CENTRE HALL, PA., MARCH 23, 1887.

There is a great temperance revival in Elmira, and over one hundred persons

have taken the pledge.

Colonel V. E. Piolett was a soldier in the Mexican war and will become a pensioner under the recent act.

No bill before the state legislature in years has attracted so much attention from the press and the people, as that of Mr. Beecher's teaching was forgiveness. for the protection of women. The bill that allows women to "protect their husbands" when they get in debt might be repealed, however.

The extent and due effects of the Texas drought may be imagined from the report of the drought committee appointed by the Legislature. They find that there were 27,750 people in the drought district | The other men took their cure and went needing assistance and among whom they distributed the \$100,000 approprai ated by the Legislature.

The New York Sun last week began issuing a penny daily, the Evening Sun, which is spry, newsy and full of vim editorially. The first issue was a success. The Sun now prints two dailies-morning and evening. We would suggest the one be called the Rising Sun and the other the Setting Sun. Both "shine for

Representative Woodward introduced DR. M'GLYNN AND THE VATICAN a resolution into the House favoring the erection of the new State Capit I buildings at Bellefonte, because of its geographical centre. The REPORTER some six years ago was the first to suggest Bellefonte for this purpose. Whiskey over there is as good as anywhere in this trip is that he is now seriously meditating commonwealth.

Jeneva Lee Stoner, of Lancaster committed suicide by taking a dose of "Rough on Rats," The girl sometime ago threatened to take her life, and her reason was that she was not allowed out in the evenings.

A good many girls have found out in after life that it would have been better to poison themselves than having been out so much at night.

GOV. BEAVER FACES A DILEMMA.

Gov. Beaver has been placed in an exceedingly embarrassing position from which he cannot extricate himself without incurring the enmity of prominent Republicans. The Legislature has passed a Traction Motor bill, which, if it becomes a law, will give unlimited power to street railway monopolies in Pittsburg and Philadelphia. Quay, Chris Magee and other Republican bosses, for whose benefit the bill was passed by skillful lobbying, but the Governor's signature is required to make the bill a law. Upon learning the extraordinary power the monopolists would have, men prominent in politics and business in Philadelphia sent a petition to the Governor not to sign the bill. If he makes it a law he will show that the collar of the bosses is about his neck, and if he vetoes it the political wire pullers, headed by Quay, will swamp his boom for the United States Senate. Gov. Beaver's ambition is to succeed J. Donald Cameron.

GOOD RESULTS IN EVERY CASE.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn.. writes that he was seriously afflicted with a severe cold that settled on his lungs, had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely agred by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery.

Trial Bottles free at all Drug Stores.

DIED IN VIRGINIA.

Farmville, Va., March 21. MR. F. KURTZ: -Mr. Elias Hoy died on February 14, aged 60 years, 1 month and 23 days, was buried on the 16th. Died of consumption and bronchitis of the throat. He was a native of Centre co. Pa., moved to Cumberland co, Va., about 12 years ago, at which place he since lived. He was a consistent member of the M. E. church, until God called him home. He was beloved by all who

THE EMPIRE NEWS CO., Syracuse, N. Y.

Rev. John W. Malcolm Preaches in Plymouth Church-References to the Dead. BROOKLYN, March 21 .- Rev. John W. Malcolm, paster of the Park Congregational church in Seventh avenue, Brooklyn, preached in Plymouth church. Rev. Dr. Lyman Abbott was too ill to undertake the work. The church was comfortably filled, but there was a noticeable absence of strangers, the faces being the familiar ones of the regular congregation. The usual singular decoration of calla lilies and green plants stood near the pulpit, Rev. Mr. Hal-

liday made the opening prayer, and alluded feelingly several times to the dead pastor. Mr. Malcolm preached a practical sermon urging growth in christian works and christian spirit. His personal grief at the death of Mr. Beecher, Mr. Malcolm said, was very great. The underlying principle More benefit could be conferred through this trait than through any other. This was exemplified in Christ's life. It was more potent for good than riches. The rich were ready to alleviate the physical wants of the world. They 'give bread to the poor, erect colleges and hospitals, and stop there, thinking that their duties to their fellowmen have been properly discharged. It was a bad practice and few were helped by it. Only one of the nine lepers whom Carist healed came back to thank him. away ready to take anything else that came along. If Christ had gone over the world and broken the chains of all the prisoners, Mr. Malcolm said, ninetynine out of every 100 would have fallen into prison again in the next ten years for their own sin and wickedness. The work that was lasting and bore fruit was the work that touched men's souls. In this work Mr. Beecher spent half a

Rev. Dr. George E. Reed of the Hanson Place Methodist church preached in the evening. Dr. Armitage, Baptist, will occupy the pulpit next Sunday morning. There will be a prayer and conference service in the church this evening.

It is Said He has Reconsidered and is Ready

for the Journey. New York, March 21.-Dr. McGlynn bas not yet gone out of the city to take the rest of which he has felt so much in need, and there are good grounds for believing that the reason for the postponement of the a much longer and infinitely more important journey-a journey to the Eternal City and

A few days ago he received a letter from Cardinal Gibbons, who is at Rome. In that letter Cardinal Gibbons advised Dr. Mc-Glynn to come to Rome without delay, and assured him that he should have a fair and full hearing of the case he should choose to resent. This advice and assurance, coming from so distinguished and so friendly a source has made a great impression on the octor, and it is among the probabilities that before many days have passed he will be on the ocean, bound for the shores of France, and ready to defend the position he has taken before the pope himself.

