WHOLESALE LOCKOUTS ADVOCA-TED.

The Executive Board of the National Association of Builders has issued a long address. The document is directed to the Builders and Trader's exchange of Chicago, to all affiliated bodies of the National Association of Builders and to the general public. An entirely new method of dealing with workmen is in. volved, and a course of wholesale lockouts is advocated. At the outset of the address, complete cessation of work in all the building trades of Chicago as an answer to the bricklayer's demand for a Saturday pay-day is fully indorsed by the Board. After commending to the contractors in other cities the course pursued by the Chicago Builders, the Board proceeds to enumerate the "encroachments" that must be reconquered by the employers at all hazards. "Better," says the address, "that not another brick be laid or another nail be driven in Chicago for a year than that this opportunity be lost to regain these rights for the employ-

A recent act of congress directed the secretary of war to turn over to the secretary of the interior all of the abandoned military reservations, and directed | nearly half an hour. the secretary of the interior to appraise and sell them. In all 37 reservations have been transferred to the interior department under this law, embracing something more than 700,000 acres. This law unfortunately put it in the go to Rome in nineteen days. Dr. McGiyan power of cattle corporations or other companies or individuals with money to buy all these reservations and use them been a parishoner in St. Stephen's. She is for grazing or speculation, not only a very good little girl. I believe she is 10 years old. She seemed very much troukeeping out some settlers, but compelling others to move off or buy their farms of the purchasers from the government, for since the abandonment of the reservations by the army many settlers have gone upon them in full confi dence that whenever the government gotready to part with the title it would give the first chance at the lands to the peoplealready on them. So far the interior department has not ascertained the value of the land or offered them for sale. Ex-Senator Van Wyck has written the secretary of the interior urging him not to sell these reservations until the Fiftieth Congress has had an opportunity to bring them within the provisions of the homestead act. The wisdom of opening such of these lands as are suitable for agriculture or grazing to entry under the homestead act is was to speak. The Bishop said palpable, and it is to be hoped that Mr Van Wyck's suggestion will be complied with.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower, will make them free from disease, as when born. ANTI-POVERTIES FILL THE ACAD-EMY OF MUSIC.

His Speech Does Not Sound Much As If He Were Going to Rome and Obey the Last Message.

NEW YORK, May 30 .- Public interest in the anti-poverty society meetings is not on the wane. A large force of police guarded each entrance to the academy of music Sunday night. Even ticket holders who arrived three-quarters of an hour before the proceedings commenced found it impossible to gain admission. Dr. McGlynn and Henry George were present. Miss Munier's choir sang an anthem of liberty and A. B. Myers sang Kathleen Mavourneon. Mr. George announced that John J. McMackin was chairman, and Mr. McMackin said he presided as a Catholic because he had learned to be a good citizen as we.l as good Catholic. Applause followed this and Mr. McMackin went on to say.

If there is any one in authority in the church here who would attempt to consign church here who would attempt to consign believers in the new land theory to limbo that person will find out his mistake. [Applause.] If any answer was necessary was necessary to the pope's last communication to the thousands in the academy and to the thousands turned away, that answer can be that the people are able to distinguish between a true bishop and the willing tool of a political party. Clergymen who dare not come out on this subject have said to me "Go ahead; you are all right. They will have to come to you." They will have to come to you.'

Dr. MoGlynn at this point stepped upon the stage. He was cheered veciferously. The sudience arose, and men shouted while women's handkerchiefs fluttered in every part of the Academy. There were cheers for "our pastor." and for the "bold hero." Among the things Dr. McGlyun said are

We find that labor and land are, or We find that labor and land are, or should be married, so that it becomes a matter of religion to preach it, and it they won't let us preach it in Christian pulpits, then they compel us to go out by the sea, in market places, and on the stage. So all places where this truth is preached are sacred. Christ prayed and prophesised from no wooden petticoat of a pulpit, but from the mountain top, from a tree trunk, or a ship's stern.

or a ship's stern.

Strange is it that those who are supposed to represent the teachings of Him who died for us, custodians af the blessed sacraments should not understand His teachings. Strange that they should lend the sanctions of the religion of Carist to a vast social army. All of the ministers of all the churches with scarcely an exception to-day are banded in favor of the classes against the masses while prating of the sacred

rights of property. With all reverence to his reverence [ap-plause and laughte], minister or priest, or whoever he may be, if he thinks to shut the mouths, to benight the minds, and to stifle the hearts of priests by prating about the sacred rights of property, he is mis-

Every letter which those write who oppose us, every penalty they shall inflict, will be but to promote the blessed doctrine we preach. [Prolonged applause.] If there is no other altar, then even here, as in a

sacred spot, vow to bring no stain upon our white, our sacred banner.

