INSIDE PAGES.
We would call the attention of our readers to the inside pages of the Reporter which contain excellent reading matter, of interest to all. Over three columns are devoted to the "News of the Week" in which all the happenings of importance are chronicled in tangible form. One column of "Fashion Notes" giving valuable suggestions to the ladies. "Horse Notes," "Farm Notes," etc., also an entire page devoted to sacred literature. On this page will be found each week a sermon by Dr. Talmage, and two columns devoted to the study of the Sunday school lesson for the coming Sabbath. Dr. Talmage is one of the leading divines of the day, and his sermons, which are packed with rich truths, culled from the Scriptures, are read over the entire land.

LOCAL ITEMS.
—Candidates can get a few valuable "pointers" by calling at this office.
—Mr. James Ruble flitted to town on Monday, and occupies the house vacated by Arthur Kerlin.
—Will Shirk moved the shop vacated by McCormick Bros., to his lot on Monday, where it is to be used as a meat market.
—Mr. Henry Meyer, one of Linden Hall's old and respected residents, is able to be about again, having recently been quite ill.
—Dr. Jacobs has a bevy of carpenters at work on his lot putting up a building for a henery, and is going to raise chickens on a large scale.
—Mr. Philip Dale, who has been engaged in lumbering at Spring Mills for several years, moved back to his farm near Lemont where he will follow agricultural pursuits.
—Station agent Katherman and family left this week for Millburg, to attend his sister's wedding. Mr. G. A. Stover, of Coburn, is overseeing the station while Arb is away.
—Mr. Archer, the mercantile appraiser, is now at his work, and gave us a call. He is a competent person for the work, and quite a pleasant and intelligent gentleman.
—Mr. Joe Markle, working on Hayett's lumber job, had one of his feet badly crushed a few days ago, by a wagon laden with lumber passing over it. The mishap was very painful and will disable him for a time.
—Sunday last was the first real spring like day for this season. The day was bright and the sunshine was mild and pleasant. The bees embraced the opportunity and held a buzzing concert on a budding tree near our office.
—Henry Bover, of Rebersburg, has now closed his 13 year old farm in old Democratic patriarch, and in fair health yet. He attends church regularly Sundays, and is able to stroll around Rebersburg to chat with neighbors. May many years be in store for him yet.
—The Presbyterians are again agitating the building of a church in this place. Hope they will, as it will, no doubt, be a handsome one, those people being so able for it. It would be quite an addition to our town, and there is material enough for a fine congregation.
—Cyrus Brumgard, of Wolf's Store, is improving from the trouble in his face caused by a cut while being shaved. David Finkle, of Gregg, is on a fair way to get well from the operation upon a large tumor on one of his thighs. Jerry, Eckinroth, of Pleasant Gap, has had a backset and is quite ill again.
—The grain fields in many parts of Brush Valley do not have a promising appearance. The same may be said of many of the fields in Penna Valley, especially in Potter, Harris and Ferguson. Farmers who had a short crop last year, will find it doubly severe to be visited with a failure this year.
—Michael Derstine, who served 17 years as superintendent of the Lutheran Sabbath school, of this place, at the annual election on last Monday evening, insisted upon being excused to serve longer, preferring to labor in the school in the capacity of a teacher. The school has prospered under his care, and his interest in the work of the cause was earnest and sincere. D. F. Lutz was elected to succeed Mr. Derstine.
—The principal shipments from Centre Hall are lumber and flour. The shipments of flour have doubled within the last three months. The Calla Lilly brand of flour, made by the roller mill at this place, is so excellent an article, that the demand for it has extended to all towns in Central Penna. It ranks among the best roller straight grades in the United States, and Centre Hall need not feel ashamed of it.

About Printers' Bills.
GIVING 'EM WHAT WAS CALLED FOR.

Extorting from Potter Twp. — Attempt to Swindle the County.
It was observed by all in the last three weeks that the Reporter has been accused of wrong by parties here, via the Gazette, as charging Potter twp. \$15 for advertising the financial statement, and have been asked to explain. Below we give an explanation that will "explain", and as we go along and fire a little hot shot from official figures, among a flock of little foul birds just watch and see 'em drop. Remember, unprovoked we have been falsely accused and defied to explain and quietly let the accusation go up to this time.

It is an absolute falsehood that we were charging the township \$15 for advertising the financial statement, altho' that would not be too high according to average rates all over the country. But, we were offered by the township, and accepted it, \$15 each year, to print the different tickets, four sets, (two sets for each precinct, 2 sets before division), advertise the call for annual audit and advertise the financial statement—six items—for \$15, which was cheap, as our work always is. The fellows who put out a contrary impression knew they lied and lied purposely hoping to do us injury, a work they have been engaged in quite a while. Proof—our day-book shows the above to be a correct statement, and our bills on file with the township auditors bear it out. See both or either.