Opening the Baseball Season,

BROOKLYN, March 21.-The first baseball game bereabouts this season was played on the Brooklyns' new Sunday grounds, at Ridgewood, between the Munroe and Ridgewood clubs. Although the game was played under the new rules, little can be which prevented the men from playing as they would have done otherwise The Ridgewood club was made up wholly of professional players. Wilson, who caught for the Brooklyn club last fall, did the catching, while Simmons, of last year's Wilkesbarre nine, pitched in very fair form. The Munroes, of course, had small showing against their professional opponents, but considering the unevenness of the teams, they did very well. The Ridgewoods won by a score of 16 to 3.

The President Fifty Years Old. WASHINGTON, March 18 .- President Cleveland is 50 years old. He celebrated the event mainly by attending to public business. Early in the day he received a number of handsome floral tributes, accompanied by congratulations. In the afternoon an unsually large crowd called at the mansion and kept him away from work for an hour. A large party of Buffalo excursionists were among the visitors, and some of them, personal acquaintances of both the president and his wife, were presented to Mrs. Cleveland. Everybody who called wished the chief magistrate a happy birthday and many happy returns.

WASHINGTON, March 20.-The president did not name the railway commission. It appears that Gen. Bragg, of Alabama, who it was almost certain had been agreed upon for a member of the commission, is to be dropped. Charges were made at the White House that he is a communist and had expressed himself very forcibly as favoring communism against the power of corporations. Bragg is strongly indorsed for the position by a large southern constituency.

Gen. Seickles Father Dead. New York, March 19 .- George G. Sickles, father of Gen. Daniel E. Sickles, died at his home in New Rochelle at midnight after a lingering decline, due to his advanced age 87. Mr. Sickles was an historic figure in this city where he was born on September 29, 1800, and where he had voted at every election from James Monroe to Grover Cleveland.

Big Damages Recovered. CAMBRIDGE, Md., March 19 .- Miss Margaret E. Prentice recovered \$10,000 damages in the county court against the Philadelphia, Wilmington and Baltimore railroad for injury received in an accident on that road. The original verdict was for \$12,500. but the court declared the amount excessive, and the plaintiff accepted the lower

A Judge is Suspended. MILWAUKEE, March 19 .- Judge J. K. Bennett has rendered a decision suspending from practice in the state courts, for six months, Judge David W. Small, for neglecting the interests of Mrs. A. K. Jones when acting as her attorney.

Honoring James B. Eads's Memory. St. Louis, March 21.—A largely attended memorial meeting in honor of the late James B. Eads was held at the Merchants' exchange. The floor and galleries were crowded with representative business men and others

Trotter Seriously Ili.

WASHINGTON, March 20.-Mr. James M. Trotter, the newly appointed recorder of doeds, is seriously ill at his boarding house in this city, and his wife has been telegraphed to come to Washington.

Noremac Beats the American Record. Easton, Pa., March 20 .- A six-days' twelve-hour-a-day walking match closed here with Noremac the winner, he having covered 415 miles and five laps. This beats the American record.

prevalent? This question has not been satisfactorily answered, but it is certain but these discuses are not only the most painful but among the most common, and some member of nearly every family in the land is the victim of one of these dread tormentors. Ladies seem to be peculiarly liable to neuralgic attacks, which, in the form of neuralgic headache, pain in the back, or nervous pains are of constant occarrence. Not until the discovery of Athlophoros had any remedy been found for either rheumatism, neuralgia or nervous headache, and they were generally conceded to be incurable, but Athlophoros has been proved to be not only a certain cure for these diseases, in all their varied orms, but a safe remedy. If, in the use of Athlophoros, the bowels are kept freely open, its success is certain, and to aid this, Athlophoros Pills are recommended, which, while providing the necessary cathartic, will be found to be a valuable aid to the action of the medicine. Athlophoros is no experiment, it has been tested and has proved its wonderful efficacy. •

The Athlophoros Pills were originally prepared as a remedy for use in connection with Athlophoros, for rheumatism and neuralgia and kindred complaints. Used in connection with that remedy, they are a certain cure for either of these very common and distressing diseases. They have also been found to be an invaluable remedy for any and all diseases arising from vitiated blood or general debility. They are especially valuable for nervous debility, blood poisoning, dyspepsia, distress after enting, headache, constipation, loss of appetite, and all stomach or liver troubles. For diseases of women they are invaluable These pills are perfectly harmless and may be safely used by adults or children. Testimonials of those who have been cured will be sent free on application.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist, the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c. for Pills.

A CARD.

THE IMPROVED HENLEY MONARCH FENCE MACHINE.

COMMON SENSE REASONS WHY THE IMPROVED HENLY . MONARCH . FENCE . MACHINE IS THE BEST AND HAS NO EQUAL.

1 Because the wire is stretched the full length of the field before the weaving is com 2 Because any sized wire can be used, and either 2. 3, 4, or 5 double strands can be used, 2 Because any sized wire can be used, and either 2. 3, 4, or 5 double strands can be used, weaving fall with equal facility.

3 Because any size, length, or style of picket, or slat, or board, can be used, weaving fancy iron pickets equally well and solid.

4 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even, level ground; and the machine being adjustable, the pickets are all woven plumb.

5 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.

6 Because any one, man or boy, can operate it, and there are no parts to get out of order and

7 Because it is made of the best materials, and, with proper care, will last a life-time.

8 Because the price is within the reach of every farmer.

9 Because it is the only machine that forces the slat or picket firmly against the wire, thus securing the slat in such a solid and and permanent manner that it cannot be pulled out, and breakage is impossible. securing the slat in such a solid and and permanent manner that it cannot be pured out, and breakage is impossible.

10 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.

11 Because by weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats to posts, thus keeping the wood parts from coming in contact with each other, it will not hold the moisture or rot. This is a very important matter, as all boards in board fences soon rot off at post, and occasion continued expense for repair.

12 Because all kinds of old material can be used for making new fence.

13 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
