bear them impatiently; so long as noble aspirations, eager for conquest, stir reason.

CONGRESSMEN'S HABITS,

Senators and Representatives Who Indulge in Smoking, Chewing or Snuffing.

I was surprised one day in the White House to see Senator Edmunds take out a package of fine cut chewing tobacco and put a good-sized quid into his mouth. I thought that must be due to the order said to have been issued by the President prohibiting smoking in the White House. But upon inquiry I found that the report about such an order having been issued was a fiction. Smoking goes on in the White House the same as ever. It was due to the force of habit that Mr. Edmunds took out his tobacco pouch, as he is an inveterate chewer. On inquiry I found that of the seventy-six Senators fourteen chew tobacco, and fifty-eight use it in one form or another, while of the three hundred and twenty-five members of the House only a few abstain wholly from tobacco. Over half the Southern members both smoke and chew. In the Senate those who chew tobacco are Beck, Call, Edmunds, Fair, George, Harris, Hearst, Jones, of Florida, Logan, McPherson, Mor-Whitthorne and Wilson, of Maryland. Nearly all of them smoke also. Mr. Wilson uses snuff, as does "the patriarch," Brown, of Georgia. Captain Bassett, the venerable door-keeper, 18 an expert on the question of snuff, and he purchases it in quantities and fur-

Senators Morrill and McPherson do cigars; that is, they cut up cigars for the purpose, and one cigar serves either occasionally biting off a "chew." Mr. Vest was formerly a confirmed smoker and chewer, but after a severe illness The other Senators who do not use tobacco in any form are Aldrich, Blair.
