-On that part of the regular Demo-cratic boro' ticket defeated by the Republicans and the kickers, the majority runs from 2 to 20, or an average of about 8. This proves that with a little, effort the work of the treacherous could have been upset. And it proves that without the 28 Republican votes in the boro' the kickers can do nothing. The regular Democrats came out with clean hands and those life-long Democrats who were defeated without cause, can stand it, since treachery and ingratitude were the TWO MILLION FEET OF LOGS CARsole cause of it.

In Centre Hall, the leaders in the movement to break down the Democratic county ticket lest fall, joined in with the Republicans to share the offices with them and defeated a part of the regular Democratic ticket-the third time in succession this move has been made to defeat the regular Democratic nominees with the aid of the Republicans, who are glad to get a large share of the offices. The half dozen persons who have engaged in this work of creating strife among Democrate out of sheer disappoint-
