Jacob Breon, of Penn township, fell from a cherry tree, one day last week, and broke one of her arms above the wrist, and received other severe bruises. Mrs. Breon is recovering from the fall. The merchants of Union county held a preliminary meeting at Lewisburg to adopt measures looking to the enforcement of the law governing hawking and peddling in the county, and organized a merchants' protective association. The barn on the farm of J. T. McCure, in Union twp. Millin Co., was struck by lightning on Friday night, 9th and burned to the ground, with 32 loads of hay and 5 loads of wheat and 30 bushels of old wheat in the granary. Mr. Richard Young, the tenant, lost his smoked meat, nearly all his farming utensils, including a wagon, which was in the barn loaded with wheat. The few who have responded to our notices for money have our thanks; now let the rear come forward, it is by far the larger part, and we need the needful. The lever of a brick machine which halted in town the other day, accidentally sprung from its fastening and took ex-sheeriff Spangler back of the ear in a manner to see all the stars and several comets for a few moments. The Gazette is playing a feint with one of the Democratic candidates. The thing is too thin—that that Republican sheet wants a weak Democratic ticket so it can raise the cry of "Rats" and "Bohemian oats." Mr. Newton Bonse, son of Rev. Bonse, formerly a pastor of the M. E. church at this place, paid the town a visit on last Sunday. He is at present clerking in Zeller's drug store Bellefonte. At the communion services held at Spring Mills last Sabbath, the Rev. Dr. Wilson, of New York, preached the sermon—to the profit and pleasure of his many friends. On last Friday Mr. Stewart moved his brick machine from Millheim to Dale's meadow below Pleasant Gap. The machine is one of the latest patents and is capable of turning out eighteen thousand first-class brick per day. Dry clay is used and after leaving the machine the brick are ready for the kiln which is a great saving of time and labor. AARONSBURG.—Luther Stover, has been seriously ill from typhoid fever, for several weeks. Mrs. Emmann Etlinger is very feeble and supposed to be near her last days. Mrs. J. G. Meyer has been suffering from a fall, and is unable to leave the house in consequence. Our people have sort of split as to manner of a centennial—not to have it would be a great disappointment to many abroad. There will be a meeting of Centre County Pomona Grange at Centre Hall, on Tuesday August 3. J. A. KELLER, J. C. GILLIAND, Sec'y. Master. Dr. Rob. Hayes, one of Bellefonte's young and promising physicians stopped in our town a few hours, one day of last week. The Dr. has been taking a pleasure trip with horse and buggy the last two weeks and was on his way home. He reports having a fine drive and a very pleasant time. FROM MR. WALKER. S. E. Walker, of Nittany Valley, and husband of the lady who died from the effects of injuries inflicted by a bull tramping her, writes and says the published reports of the terrible affair were misstated in some particulars. Mr. Walker's version is, substantially: The bull did not chase the woman, but hearing her coming behind him, and being blind of one eye, was startled and turned quickly, knocking Mrs. Walker down. It was then that the animal pawed her, inflicting the injuries which proved fatal. He says that the bull was not a cross or vicious animal but as docile as a cow. Mrs. Walker died peacefully and her death is much regretted by all that knew her. Clothing to suit all classes—suits for farmers, mechanics, laboring men, lawyers, doctors, preachers, and boys, at the Philad. Branch, headquarters, and where you invariably get a suit at from \$2 to \$10 less than at any other store, Call at Lewins' and satisfy yourself of the truth of this fact. George Campbell, Hopkinsville, Ky., says: "Barlock Blood Bitters is the best preparation for the Blood and Stomach ever manufactured."

