

THE CENTRE REPORTER.

FRED. KURTZ, Editor and Prop'r

CENTRE HALL, PA., MARCH 2, 1887.

They are getting up a Foreaker boom in Ohio, to head off Sherman as a candidate for president.

An Atlanta man who appealed against a fine of \$50 for violation of the prohibitory law was fined \$1,000 in the higher court. We suppose he wouldn't object to having it 'peeled down' to \$50 again.

The ministers of Altoona, of all denominations, have formed an association and published a protest against Sunday funerals. That is right. Let the ministers of this and other places go and do likewise.

We have solved the question of how to dispense with the car stove. Heating cars by steam was tried but an accident up in New England, one day last week, settled that because it proved worse than the stove. The REPORTER needed only thirty seconds to settle the question, viz: Have cars heated by means of hot journals—this does away entirely with oil, fuel and attending stoves. Patent applied for. A life pension from the railroad companies will not be refused.

RAILROAD MAGNATES NOT SERIOUSLY CONCERNED OVER THE NEW ACT.

The other day at Chicago the general managers of the trans-continental railroads began consideration of the Interstate law, and the necessary steps to be taken to meet its requirements. The session opened by the reading of a paper prepared by N. Greene Curtis, General Solicitor of the Southern Pacific Company. The tenor of his article was that the law was susceptible of a liberal interpretation, and if so taken, would not seriously interfere with the operation of the Pacific roads. After the reading of the paper the meeting agreed that nothing could be done toward regulating tariffs, as under a strict construction of the law either the through business would have to be sacrificed or local. It was decided that a committee be appointed to go before the Commission as soon as its members are named, and ask them to make such exceptions as will allow the roads to carry both classes of traffic without loss and without diversion to water or foreign routes. The meeting continued in session for two or three days.

WILKES BOOTH'S SLAYER INSANE.

Boston Corbett, the slayer of John Wilkes Booth, created a sensation in the Kansas House of Representatives a few days ago. At the commencement of the session of the Legislature Corbett was appointed Assistant Doorkeeper. On Feb. 15 he strapped on two revolvers and took with him a box of cartridges. Then, with a drawn weapon, he drove a negro attendant from the Representative Hall. Sergeant-at-Arms Norton attempted to expostulate with him, when Corbett cocked one of his revolvers, and pointing it directly at the officer, told him to travel. Corbett then searched for Speaker Smith, and on meeting a member who somewhat resembled him, was about to fire, when the member threw up his hands and said he was not the Speaker. The member was then permitted to move on. Corbett then took possession of the Speaker's gallery and walking in front of the doors held it during the entire morning session, refusing to allow any one to come near him. Three city policemen were called, but they would not venture into the dark corridor, and the slayer of Booth held possession. At 12 o'clock he sent word down to the House to adjourn or he would come down and adjourn it himself. The House adjourned. Corbett was afterwards captured in the lower corridor, disarmed and taken to a police station, where he is now confined. He will probably be adjudged insane and confined in an asylum.

EXCITEMENT IN TEXAS.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

Trial bottles of this Great Discovery for Consumption free at all drug stores.

THE VERDICT UNANIMOUS.

W. D. Sult, Druggist, Bippins, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of other have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at all Drug Stores.

CARDINAL JACOBINI IS DEAD

Career of the Man Whose Recent Letters Created the Stir in Europe.

ROME, Feb. 28.—Cardinal Jacobini died at one o'clock, Saturday afternoon. [Ludovico Jacobini, pontifical secretary of state was born at Albano, in 1832. At the age of thirty Pius IX. made him one of the *prelati domestici*, and one of the referendaries of the signature. Soon afterwards he was made secretary of that section of the congregation *de propaganda fide*, which is charged with the special supervision of the affairs of the eastern churches. He was subsequently appointed one of the "consultors" at the propaganda, and his particular duty was to examine and report on the decrees and ordinances of provincial synods. In 1867 he was made a member of the preparatory commission, who were charged with examining and arranging the business to be brought before the projected vatican council. When, in 1874, the nuncio at Vienna, Falicelli-Antonacci, was created cardinal and withdrew from the post, Monsignor Jacobini was chosen by Pius IX. to succeed to the vacancy, which was at that time a position of no small difficulty. According to custom, he received episcopal consecration with the title of archbishop of Thessalonica in *partibus orientis*, and was accredited to the court of Vienna. On September 19, 1879, he was created cardinal; but it was judged desirable that he should continue at the Austrian capital in order to carry on the negotiations commenced some time previously with Germany and Russia, and also to regulate the new ecclesiastical arrangements for Bosnia and Herzegovina. But, in conformity with the strict etiquette of the papal court, which forbids a cardinal to hold the inferior rank of nuncio, Cardinal Jacobini, since his elevation to the purple, has borne the title of pro-nuncio. In 1880 he was recalled from Vienna and appointed to the office of papal secretary of state by Leo XIII. He negotiated the Caroline Islands agreement which was signed in Rome in 1885, and he was the mouthpiece of the pope in the recent intervention of the latter in German politics.

