LOCAL ITEMS.

Forward, sausages. A horse chestnut never has a cough. The leaves are leaving the trees, and wear blishes. Miss Maggie Rishel is giving lessons in instrumental music. Mrs. Sam'l Condo, of Miles, by an accidental fall, broke a leg. It is rumored that Will Shirk thinks of leaving Centre Hall and moving to Altoona. A coach shop will be established here in a short time, and thus revive one of our dead industries. Chestnuts are plenty and of as fine quality as we ever knew them. They sell at 6 to 8 cents per quart. Mrs. Curran, wife of Rev. G. W. Curran, of Williamsport, is visiting her parents, Mr. and Mrs. Willow. Mr. Harry Musser, and his bride, left Aaronsburg, last Thursday afternoon, on a wedding trip to Niagara Falls. A son of A. J. Grove, who left this place for Iowa, was killed while driving stock on the prairie, a few weeks ago. Some half dozen families talk of leaving our town between this and next spring, some of which will be missed if they go. The chase and big prices offered for potatoes has induced some farmers to hold on to their crop, thinking prices will be higher yet. Lycoming county now has four tickets in the field. Two more would make a half dozen, which is the number they have in New York. The foundation walls for the new Presbyterian church are now completed and from these outlines we see the signs of what will be a neat edifice. Miss Edith Harris, of Bellefonte, and Miss Helen Jackson, of State College, have gone to Philadelphia to take a complete medical course, says the News. The collector for funds subscribed to the Centre Hall Luth. church, will be around in about two weeks for money. Time enough for all to get the needful ready. Henry Schafer, landlord, we are informed, thinks of leaving Millheim and striking for the west. Likely to run a first-class hotel, the Lindel, or such, out there. Chas. Bollinger, our esteemed next door neighbor, concluded to move to Altoona shortly. His smith shop, in this place, will be carried on by Mr. Rowe, who is a good workman. The Centre Hall roller mill is putting additional machinery into its mill, in order to increase capacity, and make still finer grades of flour. The flour put out from this mill is not excelled. On Saturday evening at 6 o'clock occurred the death of Mrs John I. Thompson, of Martha Furnace. The lady has many relatives in this county who will learn of her death with much regret. Samuel Fonest shipped several car loads of apples from Miles township, most of the fruit being from his own orchard. Picked apples are selling from 30 to 40 cents per bushel, according to quality. Were pleased to have a call from Mrs. G. A. Rank, of Spring Mills. Mrs. Rank will leave for her future home in Flemington, N. J., by which Spring Mills will lose one of its most estimable ladies. Jas. C. Boal, S. J. Herring and Wm. Mingle have been summoned to U. S. court, at Pittsburg, as witnesses in a fraudulent pension case, the details of which were given in the REPORTER some weeks ago. Mr. Hagan has completed the new house of Will Kurtz, at the station, and is proud of its handsome appearance. Hagan puts up good jobs. Jacob Lee's house, at the station, is also completed and makes a good appearance. Streams are low, yet we have the usual quantity of rain, the water of which, from the great extent of open country, cleared of forests, quickly runs over the surface, doing little to keep up the subterranean reservoirs that of old kept up the streams. One of the fine sights from the top of Nittany mountain is to see a train of cars winding its way through the centre of the valley, like a huge serpent, which can be observed for a distance of ten miles, majestically suiting itself to the curves of the road. Molasses seems to be on a bust. A barrel in a car at Spring Mills, had the bung fly out, and the molasses, of course, followed. On Monday evening while a barrel of molasses intended for Wolf & Son was being unloaded at the station, it fell from the plank and busted, and caused a flood, much to the delight of flies, in both these cases.

MILLHEIM HAPPENINGS.

A NUMBER OF ACCIDENTS, AND RUNAWAYS ELECTRIC LIGHT, ETC.

