The Secretary of the Navy on the 6th invited sealed proposals from the ship builders of the United States for building of five new war vessels.

John Sherman is putting in his best licks for the Presidential honors in 1888, but Jimmy B. has an eye on it too, and

couldn't get off the nest to crow.

The bill providing for repairs at the capitol proposes to connect the two wings with the main building, thereby shutting off the light still more from the dark and gloomy offices in these wings.

tate the action of the government of Russia in declining to take part in the Paris exhibition of 1889. The newspaper organs of these governments maintain that it would be an act of danger to do anything tending to glorify the great revolution of 1789.

A series of new designs of embossed stamps for stamped envelopes of the one two, four and five cent denominations is being prepared in the post-office depart. ment. The head of Franklin has been selected for the one-cent stamp, and the heads of Washington, Jackson and Grant for the two, four and five cent denominations respectively.

The amount involved in the exemption of the manufacturing corporatio ns of Pennsylvania from taxation is estimated Pennsylvania from taxation is estimated by the State authorities at \$300 000. The Philadelphia Record says that about one-eighth of this tax was paid in 1884 by two corporations—the Cambria Iron Company and the Pennsylvania Steel Company. These concerns divided over \$600 000 in profits in 1884 after paying taxes amouniting to \$33,986 into the State taxes amouniting to \$33,986 into the State acting executreasury. They are now begging for exemption from that taxation, and pose in various newspapers as "men of small means, who have clubbed their surplus cash to operate under corporrte auspi-

THE DEMOCRAT WHO WON.

John W. Davis, the democrat who was elected Governor of Rhode Island, must ed. have gone to bed on Wednesday night the most astonished man in New England. To have been elected Governor as a democrat in the rock-ribbed Republican State of Rhode Island was certainly more than he had any good reason to expect. Rhode Island had not elected a Democrat to the Governorahip or any. a Democrat to the Governor hip or any. other State office in twenty-seven-years.

To be the first to break the record is glory enough for an exceedingly good man as Governors go in these days.

The second and final account of Lucinda Runkle, administratrix of, etc., of Hon. John K. Runkle, late of Potter township dee'd.

The account of Edmund Blanchard, executor of, etc., of Mrs. Adaline Harris, late of Bellefonte deceased, as filed by Mary F. Blanchard, administratrix of, etc., of said Edmund Blanchard, exception of the control of the cont

WHAT TRUE MERIT WILL DO. The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the sa'est and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troobles It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary remove the cause of the trouble, heales the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearan e, will save doctor's bills and a long spetl of serious illness A trial will convince you of these facts. Ir is positively sold by all druggists and general dealers in the land. Price, 75 cts. large bottles. PROTECTION IN FRANCE.

The duties on wheat and flour have been increased in France on the demand of the farmers and land owners, as they previously had been on hog products to compensate them for the duties on manufactured goods; but the higher cost of living under the imposts on food has impelled the Paisian artisans to demand the exclusion of foreign mechanics, mainly Italian and German. The Paris workmen say that they have the same right to be protected against competition that the land owners have, and that if they are made to pay higher than natural prices for bread, they ought to have correspondingly higher prices for their

own work. So it goes around the circle. Let our own American farmers who are oppressed and burdened by taxation on every side study this case. Taxation upon articles of clothing on his back or in his house, duties paid upon every dish, fork or spoon upon his table, tariff duties upon every piece of harness and farm implements used by him increases the natural cost of production and decreases the profits of his products in the end.

EXCITEMENT IN TEXAS.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial Bottles of this Great Discovery for Consumption free at all Drug Stores.

DR. H. S. CLEMENS,

between them there will be some fun.

The elections in different states started the roosters a crowing and the fun of it is they were Democratic roosters. At present, our rooster is hatching, and couldn't get off the nest to crow.

36. The first and final account of John B. Linn and Samuel H Griffith, executors of, etc., of Mordecal Waddel, late of Spring township dec'd.

JAMES A. McCLAIN.

JAMES A. MCCLAIN, Register's Office, Bellefonte, Pa., March 20,4887. UTTERLY DISCOURAGED

expresses the feeling of many victims of rheumatism, neuralgia, sciatica and nervous or sick headache. Having tried numberless so-called remedies, and physicians of all schools, without relief, there seems to be no hope. Many such have as a last resort tried Athlophoros, and to their surprise and joy have found that it was a safe, sure and quick cure. Athlophoros is not an experiment; thousands have been cured by its use and they testify as to its value. Shekomeko, Dutchess Co. N. Y. Aug. 20, '86

I took Athlophoros according to directions; it caused a ringing in my ear that was not pleasant, it operated on my heart causing a slower and fainter throb, and constipated my bowels. When the last dose was taken I did not think much of the medicine; the next day my lameness was better, and continued getting less until it left me. My lameness was in my back, shoulders and neck, and had been for eight months. I was advised to try Athlophoros by my neighbor, Wm. Jackson, who had taken a bottle of it for a severe attack of lameness in his shoulder and arm. He said "it drove the lameness right out of me; my head felt strong, and my heart almost stopped beating; I thought I would die, but I came out all right, and have not had any lameness since." Amon Briggs.

Phelps, N. Y., August 13, 1886. I am a practicing physician; I prescribed Athlophoros in a case of inveterate rheumatism of the right shoulder and arm. This case had been of weeks standing-yes months—and resisted medicine carefully selected, also the use of electric treatment. One bottle removed all the trouble. The case remains well, now over a year since using the medicine.

G. C. PRICHARD, M. D. Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlo-phoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athlophoros and 50c, for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequaled.

THE IMPROVED HENLEY MONARCH FENCE MACHINE

COMMON SENSE REASONS WHY THE IMPROVED HENLY . MONARCH . FENCE . MACHINE IS THE BEST AND HAS NO EQUAL.

1 Because the wire is stretched the full length of the field before the weaving is 2 Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, 2 Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, weaving all with equal facility.

3 Because any size, length, or style of picket, or slat, or board, can be used, weaving fancy iron pickets equally well and solid.

4 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even, level ground; and the machine being adjustable, the pickets are all woven plumb.

5 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.

6 Because any one, man or boy, can operate it, and there are no parts to get out of order and Because any one, man or boy, can operate it, and there are no parts to get out of order and

repair.

7 Because it is made of the best materials, and, with proper care, will last a life-time.

8 Because the price is within the reach of every farmer.

9 Because it is the only machine that forces the slat or picket firmly against the wire, thus securing the slat in such a solid and and permanent manner that it cannot be pulled out, and breakage is impossible.

10 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.

11 Because hy weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats to posts, thus keeping the wood parts from coming in contact with each other, it will not hold the moisture or rot. This is a very important matter, as all boards in board fences soon rot of at post, and occasion continued expense for repair.

12 Because all kinds of old material can be used for making new fence.

13 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