Chap. 2. Of our unfriendly feeling towards us, and listening to mischief makers' advice, for which we gave no cause, the statement for Potter tp. last year, was not advertised in the Reporter, but, without notice to us, it was concluded to print it in poster form, and now here is what the statement just put out shows was paid for this job, and as we also understand it from the senior auditor: By cash paid C. Deininger for printing for twp. \$7.00

For printing the financial statement in that form and size, our price would not have been over \$2. Now we will prove this: our books show that we did this kind of work for Gregg township, and here is what our day-book shows:
1881. Mar. 17. Gregg twp. cash p'd
F. Kurtz, pr. aud. report \$2.00
1882. Mar. 27. do do do 3.25

The Gregg report of '82 at \$3.25 pr. by us was over double the size of the one printed by Deininger, for Potter tp., as we understand at \$7.

Then we come to the boro' our bill for printing tickets for '86 and '87 is \$1.75 and Deininger for same years \$3. We make these references simply because liars about us have challenged us and yet endorse us in others that of which they falsely accuse us. There is no escape for the wrong done us, or excuse, for there are our bills before the Auditor.

Chap. 3. We have it straight that an attempt was made to swindle the county out of \$18 in the matter of circulating the financial statement. A circulation of 1200 or 1400 was claimed, at 3cts. per copy, and when the county officials cornered the party on it they dropped 6 or 800 at once to get out of a scrape. Bah! and it wasn't the Reporter, and it wasn't any Bellefonte paper.
Then, again, a bill for \$25 was sent to the Chairman of the Dem. Co. Committee for services, and refused payment because no services were rendered or ordered to be rendered. It wasn't the Reporter that did this; but, on other hand, the Reporter for over 25 years did valuable service for the Dem. Co. Committee and never sent in a bill for a single cent. Again, a bill for \$25 has been sent in to Dem. Co. officers, for support, yet it is notorious that the chap and his standbys tried to elect somebody else. It wasn't the Reporter, for, as we have shown, it charges low and fair prices, as we have proved. This persecution against us is all bred by a little pack of low curs to whom an honest, upright and always consistent paper like the Reporter is an obstacle to bad schemes for themselves. They can be counted on the fingers of one hand. Their conduct to blast our stainless character and ruin us in our legitimate business, runs over a period of several years, a foul conspiracy which we have repeatedly been urged to prosecute criminally, by volunteer counsel, but our good nature still keeps us only on this occasion, the fellows asked us for some remarks. We shan't look for or hear an encore until trout fishing is over, as the speckled beauties are entitled to some of our distinguished attention, and should had luck and wet breeches put us out of humor, we would be in better frame of mind to give these moral lepers a dose.

JOHN DELONG.
The noted John Delong, of Sugar Valley, this county, was in the city Friday, Mr. D. is in his 95th year, but to look at him one would suppose him not more than about 60. He can read without spectacles, has his third set of natural teeth, it is said, and is actively engaged in selling agricultural implements. Go away, Emperor William. Where are you now? Mr. Delong has been a noted man for many years, his great age rendering him a genuine curiosity. Ex Governor Curtin a few years ago went a good distance out of his way just to see him. It is an actual fact that he is in the 95th year of his age—Clinton Democrat.
The above is all true, for we can prove by going back some six years to the Reporter files that Mr. Delong was 95 years old, and we had it direct from the old gentleman.

"ROCHESTER CLOTHING."
You no doubt have heard of this famous brand of clothing. Mr. M. Fauble formerly with S. & A. Loeb, and with whom many of our readers are acquainted, has opened a clothing house in Bellefonte, and makes this brand a specialty. He keeps a full line of furnishing goods for men and boys. Remember his stock is entirely new and everything has the price plainly marked on it.

KILLED AT TYRONE.

Wm. Rote, an engineer on the Tyrone and Clearfield railroad, came to his death on Thursday morning in a very peculiar manner. On his first return trip and when taking on coal in the Tyrone yard from the coal centre, some of the coal covered the tool box and in attempting to remove the same, he made a misstep and fell from the tender, striking his head on the rail of the opposite track, injuring his brain, from the effects of which he died in about an hour's time after the accident.
He was born at Buffalo Run, and was about 45 years of age. He was married to Amanda Corman about 16 years ago and leaves a wife and six children, one child having died.
The body was brought to Bellefonte on the 9.32 train on Friday morning. The funeral took place on Sunday.

THE GHOSTS.

A writer from Pine Creek, near Aaronsburg, states that they used to have a spook there too, years ago, near Winkelbush, where it would come out of a certain field to the road at night, and frighten passers by. It was in the shape of some four footed animal. We remember this fact equally as well as the ones related in last week's Reporter.
What we mentioned in our article on spooks, last week, relative to a teamster having been run over by his wagon and killed, is true. The dead man was picked up on the road by Mr. Michael Hess, father of Samuel Hess, of Pine Grove Mills, who was an early settler, and lived in that section of Haines township. Mr. Hess took the corpse of the man to Aaronsburg in his sleigh. Mrs. Hess was with her husband at the time.

NEW TAILORING ESTABLISHMENT.

Mr. W. I. Fleming has opened a new tailoring establishment in the room formerly occupied by C. Dale, next door to First National Bank, Bellefonte. Mr. Fleming is a first-class tailor and has had years of experience. He opens up a new room, has a new stock of goods for spring and summer, and is prepared to cut and fit them in the latest styles. Mr. Fleming offers special inducements to trade from this section of the county. Young men wanting a fine wedding suit or anything in the line of first class tailoring will find it to their advantage to call on Mr. Fleming as he guarantees a good fit, and reasonable prices.