Tragedies in Mexico.

ORIZABA, Mex., Feb. 28.—Luis Valdez, a court official, gave a supper to celebrate the termination of his first year in office, to which he asked an old enemy of his, Ignacio Berlin. At the entertainment Valdez became drunk and tried at the point of the pistol to make Berlin, who was a temperance man, drink. On the latter refusing, he blew out his brains. Valdez is now using his court influence to prevent any proceedings being taken against him. At Colorado ranch, Coahuila, an old man named Marcelina Aguilar was captured by bandits, who first roasted him over a fire and afterward cut him to pieces with their knives.

Wimbledon's Rifle Butts Must Go.

LONDON, Feb. 28.—Rifles shot the world over, will be interested in the news that Wimbledon will be abandoned as a place for long range matches after next year. The duke of Cambridge owns land back of the butts which is more or less exposed to dropping fire. He is commander-in-chief of the British army and in this capacity as well as a property holder, he has issued a flat numbering the days of this famous rifle range.

In Pursuit of a French Outlaw.

PARIS, Feb. 28.—A despatch from Ajaccio, Corsica, says that two companies of troops have started for Sartene, where the Bonapartist leader, who became an outlaw after a quarrel with the authorities, has appeared at the head of 100 partisans, intending to address a final summons to the authorities.

Sunk by Collision in the Mersey.

LONDON, Feb. 28.—The British ship Locksley Hall, Capt. Halliday, from San Francisco, came into collision in the Mersey with the steamer Regulus and the ship Brenda and afterwards sank. The Regulus and Brenda were damaged, but not very seriously.

Another Skirmish in Ireland.

DUBLIN, Feb. 28.—A riot occurred at New Ross. During the disturbance a body of 100 policemen charged with batons and bayonets upon the mob, which numbered fully 500. The crowd used stones for missiles, and many persons on both sides were injured.

HEROINE OF THE TRAGEDY.

Miss Mary Anderson Perceptibly Improved but is Very Restless.

MOUNT HOLLY, N. J., Feb. 28.—The report of the attempted suicide of Barkley Peak, who is in jail here on suspicion of having shot his cousin, Mary C. Anderson, is absolutely false. No such attempt was made and the real fact is that Peak still firmly maintains his innocence and seems to be less concerned about the case than are his friends. No one was admitted to see him in prison except his mother and sister, and they were both thoroughly searched by the warden of the jail before they were allowed to enter. All conversation with him is heard and recorded.

Miss Anderson shows a marked improvement in her physical condition, but is remarkably restless and nervous, frequently uttering cries as if in pain. Her pulse is and will give you the best bargains of the season.

A STARTLING FACT.

It is not commonly known that a large proportion of the rheumatism and neuralgia extant is traceable directly to the diseased condition or imperfect action of the kidneys and liver; therefore a remedy which cures the resulting disease must have found and smitten the first cause. Many persons using Athlophoros for rheumatism and neuralgia have been surprised to find that chronic disorders of the liver and kidneys have also been greatly relieved and they have written for an explanation. The fact is, that the remedy acts directly on these organs, cleansing them from all irritating substances and regulating their action. Taken in connection with Athlophoros Pills this is, without exception, the most valuable kidney and liver remedy in the world, and will cure a large proportion of those who have these diseases.

Copake Iron Works, Copake, N. Y.

For the last five years I have been subject to severe attacks of rheumatism which would cause me the most excruciating pain in my chest; was obliged to put myself under the doctor's care for two or three months at a time, and even then it was almost impossible to get any relief. The last time I was taken my son was at home, and I requested him to call the doctor, but he said he had heard of a new remedy for rheumatism called Athlophoros and advised me to try it. I did and you can imagine my surprise, as I did and have not been troubled since. It saved me quite a sum of money, and what is better, I was not obliged to endure weeks of suffering; would not be without it in the house. Have recommended it to others and it never fails to give relief. L. H. PATTERSON.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros, and 50c. for Pills. For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, impure impure blood, &c., Athlophoros Pills are unequalled.
