

THE CENTRE REPORTER.

FRED. KURTZ, Editor and Prop'r

CENTRE HALL, PA., MAY 4, 1887.

1887. DEMOCRATIC COUNTY COMMITTEE.

Table listing names and positions of the Democratic County Committee members for 1887, including names like H. Y. Stitzer, Edward Brown, Jr., and others.

If any county can show up more faithful work by its board of commissioners than Centre county—trot 'em out. Without any disparagement of good work done by the preceding board.

AN END TO BONE SCRAPING

Edward Shepherd, of Harrisburg, Pa., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it."

Electric Bitters are sold at fifty cents a bottle, and Bucken's Arnica Salve at 25c. per box by all druggists.

The Pittsburg Post thinks if, as predicted, the new railroads to be laid in the United States in 1887 will aggregate 21,347 miles—there having been 1,000 miles laid during the three winter months—we will have one of the biggest business revivals and booms this year on record.

GOOD RESULTS IN EVERY CASE.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit.

From all sections come cheering reports of good prospects for business and new life infusing into all branches of industry. Only for farmers the outlook is somewhat blue with poor crops and low prices.

For summer silks, satin rhadimeas, summer silk and China silk, go to Lyon & Co.

For all-wool chevot checks and silk mixed cloths, of the best quality, at the lowest price, you will find Lyon & Co., just the place.

Men's working shoes as low as 85c and better goods at slightly higher prices. LYON & CO.

It is predicted that the Star of Bethlehem will appear this year for the sixth time since the birth of Christ.

This star is said to appear directly north of the North Star, and is said to be visible in its dazzling light at noon-day. It is a solar orb, whose orbit is yet uncalculated by an astronomer.

H. K. HICKS & BRO. COMMON SENSE REASONS WHY THE IMPROVED HENLY MONARCH FENCE MACHINE IS THE BEST AND HAS NO EQUAL.

- 1 Because the wire is stretched the full length of the field before the weaving is commenced.
2 Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, weaving all iron pickets equally well and solid.
3 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even level ground; and the machine being adjustable, the pickets are all even plumb.
4 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.
5 Because any one, man or boy, can operate it, and there are no parts to get out of order and repair.
6 Because it is made of the best materials, and with proper care, will last a life-time.
7 Because the price is within the reach of every farmer.
8 Because it is the only machine that forces the slat or picket firmly against the wire, thus securing the slat in such a solid and permanent manner that it cannot be pulled out, and breakage is impossible.
9 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.
10 Because by weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats in posts, thus keeping the wood parts from coming in contact with each other, it will rot, and the moisture or rot. This is a very important matter, as all boards in board fences soon rot off at post, and occasion continued expense for repair.
11 Because all kinds of old material can be used for making new fence.
12 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