Last Sunday while un hitching a horse John Hall came near meeting with a fatal accident. He had one side unhitched and was in the act of walking around to the other when the horse plunged forward and knocked him to the ground, it run over him and tramped on his leg, bruising it considerably. The buggy was also broken to pieces. Lot, a little son of Andrew Walizer, who had his arm broken some time ago and which healed up nice and sound, had the misfortune to break the same arm at the same place last Monday. Mr. P. H. Musser, our jeweler, while doing some hauling on Monday, with J. H. Reifsnnyder's horse and wagon, met with a painful accident. The horse took fright at some object and ran away, Mr. Musser while endeavoring to arrest it in its flight, was somehow thrown to the ground and the wagon passed over him, and he came out with nothing more serious than a broken finger, which after all will disable him for some time. And now Millheim is to have electric light, at least in the Factory, which is running on full time. The chestnut crop has been a good one in this section of the valley. The Williamsport Sunday Grit does not believe in paying homage to a president of the United States, or to make a kind of a four year's king of him. Well that is altogether whose ox is gored. Cleveland's popularity among the masses and right thinking people of America is, of course an eye sore to the rada. Landlord H. G. Schafer, of this place, talks of leaving for Kansas next spring, this will make an opening for some enterprising man, as the First National since it has been remodeled is a very good hotel stand.

COBURN ITEMS.

The bricklayers commenced on the new Lutheran church building to-day. They have been busy hauling brick the last few days, which are of good quality. The potato craze is a little quieter than usual as most of the crop has been shipped. On Sunday a party of this place boarded a hand-car and took a ride to Spring Mills, where they spent the day. Our public schools opened up on Monday and there was a large attendance. The new furniture for the room did not arrive in time but will be put in place on Saturday. Mrs. Kleckner is spending a few days visiting her daughter at West Point. Bartges & Son are closing out their stock and intend quitting the grain business—do not know who their successors will be. October 11, 1887. O. K.

PETITIONING FOR WATER.

At Pittsburg, the residents of Bigam street, Mr. Washington, have suffered very much from the lack of water, and are making an effort to have the Monongahela Water Company lay a main along that street. A petition will be circulated, asking the company to do so, and there is no doubt that a sufficient number of signatures will be obtained to induce the company to lay the pipe. Vice President T. B. Atterbury was asked how many signatures would be necessary, and replied that if there were not less than twenty property owners who would agree to take the water, the pipe would be laid at an early date. Mr. James Grauer, the owner of several houses, on this street said that he was very anxious to have the pipe laid and would have the water put in his houses. Others have expressed themselves as being equally desirous of getting the water and that it would cause the building of other houses. This is from the Pittsburg Chronicle—how opposite the course of some in our town, who do all they can to prevent the water company from doing of its own accord what in other towns must be petitioned and begged for.

HONORS FOR CENTRE HALL.

The Union Labor party of Penn'a, of which chivalier Rynder, of Milesburg, is chairman, has honored our pretty village by a place upon its state ticket. The regular nominee for state treasurer, Mr. Barker, having declined the honor on account of ill health, Mr. J. Q. A. Kennedy, of this town, has been nominated to fill the vacancy. Mr. Kennedy is one of the handsomest men in all this section—tall, straight as an arrow, and well proportioned, is a jeweler by trade, and general agent for one of the best fence machines out, and as a canvasser for the latter, has been remarkably successful, which, no doubt, has induced Rynder's eagle eye to fasten upon John Quincy Adams as a good standard bearer for the Union Labor party, and if that party can attain to the same respectable proportions, as Mr. Kennedy carries, it will do remarkably well. N. B.—We would have said that candidate Kennedy is a Butler county man—to put all joking aside.

A PROMINENT PHYSICIAN OF MILTON STRUCK BY A TRAIN.

Dr. Uriah Q. Davis, a prominent physician of Milton, was killed at that place last Wednesday morning by a railroad train as he was driving across the track. Dr. Davis was eminent in his profession, and served during the late war as surgeon of the One Hundred and Forty-eighth Pennsylvania regiment, which was commanded by Governor James A. Beaver. At the close of the war he resumed the practice of medicine at Milton and resided there until the day of his untimely death. He was a man of sterling integrity. Dr. Davis was at the reunion, at Coburn, a few weeks ago, where many acquaintances with members of the 148 were renewed, and where we had the pleasure of a few hours association with him, along with other gentlemen.

NATURE'S BOUQUET.

Our mountains, presenting all the variegated colors, beautifully sprinkled overtop and sides, are now simply huge bouquets to behold, and presenting one of nature's grandest and most lovely sights. The mountain facing our town to the north, presents a charming commingling of colors—green, blue, violet, red, vermilion, orange, and every other imaginable hue richer than artist can paint. Nittany mountain alone, is worth a trip to see for any Philadelphian, or New Yorker, who is a lover of the beautiful in Nature. Along Penns creek the mountains form one continuous range of charming sights, especially the mountain beyond and south of Faddy mountain tunnel. No flower garden trimmed by the tasteful hand of the floral artist, can excel the beauty displayed.