HARVEST HOME AT SPRING MILLS. The harvest home at Spring Mills on last Saturday 17 held under the auspices of the band of that place, was larger than had been expected. An excursion train was run from Bellefonte in the afternoon and returned in the evening at 10.50. Every station along the line had some representatives aboard and by the time the train had reached Centre Hall standing room was only left for the crowd that got on. The Logan Hose company of Bellefonte in full uniform and the Zion band accompanied them. Upon arriving a parade was formed which passed thro' the principal portions of the town and returned to the grove, a short distance below the station where festivities took place. A game of ball was played in the afternoon by the Lemont team and a picked nine from Spring Mills and Bellefonte. Score, 8 to 9 in favor of the latter. The remainder of the day was spent in various amusements, dancing, racing, etc. The Bellefonte boys had a big time and seemed to enjoy themselves. Rain in the evening kept many away, but on a whole it was a success and the band no doubt realized a fair sum. Nights and mornings still continue cool with us. Prof. Bitner and family, of Kutztown, are visiting at J. D. Murray's, parents of Mrs. Bitner, in this place. The wheat crop is harvested, and will pan out a trifle better than expected but at best will be short enough. The celebrated Regulator Cook Stoves with high pipes, and, without doubt, the best, heaviest, largest and most convenient cook stoves in the market. McFarlane of Bellefonte, have only a limited number at reduced prices. Messrs. Charles and Michael Dertine are home from Lewistown to spend a few days with us. Mike is learning photography under his brother Charles who is considered an expert in the business, and receives good prices for his work. Chas. is an old tyro of this office and has not lost the art as he handed himself in good style the other day in "setting" law lines for us. On Tuesday of this week, Messrs. Harry Bush, John Bullock, Harry Jenkins and Geo. Meek, some of Bellefonte's representative young men gave a call. They accompanied the Methodist picnic of Bellefonte as far as Linden Hall and then took the regular train for this place. Of course they didn't leave the town without first calling on some of our young ladies. Mr. Blanchard who has been stopping at the hotel for several weeks, left accompanied by his wife on Tuesday last for some part of the west. Mr. Blanchard was interested in the automatic fence machine patent and expected to have his machines manufactured at this place but has since changed his mind—another opportunity lost. A fellow told us that nearly all the Good Templars were fall at their "jamboree," on Tuesday evening, but we don't believe it. About fifty English sparrows were killed on Tuesday evening by shooting fine shot into the top of a tree in front of Mr. Smith's house where they are accustomed to congregate at night. They are said to be a fine dish when properly prepared. Quite a large delegation from Bellefonte attended a meeting of the Good Templars at this place on Tuesday evening. Rain set in on Tuesday night, with more to-day, Wednesday. One of the workmen at Hayett & Livingston saw mill about three miles west of Centre Hall, named Barger, had the thumb of one of his hands cut off between the two joints, by coming in contact with a saw. He was brought to Dr. Jacobs for treatment who found it necessary to perform an amputation at the joint, near the hand. You save at least 25 to 30 per cent. in the purchase of ready-made clothing at the Philad. Branch. Lewins has the largest and best assortment of suits for men and boys in this section of the state. The M. E. Sabbath school of Bellefonte, had a picnic in the grove this side of Linden Hall on Tuesday. The day was fine and a very pleasant time was had. On Tuesday two cows were killed by a special train in the cut beyond Lemont. Col. D. G. Bush, of Bellefonte, has recovered from his recent illness sufficiently to be able to come to our town with a picnic party. The illness of John Harper turns out to be very serious—supposed to be spinal meningitis. If you want a comfortable summer suit, go to the Philad. Branch, and you will find what will keep you cool and at considerable less money than elsewhere. The Good Templars of this place had a very interesting meeting on Tuesday evening. Twenty-four representatives of the Bellefonte lodge, two of Lewistown lodge, Prof. Weber of Neversink lodge, Irvin Pa., and Mrs. McMurray, of the Grand Lodge were present. The session was a regular meeting and members only were admitted. LATE NEWS. The Chicago dynamites are finding the courts a very hot place. The senate, passed the oleomargarine bill by 37 to 24. The tax was reduced from 5 to 2 cts. per pound. Collieries at Mt. Carmel have suspended and 1300 men are idle. Garden City, Kan., July 20.—A severe wind and rain storm struck Lakin, 22 miles west of here, last evening about 5 o'clock, and demolished 20 houses, badly but not fatally injuring some 10 or 12 persons. The storm was not a cyclone, but a heavy straight wind. The card of J. C. Harper appears in another column as a candidate for Prothonotary. Cal was so obliging and efficient when he served the office that he needs no praise, as all know him so well. The sickness of his father requires his presence at the paternal home, and prevents his looking after his chances as a candidate. His friends will therefore see the necessity of putting in a few extra ticks for him. George Campbell, Hopkinsville, Ky., says: "Barlock Blood Bitters is the best preparation for the Blood and Stomach ever manufactured."