Only this morning, the holy whitsuntide, I kneit humbly at the attar of a Catholic church and partook. I hope not unworthily, of the blessed sacrament. So far am I from thinking this crusade of ours to be contrary to religion and the worsip of God, that as I knelt I asked His blessing upon it, and invoked Him to send His Helv Spirit. it, and invoked Him to send His Holy Spirit and Inspire me in what I should say to-night, that every word should be to His glory and the edification of his chilren,

Unless the reference to preaching from a ship's stern be so taken, Dr. McGlynn said nothing about he purpose of going to Rome or not going. After the meeting he was asked concerning the story of Maggie Molloy of Meriden, Conn., where he lectured on Saturday evening, that he would

replied, smiling: "Maggie was a waiter at the table in the hotel when I stopped in Meriden. She had bled on my account and to assuage ber grief I said to her a few consoling . ords to the effect that everything would be all right in a short time. The report that I said I would go to Rome in a short time is not true in any sense.'

"Dr. McGlynn," said the reporter, "are you going to Rome?" "On that subject," Dr. McGlynn replied pleasantly, "I prefer not to speak."

He Has Not Replied. Rome, May 30.-No answer has been re ceived at the vatican to the recent summons of Dr. McGiynn to Rome.

DR. M'GLYNN A REBEL.

Bishop Ryan Gives His Reasons for Not Renting Him St. Stephen's Hall. BUFFALO, May 30 .- Bishop Ryan, in an interview, explained why he had refused to rent St. Stephen's hall for a meeting at which Rev. Dr. McGlynn that he was responsible for the refusal and would have told why had his reasons been asked. He said: "My relations with Dr. McGlynn have always been friendly, but he is in open rebellion with his ecclesiastical superiors, and I would neither directly nor indirectly encourage him in his crusade."

The Bishop said that no good Catholic would aid in propagating the theories under the circumstances, and added: "I can have no sympathy with his action, and cannot look upon it in any other light than dragging down the high character of the priesthood. He has had every opportunity to defend himself and his doctrines before a friendly and impartial tribunal, but has not done so."

CHICAGO, May 30 .- A new cause of difference has arisen between the bricklayers and the employers. The men say they were given to understand that a committee from the employers would meet a similar committee from the men and confer, but when the committee of employes went to the meeting-place they waited vainly for the other committee. Now the master masons deny having made the promise and more bitterness has been injected into the

THE IMPROVED

Henly Monarch Fence Machine

COMMON SENSE REASONS WHY THE IMPROVED HENLY . MONARCH . FENCE'. MACHINE IS THE BEST AND HAS NO EQUAL.

1 Because the wire is stretched the full length of the field before the weaving is com Because any sized wire can be used, and either 2, 3, 4, or 5 double strands can be used, weaving all with equal facility.

3 Because any size, length, or style of picket, or slat, or board, can be used, weaving fancy iron pickets equally well and solid.

4 Because it will make a fence over rough and uneven ground, or up and down hill alike, making as good a fence as on even, level ground; and the machine being adjustable, the pickets are all woven plumb.

5 Because the Monarch machine stretches the wire tighter, thus making the strongest and best wire and picket fence.

6 Because any one, man or boy, can operate it, and there are no parts to get out of order and

7. Because it is made of the best materials, and, with proper care, will last a life-time.
8. Because the price is within the reach of every farmer.
9. Because it is the only machine that forces the slat or picket firmly against the wire, thus ing the slat in such a solid and and permanent manner that it cannot be pulled out, and care is impossible.

Chas. E PUGH.

J. R. WOOD, securing the slat in such a solid and and permanent manner that it cannot be pulled out, and breakage is impossible.

10 Because the fence made by this machine will turn all kinds of stock, and is much stronger than any barb wire fence, and completely obviates all danger of injury to stock.

11 Because by weaving past the post, and fastening the wire strands to the posts with staples, and not nailing the slats to posts, thus keeping the wood parts from coming in contact with each other, it will not hold the moisture or rot. This is a very important matter, as all boards in board fences soon rot off at post, and occasion continued expense for repair.

12 Because all kinds of old material can be used for making new fence.

13 Because it makes the handsomest, best, strongest, and most durable fence, and is the only first-class, practical fence machine in the world.
