We believe the RUSSIAN RHEUMATISM CURE has real, genuine merit. It is this faith which has led us to put our money into it so liberally. We have put more into it than money could not buy the fair name we have gained by twenty years of honorable business dealing right here on Market St., Philadelphia, and yet so great is our faith in the Russian Rheumatism Cure that we are willing to stake our reputation on it as a safe, speedy and permanent cure for all Rheumatism troubles. Could we offer any better guaranty of good faith? Others besides ourselves have tested its merits, and add their hearty and unequivocal endorsement. We send to all who ask it a pamphlet containing much of such testimony. And yet if you have Rheumatism why suffer one day longer than is necessary. It costs only \$2.50 to be cured, and while you are making up your mind to try it you might be made well.

# A NEW LEASE OF LIFE.

When one has been suffering the agonies of a severe attack of rheumatism, neuralgia or sciatica, and relief comes, it seems as if a new lease of life had been granted. Such have been the feelings of thousands who, after trying physicians and numberless remedies, have used Athlophors and found to their great joy that this medicine really did cure these diseases.

367 Fulton St., Brooklyn, N. Y.

After suffering for nearly two years with a continuous attack of rheumatism, after trying almost every specific, domestic and foreign, which the credulity of a wise man, or a fool, might lead one to trust in, it was a double pleasure to me to find a remedy which, originating in the famous "City of Elms"—the home of my ancestors and its first founders—has proved so invaluable a blessing. It is nearly six months since I was led to trace out the significance of that word Athlophors. It has proved to me, in a good degree, a renewer of my former vigor and strength, so that I have been enabled to move about with almost youthful activity, and to feel, while approaching my "three score years and ten," that I have a new hold on life. I believe your philosophy of the disease to be correct that it has its origin in the blood, and that your remedy touches those joints and muscles, loosening the nodes, which have been brought into subjection to this dreadful disease, and sets them free as no other remedy that I have tried. I have been cautious for so long a time in recommending it to others till I had tried its efficacy in my own case; and I am now free to state the estimate I put upon it, as the safest and most efficient cure I have any knowledge of.

A. B. FARQUHAR.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, etc., Athlophors Pills are unequalled.
