Usually develops in early life, and is a peculiar morbid condition of the system, usually affecting the glands, often resulting in swellings, enlarged joints, abscesses, thickening of the lips, enlarged neck, sore eyes. A scrofulous condition is often hereditary, but bad diet, too free use of fat meats, bad air, want of sunshine and nourishing food will induce it. Some people are troubled with scrofulous swelling of the glands, and with ulcers and kernels, which may cause very little pain; others may have inward scrofula, scrofula of the lungs, scrofula of the spleen, scrofula of the kidneys, and scrofula of the bones. BUR-DOCK BLOOD BITTERS will drive away any case of scrofula and not to appear in another place, for their action on the blood and bowels will carry the disease entirely from the body.

\$2.50 Did It.

matism, but all to no purpose, until they tried the RUSSIAN RHEUMATISM CURE, which costs two dollars and fifty cents. They say it quickly and completely cured them, and that they have since had no return of Rheumatic trouble.

gince had no return of Rheumatic trouble.

We publish a little pamphlet (sent free to any address) giving their testimony just as they gave it to us; but if you have any doubts about the matter, write any of these Relieved Rheumatics, and get an expression from them:
