LOCAL ITEMS.

Bartholomew's tin roof sustained a rip by Sunday's storm.

Witmer Wolf and wife spent Sunday last in Williamsport visiting friends.

Some of our young gents are talking of having a hop in the Foundry hall, next week.

We suppose that up to this time Emanuel Smith has scored about twenty snows for this winter.

W. H. Bartholomew claims that he has one of the finest Hamiltonian colts in the valley; it's a daisy.

Our merchants complain of much petty thieving in their stores; it is said in most of instances they know the guilty ones.

B. F. Bitner writes us from Missouri that farmers out there are plowing ground for oats. That's a little ahead of our farmers.

The fellow who said two weeks ago that the backbone of winter was broken has hidden for fear some one would give him a black eye.

D. T. Wieland of Harris twp. will make sale of his farm stock and implements as will be seen from his adv. in another column of the Reporter.

Eq. Luther Rishel was a looker-on at the Bellefonte fire on Saturday morning. Bet he'll know how to issue on one if it breaks out in his section.

Bellefonters have become so used to fires that the big one on Saturday morning didn't even excite them. There wasn't a drunken man in the crowd.

Every justice of the peace or alderman elected Tuesday of last week, is required by law to file notice of his acceptance with the prothonotary within thirty days. This important matter should not be neglected.

Mr. James Coldren, tax collector-elect, is having the lumber hauled for his house on Church street which he expects to occupy by next fall. There is nothing like having an office and handling "boodle."

Mr. Bartholomew, the enterprising merchant at the depot, thinks that by next winter the population in that part of the boro will be large enough to justify a petition for a new school building in that part of the town.

Stores are getting quite numerous, if it don't have the effect to bring all down to the level of one-horse stores, well and good. There's nothing adds so much to the property and business of a neighborhood as first class mercantile houses, and business heads.

Why don't Bellefonte have a steam fire engine? It strikes us their present system is inadequate to successfully fight a fire when it gets under headway. Fire walls and a calm have played an important part in arresting the spread of fires in that town.

For juvenile cigarette puffers, Centre Hall can compare with any town of its size this side the pyramid. Parents, do you approve of this vile and dangerous as well as health-destroying practice on the part of the youngsters whom you are raising for the presidency and governorships?

Bellefonte came high gaining notoriety for having a slugging match, one day last week. A hall had been hired and the knights of the fist were on hand, but the chief burgess would not allow it to come off. Philo Foster, of Lemont, and Mr. Murphy, we are told, were the ones who sought fame.

Mr. Whit McCormick, our young furniture dealer of this place had a tumor about the size of a walnut removed from the palm of his left hand on Tuesday. Two years ago a splinter from a bedstead penetrated his hand and only a portion of it was removed. A piece about an inch and a half remained and finally formed a hard tumor and gave the young man considerable annoyance. After the tumor was cut out it was opened and the wood found to be well preserved.

The following article from the Altoona Times explains itself. "The reported killing of five men and fatal injury of two others by the fall of a scaffold at Valentines furnace, in Bellefonte, as published in yesterday's Times, turns out to be a canard of the baser sort. All we can say in explanation of its publication is that our informant believed the story and we believed our informant, who, as is now only too painfully evident, was imposed on by a young and vigorous liar, who claimed to have come down with the falling scaffold, but fortunately, or unfortunately, escaped without injury; and more's the pity."

BELLEFONTE HAS ANOTHER BIG FIRE.

On last Saturday morning Reynolds' bank block and Garman's hotel were destroyed by fire. The fire started about 3:30 in Miss Ohnmacht's room on 2nd floor of the bank building and next to Garman's hotel. The lady, it appears, was unwell and got out of bed to heat some water on an oil stove, and went to bed and fell asleep, but was awakened soon after by a suffocating smoke. It is surmised the coal oil stove exploded and set fire to the room. Miss Ohnmacht rushed out and gave the alarm to some ladies who occupied adjoining rooms, and returned to her own but found the fire so far advanced that she was barely able to save a few articles and make her escape in her night clothes.

The alarm soon spread and when the fire companies got on the ground the fire had made such headway that the block was doomed and the main efforts of the firemen were directed to prevent the flames from spreading to the Curad house below and beyond Garman's hotel above, and in this they succeeded. At 6 o'clock a. m. the bank block and Garman's hotel were in ruins.

Reynolds' bank has found an abiding place in the rooms occupied by Judge Furst's law offices.

The losses by the fire are near as follows: Wm. F. Reynolds \$20,000; insurance \$10,000.

Miss Ohnmacht, loss \$1400, covered by insurance. H. Y. Siltzer, loss \$7,000, insurance \$3000. About \$2000 of Mr. Siltzer's goods were saved.

Frank's novelty store, loss \$3000, insurance \$2000.

Miss Stover had a few hundred dollars insurance. Miss Musser had no insurance.

Garman's loss \$8,000, insurance \$4000. R. M. Magee had several hundred dollars loss above his insurance.

A WEDDING.—At Aaronsburg at 5 o'clock Thursday morning, the happy bridegroom was Mr. Will Houser, a clerk in Thompson's store, in Lemont, and the bride was Miss Maggie Lenker, of Aaronsburg. Rev. Mr. Ditzel was the officiating minister. Miss Susie Lenker, a sister of the bride, was the maid of honor, and Mr. A. M. Rishel, of the groom's best man. The wedding couple, accompanied by their attendants, entered the early train and journeyed west for a wedding tour, Upper Sandusky, Ohio, being one of their stopping places. Before departing from Aaronsburg the happy couple and the twenty guests who were present partook of an elegant wedding breakfast. Among the presents received was handsome set of dishes and a \$25 check from the Messrs. Thompson.

Some unknown parties entered Jerry Miller's barber shop at this place on Thursday evening of last week and appropriated everything of value to be found. Jerry had gone to Spring Mills early in the evening and returned about 9 o'clock, during which time the theft was committed. The parties evidently had things down fine as the door was opened by use of a key, which fit the lock. The money drawer was unlocked also, and contents amounting to about \$15 were taken along with twelve good razors and several dollars worth of cigars taken from the case. About two months ago a lot of razors and other articles were stolen from the same place. Jerry says he would be pleased to make the acquaintance of these nocturnal visitors.

Blair county's almshouse contains 87 inmates, while about 150 persons are receiving small monthly benefits at their homes.

Fifty houses for the Bellefonte Iron Co. near their new furnace, are to be built by the first of June. It will be quite a village.

Kennedy unpacked several new organs at his store this week. Musicians pronounce them first class instruments and are sold at exceptional prices.

J. P. Condo, of Spring Mills, illuminated our sanctum with his presence. He is one of the most successful traveling men on this territory, and expects to make a "big run" next summer.

Andrew G. Curtin, Jr., of Bellefonte, has arranged for the erection of a new forty ton furnace, the doubling of the capacity of Curtin & Company's forge and rolling mills, and a largely increased out-put from their iron mines.

On the Vantrier tract near Linden Hall, on which Huyett & Co. recently were lumbering, 3500 cords of wood have been chopped from the refuse tree tops, and will be used for coaling by one of the furnace companies.

The supreme court has decided that polling places must not be held out of their respective districts. This will cause the removal of the polls for northern pr. of Potter away from Centre Hall and of Spring and Benner away from Bellefonte. We always held that such was the intent of the law.

Soils at cost prices are being sold at S. U. Thompson's tailoring establishment. They are kept busy as there is quite a run on the goods offered and a suit is now in the time to get it. They want to reduce stock and offer goods at a sacrifice.

John, son of Alexander Work, of Porter township, Huntingdon county, residing about one and a half miles from Alexandria, in Hartog valley, was very seriously injured Thursday evening while attending to his stock. He was leading a large Holstein bull into the stable when the beast turned on him and ran one horn into his body, penetrating the left breast bone and lung. He is supposed to be fatally injured.

Mr. Daniel Wieland of Linden Hall, last week shipped the first carload of baled hay, east, from this valley. This may be the beginning of a new enterprise which may attain large proportions and will, without doubt, cause the farmer to realize more from his hay crop. We trust Mr. Wieland will find it a success; farmers will see it to their future interest to encourage him. More money for the farmer, means more money for others.

