REGULATORS AT PHILIPSBURG. The Law and Order Societiety of Philips burg, Centre county, is going at things with a rush and putting the old "Blue laws" to the blush. Nothing going on Sunday. Barber shops, cigar stores, and even livery stables are closed to the public; and as for getting a drink of intoxicating liquor, it couldn't be accomplished for all the influence and money on earth Sunday papers are all sold either on Saturday previous or the Monday following.

"SEA AND LAND."

An agency for one of J. W. Buel's books is worth about as much as a well stocked farm without any mortgages. He seems to know by intuition what will suit the people, and he writes for the masses. He has never yet written a book that was not a great success; but his latest work, issued by the Historical Publishing Co., of Philadelphia, Pa, "SEA AND LAND," will doubtless excel all his previous efforts. It is a Natural History of the wenderful creatures that live in the Sea and on the Land, illustrated with over 300 engravings and colored plates, and enlivened with stirring incidents and adventures. The Christian Reflector says: "The book is a revelation to us We had no idea that the subject could be treated in such an intensely interesting manner. It is a great work, and we are almost persuaded to turn book agents ourselves and help to circulate it for the good it will do." The publishers offer special inducements to canvassers, students, teachers and others. See advertisement elsewhere.

EXCITEMENT IN TEXAS.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybedy said he was dying of Consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr.; King's New Life pills: by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

Trial Bottles of this Great Discovery for Consumption free at all Drug Stores.

TWO DEATHS.

On Sunday, the 8th inst., Mrs. Catharine Dunlap, mother of Mr. Dunlap, the postmaster at Pine Grove Mills, from the effects of a cancer on her face. She was 64 years of age.

Mrs. Sue Reed, a very aged resident of the same place, died on Friday, May 13. She was the wife of David Reed. One week before her death she was stricken with apoplexy, and her death was caused by that disease. Her age was 94 years, 3 months and 15 days .- News.

The Publishers have aimed to make the June number of the American Agriculturist specially valuable by increasing the number of illustrations and giving ble width Cotton special attention to the great Dairy and Cattle Show which took place in New

York last week. During the continuance of the great Dairy and Cattle Show, the American Agriculturist Monthly, issued a daily paper on the grounds every morning at ten o'clock, of eighteen pages, describing the scenes and incidents from day to day, and presenting illustrations of the various cattle and farm implements as premiums were awarded them. Every number contained from thirty to forty engravings of cattle, etc., etc. It was rather a novelty for the Veteran American Agriculturist, now not far from its

fiftieth birthday. A CARD TO THE PUBLIC.

We have now on hand our full line of spring and summer cassimeres for merchant tailoring, which we are prepared to manufacture into suits at very low prices. We have secured the valuable services of Mr. Jackson, the well known Bee-Hive cutter. He needs no special recommendation, as he has been known here for 14 years or more. We are de-termined not to be undersold and guar-antee all goods to fit or no sale. We claim nothing beyond the fact that we give perfect satisfaction to all who deal with us. Give us a call and be convinced, Yours truly,

SAMUEL LEWIN. P. S. Call and see our ready made clothing. Children's suits from \$1 00 to \$5.50, good, all wool goods. Men's suits in proportionate prices. Be sure to give S. LEWIN.

COMMON SENSE REASONS WHY THE IMPROVED HENLY . MONARCH . FENCE . MACHINE . . IS THE BEST AND HAS NO EQUAL.

1 Because the wire is stretched the full length of the field before the weaving is commenced. 2 Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, weaving all with equal facility.

3 Because any size, length, or style of picket, or slat, or board, can be used, weaving fancy iron pickets equally well and solid.

4 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even, level ground; and the machine being adjustable, the pickets are all woven plumb.

5 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.

6 Because any one, man or boy, can operate it, and there are no parts to get out of order and

5 Because the Monarch machine of the best materials, and, with proper care, will last a life-time.
6 Because it is made of the best materials, and, with proper care, will last a life-time.
7 Because it is the only machine that forces the slat or picket firmly against the wire, thus of the slat in such a solid and and permanent manner that it cannot be pulled out, and large is impossible.

Large is impossible.

Sence made by this machine will turn all kinds of stock, and is much strong-table.

A proper made by this machine will turn all kinds of stock, and is much strong-table.

Sence made by this machine will turn all kinds of stock.

Sence made by this machine will turn all kinds of stock. breakage is impossible.

10 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.

11 Because by weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats to posts, thus keeping the wood parts from coming in contact with each other, it will not hold the moisture or rot. This is a very important matter, as all boards in board fences soon rot off at post, and occasion continued expense for repair.

12 Because all kinds of old material can be used for making new fence.

13 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
