#### THE CENTRE REPORTER.

FRED. KURTZ, EDITOR and PROP'R

CENTRE HALL, PA., FEBRUARY 23, 1887.

There seems to be a certainty that Speaker Carlisle is to take Manning's place as Secretary of the Treasury.

As to the railroad commission it is believed that Garland will be at its head; Clark, of Massachusetts formerly president of the New England road, is thought to be sure of a place, and Kernan is likely to be the New York member. It is hoped that the president will reserve these appointments until after the adjournment of congress, so that he can appoint Colonel Morri-

Representative Mackin, of Philadelphia on Friday, seems to have detected Clerk Huhn, of most unsavory reputation, voting absent members on the roll call. He was specific in his charges, and to prove them true called the names of nineteen absent members Huhn recording as voting, and none responded. They had gone home. He also offered to produce affidavits showing the members were not present and did not vote as recorded. No more flagrant outrage could have been committed than the one charged to Huhn, and we have little doubt it is true. The House was adjourned by the Speaker in an unparlamentary way, and in disregard of the rules, to get rid of Mr. Mackin's troublesome question. It should not rest here. The Speaker can hardly afford this sort of partnership with Huhn.

#### STATE TAX REVISION.

The tax revision bill introduced in the House by Mr. Foote is the result of the labors of the joint commission of the two houses recently constituted to report a bill at this session, and Mr. Foote reported it as the commission's bill. It was prepared by Rufus E. Shapley, of Philadelphia; Auditor General Norris, ex-Auditor General Niles and State Treasurer Quay and the commission, and retains most of the general features of the existing tax laws, including the tax on bonds, stocks, mortgages, money at interest, etc. The counties collecting the latter class of taxes are by this bill allowed fifty per cent. of the taxes so collected for the expenses of collecting. Heretofore the counties have collected those taxes without any compensation.

The tax on household furnit ure, silver plate, watches and carriages is repealed. The present may chinery is retained for the collection of State taxes and existing compensation is also retained.

#### A TRAMPS CONFESSION.

There is one honest tramp at least. At Easton, the other day, the confession of one saved two men from a term of 10 years in the Eastern penitentiary. Henry Peto and Frank Holland were on trial for a burglary committed at the residence of Thomas Seyfried, a farmer in Upper Nazareth, on the night of December 29, during which a desperate struggle took place. The evidence against the accused was mostly circumstantial, and there were fair chances for conviction. The tide turned when Henry Schultz, a tramp, who was this week sent to prison for 11 months for vagrancy, took the stand and testified that Peto and Holland had nothing to do with the crime. He then without any fear of the consequences, said: "The burglary was committed by myself, Charley Brunner, Postal Young, and another man whose name I cannot remember." The court then, at the request of the district attorney, had the jury render a verdict of not guilty. Schultz will now be indicted for the burglary.

#### WONDERFUL CURES.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by all Druggists.

FREE TRADE. The reduction of internal revenue and the taking off offrevenue stamps from Proprietary Medicines, no doubt has largely benefitted the consumers, as well as relieving the burden of home manu factures. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies; thereby giving one-fifth more medicine in the 75 cent The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and af flicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

#### MORMONS FAR FROM DOWNÇAST

The Utah Press Sneers at the Edmunds-Tucker Anti-Polygamy Bill. SALT LAKE CITY, Feb. 21 .- The Mormon press here displays great hilarity over the passage of the Edmunds-Tucker bill, saying that it will amount to nothing. The Herald gives a long review of the bill, closing in these words: "Altogether, the Herald considers the bill a very great triumph for the people of Utah, and an inglorious defeat for

the anti-Mormon clique. True, the measure is harsh, unjust, and a violation of the theory and practice of republican government in many respects, but it has been so modified since it passed the house, has had shorn off so many of its worst features, that, as one compares the measure as it now stands with the bill which the ring wanted, he must concede that the victory is with the people and the defeat with the rings. Even if the bill becomes a law, it will work few, if any, changes in Utah. The people will still hold their own and retain control of their treas-