The Willamport "Sunday Breakfast Table" for this week, will contain a sketch of Centre Hall and an engraving of one of its prominent buildings, with notes taken by the racy editor, Mr. Lenhart, while on a ramble through this section. Mr. Lenhart was much pleased with our town and his sketch in this week's number will be readable, no doubt, and be a desirable copy for all to be mailed to friends at a distance. On sale Saturday evenings, Simon Dinges, agent.

IT WILL PAY EVERY Intelligent mother in the Land to Read this Generous endorsement from the wife of the late Matthew Simpson, D. D., LL. D., Bishop of the Methodist Episcopal Church.

Rev. J. Henry Smythe, D. D., Editor of "Sunshine for Little Children." My dear Friend—I rejoice to know that so many mothers and children are being taught the inestimable value of Mellin's Food, and I trust that your efforts may result in placing it permanently in every household in the land. Truly yours, ELLIEN H. SIMPSON.

LICENSE REVOKED. The hotel license of Wm. S. Musser of Millheim was revoked, on Wednesday at argument court, for violation of the license laws. At a previous term Mr. Musser pleaded guilty, and the sentence was deferred, and on Wednesday the matter was taken up by Judge Furst and the license revoked. This leaves Millheim without a licensed hotel.

Garman's hotel will accommodate its boarders in the annex and at the down town residence, and proceed at once to erect a new hotel on the burnt site.

L. T. Munson, says the News, was in an upper story of Garman's hotel, when part of the brick work near him fell striking him in the back and almost forcing him to the floor. The fire burned his left ear and removed part of the hair from his head.

Subscribers paying the Reporter in advance can retain 50cts of price in lieu of the 2 and 3 months premium heretofore offered, or receive 3 months extra as they may choose.

Mrs. Sarah Williams died at Lemont on Monday, aged 87 years.

The fact that S. U. Thompsons buy no second class goods or handle old styles makes their house the leading tailoring establishment in Bellefonte. They employ expert cutters and the best workmen and do first class work. They never disgrace a man by ill fitting clothes, and a good fit is what every one gets who leaves his order. Their furnishing department is complete in every particular.

COBURN.

A. M. Grenninger moved to Sugarvalley on Tuesday on his father's farm, he also intends moving his saw mill over there in coming summer.

Dora Casler will occupy the house that Grenninger vacates. Casler will saw for H. and W. W. Whitmer on the new mill at this place which will be ready to run in a few days if the weather is favorable. It is rumored that Sam Ulrich has invested in the lumber business with Whitmer Bros. as a silent partner.

Jacob Whitmyer intends giving up housekeeping and will have sale on the 19th. Jerome Stambach has rented his property.

Our obliging clerk at the RR station, Mr. G. R. Stover, left yesterday for Montandron. The company transferred him to that place. Hope it will be a benefit to both the Co. and him. Sorry to see you leave Bob, but doubt it will be to your benefit. No doubt Mr. Kremer will miss him as he is left alone for the present and will keep him very busy as there is a large amount of business done at this station.

David Ertle, a well known citizen of this twp. was buried last week, aged 54 years. He was an invalid for about 7 years, having no use of his limbs, by paralysis.

The election passed off very quiet. The only stand taken was on school director. Some of our citizens elected against our candidate here and had 2 directors elected from the upper end of the twp., so our district will be without a director, which I think is entirely wrong. The kickers circulated that our candidate here intended to go in for a new brick school house which was a falsehood from the start, but a larger house we should have as our present school house is not large enough for all our scholars now and the seats were were it for children to sit in. It seems that some people will work against their own interest and the interest of the place and community. This township elected a man for an office in the township that is not a resident here and won't move in the township till April 1.

On Friday J. K. Hosterman's team, of Brushvalley, run away. They started from Whitmer & Lincey's scales with a small load of coal and ran as far as Jonathan Dinges' where they were stopped, having done no harm. Kenben Harter's team broke loose at Vonada's store, were frightened by the plowing mill, and ran up the Creek road at a lively rate, but were caught before they got home. No damage done. Al, you had better watch your team a little, after this, then you needn't walk home. o.k.

MILLHEIM. Sleighing is good.

Mr. Editor, don't you think it a mean trick for a young man to disappoint his best girl on Saturday evening just because it snowed a little? Well, just such a fellow the Dude is acquainted with. LINDEN HALL DUDE.

WHAT TRUE MERIT WILL DO. The unprecedented sale of Bache's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts. large bottles.