THE SNAKE DANCE. An Observer's Notes on the Car. Much of my observation is of course as yet tentative and uncertain. But of the contour I may freely say that I am convinced by every one of many keen observations that the man whose upper ear projects and bends forward is invariably one who is either very tractable, or desirous of learning, or very diligent. Such would be the qualities indicated from his habit of attending or giving attention to what passes around him. He is quick to learn, easy to train, provided his hand is instructed and facile enough to do what is required of him on occasion. On the other hand, the man whose ear buttons back to his head—is close and reserved in his tip and posterior margin, evinces opposite qualities. He is intractable, inattentive, heedless; he is accustomed to hear, it is true, but not to mind what he hears; to allow people's cruel, witty, wise, and trenchant sayings to go unobserved. Nevertheless, such a man may be lured by reason of his being unobtrusive. A good many excellent private servants have such ears, and must habitually be unobtrusive of many things, since so many uncomfortable affairs encompass and engage them that they would become quite miserable were they to heed them all. The pointed ear is the ear of the turbulent, intractable man; who breaks out occasionally in an original vein, and who has his days and hours of uneasiness. The ear rounded in its superior margin by a curved line—is that of the quiet, easy, amiable man.—Henry Clark in Parnocological Journal. Miss Broughton, the noted Novelist. Rhoda Broughton, the famous English novelist, is thin and has hatchet features, but her manners are fascinating in the extreme. She has the unusual power of entrancing men, of whose society she is very proud. She is said, with the single exception of Ouida, to have refused more offers of marriage than any woman in Europe. One of the most famous and richest dukes in England—a member of the prince of Wales' set—has proposed to her a score of times, only to be refused each time, and a sprig of indifference by marrying twice in four years. One wife left him and he abandoned the other. Both are living. A grass widow for the second time, he still perseveres but Miss Broughton considers literature her spouse. She has refused three offers from great dukes, and said so, and a sprig of the Russian royal family, which shows more than ordinary strength of will for an English aristocracy-loving woman.—Chicago Times. Was Not Fun Any More. The police wagon is a recent innovation at Boston. The other day a confederate drunkard who was being whirled along to the station house in one of these vehicles remarked drunkenly: "There ain't no fun in gettin' drunk any more. It's only four minutes from the bar to the lock-up."—Chicago Times. For Marrying Too Late in Life. The other day a retired Russian major, aged 84, was sentenced to three days' arrest at Kiel for marrying too late in life, on contrary to law.—Philadelphia Call. Mr. Mills, the temperance orator, has examined the records in the court-house at Bellefonte, to ascertain the position of Gen. Beaver as a temperance man. Mr. Mills stated in his lecture in this place, a few days ago, that he finds some of the worst cases of applicants for license and violations of the license laws, have been championed by Gen. Beaver. This record runs back a dozen years, and yet Mr. Mills says that Gen. Beaver is being held up as a good enough temperance man by some of the professed temperance folks in the Republican party. Sudden changes of weather produce and aggravate colds and develop dormant conditions of Catarrh. The longer it runs the worse it becomes. Keller's Catarrh Remedy is the great cure for Catarrh. BUSINESS LOCALS. Letter, Scrofula and Erysipelas cured for 25 cents. Dr. Smith's Salve. At drugists. No patent return. FOR SALE.—A new two-story house and lot with stable, at Centre Hall station. Apply to F. Kurta. Steady employment during the next 12 months and salary is offered in another column by the Van Dusen of Geneva. They are an old and reliable firm. IMPORTANT NOTICE.—Persons who have made small subscriptions on account of the Centre Hall Lutheran church, will greatly oblige by paying same if possible, on Saturday afternoon, July 24, when preparatory services will be held. Those having large subscriptions can pay over a portion. Laborers on the church want money and should be paid, hence it is to be hoped that this request will be responded to either on the above occasion or before. Money can be paid over to the pastor, Rev. W. E. Fischer. By request of the Committee. PHILADELPHIA CATTLE MARKET. Beef cattle were fairly active. Extra 5 1/2c, good 5 1/4c, medium 4 1/2c, and common 3 1/2c. Fat cows were dull 2 1/4c. Milch cows were dull at 25c to 35c. Veal calves were dull at 30c. Sheep were in fair request and firm. Extra 4 1/2c, good 4 1/4c, medium 3 1/4c, common 3 1/2c, lambs 3c. Hogs were fairly active at 7 1/2c for Western. STATE SENATOR. We are authorized to announce that C. T. Alexander, of Bellefonte, will be a candidate for senator, subject to Democratic rules. CONGRESS. We are authorized to announce that J. L. Spangler, of Bellefonte, is a candidate for Congress, subject to Democratic usages. We are authorized to announce that L. W. Shaffer, of Bellefonte, is a candidate for Prothonotary, subject to Democratic usages. We are authorized to announce that Aaron Williams, of Bellefonte, is a candidate for Prothonotary, subject to Democratic usages. We are authorized to announce that J. C. Harper, of Bellefonte, is a candidate for Prothonotary, subject to Democratic usages. We are authorized to announce that J. C. Meyer, of Bellefonte, is a candidate for district attorney, subject to Democratic usages. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Bradford Centre Hall. In this age of adulterated goods it is a pleasure to find an article that is absolutely pure. Such an article is Dreydopp's Borax Soap, and the price is so reasonable that there is no excuse for anybody using common adulterated soap. I had given myself up as lost on account of inherited scrofula. Tried every thing for purifying the blood without benefit until I used Parker's Tonic, and can truthfully say that it has cured me. I still use it for its splendid effect on my general health. H. K. Lynd, Chicago, Ill. "Her features are not attractive, yet what an attractive face she has." It is her beautiful hair. Once it was thin, grayish and fading. A few bottles of Parker's Hair Balsam wrought the transformation. It will do as much for anybody. SCOTT'S EMULSION OF PURE COD LIVER OIL, WITH HYPOPHOSPHITES As a Remedy for Palmonary Affections and Scrofulous Diseases. Dr. Ira M. Lang, a prominent physician in New York, says: "I am greatly pleased with your Emulsion. I have found it very serviceable in above diseases, and it is easily administered on account of its palatableness." To clear stock for this season, I will sell my stock of Canaries, Red birds and Goldfinches at almost cost. This is a good opportunity to secure a fine singer at a small cost. J. D. MURRAY.