The Deseret News, the chief organ of the Mormon church, after conceding the probability that the president will sign the bill, says: "And the jubilation of the motley liberal crowd, which includes all the really criminal elements of the territory, and all the hungry and impecunious office seekers. and barroom loafers is terribly toned down by doubts that possess their disappointed souls. If the Mormons should conclude to take the test oath and vote after all, where would be the fond anticipations of the ex pectant bummers? How much of a bill to take the control of the territory from the majority and give it to the minority would the much vaunted measure be? And, as for its claim of being ahti-polygamy legislation that has vanished with the obnoxious section on which Tucker set his heart and

Edmunds set his heel. "As for the Church of Jesus Christ of Latter Day Saints, the object of the assault, it will remain unsuppressed by this or any other infamous scheme that can be concocted to cripple and destroy it. There is nothing in such futile efforts that can change one of its tenets or take from it any of its powers. It will become more consolidated than ever before because of the outward pressure to which its members are subjected by persecution, and the Latter-Day Saints. or Mormons, whether the bill becomes a law or not, will trust in God, live their religion, pursue their course, and fill their mission in the world fearless of all opposition and regardless of all human At Locust Grove, near Grove & Wolf's consequences. fights in the Quaker city hereafter.

The only woman in this country owning a racing stable, which she manages herself, is Nellie Burke, who is now with her horses in New Orleans. She is a Pennsylvanian by birth, having been born in Bradford. At an early age she was taken by her parents to Flint, Mich. She married and was left a widow at the age of nineteen. Having to make a living for herself, she started a riding school, and has since been in the arnea as a long-distance rider.

RUSHING TO DEATH

in the attempt to swim the Niagara Whirlpool Rapids is no more reckless or dangerous than to trifle with disease which each day secures a stronger hold and hastens the end of life. This is specially true of rheumastism, neuralgia, sciatica, and nervous headache, which though perhaps slight at first are extremely dangerous, and steadily secure a firmer grip until at last the agony is unendurable and sudden death brings relief.

These diseases can be cured by the use of Athlophoros which, in connection with Athlophoros Pills, never fails when prop-erly used. Read the following from those who have tested it.

C. A. Steward, Nelson, Pa., says: "Athlophoros has saved my mother's life. Last spring, two of the best physicians in the county, said she could not live two months. She had been helpless for a year, had to be lifted off and on the bed, limbs all drawn out of shape, cords contracted, flesh sore to the touch, could not be lifted or touched without screaming aloud. The soreness is all gone, the cords relaxed, appetite good, and gaining every day, and I think a few more bottles will cure her."

New Haven, Conn. I had the neuralgia for three months in my face. Went to the doctor; he gave me some medicine to take internally and a preparation of chloroform to put on the outside, but it did not do any good. Could not sleep night or day. Had suffered so much and so long that I was afraid it would drive me crazy. Was told to try Athlophoros by a party it had cured of the rheumatism. After taking part of a bottle the pain all left as by magic, and now I am well, with not a sign of neuralgia about me.

HENLEY MONARCH FENCE MACHINE

COMMON SENSE REASONS WHY THE IMPROVED HENLY \* MONARCH \* FENCE \* MACHINE IS THE BEST AND HAS NO EQUAL.

1 Because the wire is stretched the full length of the field before the weaving is com Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, Because any sized wire can be used, and either 2. 3, 4, or 5 double strands can be used, weaving all with equal facility.

3 Because any size, length, or style of picket, or slat, or board, can be used, weaving fancy iron pickets equally well and solid.

4 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even, level ground; and the machine being adjustable, the pickets are all woven plumb.

5 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.

6 Because any one, man or boy, can operate it, and there are no parts to get out of order and repair.

repair.

7 Because it is made of the best materials, and, with proper care, will last a life-time.

8 Because the price is within the reach of every farmer.

9 Because it is the only machine that forces the slat or picket firmly against the wire, thus securing the slat in such a solid and and permanent manner that it cannot be pulled out, and breakage is impossible.

10 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.

11 Because by weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats to posts, thus keeping the wood parts from coming in contact with each other, it will not hold the moisture or rot. This is a very important matter, as all boards in board fences soon rot off at post, and occasion continued expense for repair.

12 Because all kinds of old material can be used for making new fence.

13 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