THE BEEHIVE.

Kerlin's store, at Stone Mill, is busy as a beehive, with an increase of business, and customers attracted by real bargains. They have all their new goods opened for this season, and compete with any store in this section as to quality, variety, and low prices, and in paying the best market prices for produce, and selling lowest for cash. The Stone Mill store never had a better run of trade. Fair dealing and gentlemanly treatment are the cause.

—Stoves, Stoves, Stoves, nothing but stoves at Reesman's stove emporium. Cook stoves, coal stoves, office stoves, shop stoves, and the finest of all his line of square parlor heaters. He takes great pride in showing these goods as he knows he has a fine article and everybody is getting one of them.

HOW THE EDITOR IS ROBBED.

If the country newspaper proprietors were to publish the names of the subscribers who take, read and enjoy, and are gratified by, and yet refuse to pay for their home papers, the reputation of most communities for moral honesty would depreciate 20 per cent. An editor's labors are seldom estimated. A lawyer will give you five minutes advice on a topic and charge you \$5 for it. An editor will give you advice on a hundred topics and charge you five cents a copy for his paper. In fact no other business men are so universally robbed and swindled out of their labor and capital as the country newspaper publishers. N. Y. Sun.

AARONSBURG ITEMS.

COLLECTED BY OUR CORRESPONDENT. The grammar school at Aaronsburg is closed at present for want of pupils. Wils Russel, of Lewisburg, brought a dozen, alderney heifers to Aaronsburg and is disposing of them at fair prices. Wm. Wolf in Haines township has erected a steam cider press and makes cider at the rate of six barrels per hour. A sorrel horse with a bullet hole in his head was found a few rods south of the pike in the lower end of the Penns valley narrow. Al Yearick has bought the Wm. Ettinger property at Woodward. Charley Noll, of Haines Tp., will rebuild his home this fall. He sold a thousand bushels of potatoes at 55 cents per bushel and still has a few more to spare. The Crouse family that went from Aaronsburg to Lock Haven last spring are afflicted with malaria. Hon. J. G. Meyer at Aaronsburg has torn one of those large old fashioned chimneys out of his house and is improving the rooms very much. David Miller, the mail carrier, who had a paralytic stroke some weeks ago is still helpless, and Andrew Immel drives the mail wagon. Mrs W. I. Bright, Thos. Bird and T. J. Mingle all of Kansas who had been visiting their friends in Aaronsburg and its vicinity, have started home again, also Beckie Lambert and her two boys of Ohio, left last Thursday for their home. Frank Tomlinson, of Aaronsburg, has again gone back to the woods at a lumber job since his wife is convalescing. Cholera is prevalent among the hogs of Haines township farmers. Shovels and Coats.—Garmans. Toboggan Caps.—Garmans. Braid Sets, Panels, Buttons, Gimps.—Garmans. Camels Hair Underwear and wool hose.—Garmans. No prisoners in our county jail at this time. Vive la Republique. Black goods, Henriettes, Cashmer cloths and all the novelties.—Garmans. Suits made to order, at the Philadelphia Branch, where one of the best tailors in the state is employed. Satisfaction guaranteed as to prices and fit. J. L. Spangler, Esq., late a resident of Cambria county, arrived at Bellefonte, a few days ago, where he expects to locate and practice law with C. W. Hewes. Jonathan Spangler, of Miles, will set up a chicken hatching contrivance for raising chickens, without the old fashioned elick. Fleming the tailor of Bellefonte is having quite a run on fall suits. His work gives satisfaction and his prices compare with all. Remember Fleming's tailoring establishment if you want a fine suit of clothes. All the late styles. Dr. J. F. Alexander left for Los Angeles, Cal., on Tuesday, whither he goes with his wife, who has been in ill-health all summer, with a hope that the climate out there may have a beneficial effect upon her. Our esteemed friend James Herring, one of the skilled hands in the Penn'a R. R. shops at Altoona, was here last week on a visit. Mr. Herring has been held in steady employment by the company for many years. The Bellefonte Republican has taken the contract, it seems, to defeat Grove, for associate judge. That's a heavy load to carry, on bad roads. Belter get to some more usual work. It will pay you better to go out and gather chestnuts. Mrs. Margaret Meyers, wife of Wm. Meyers, near Boalsburg, died on Tuesday morning, of paralysis and an affection of the heart. She had been ill for some time. Her age is about 77 years, and 3 months. She was the mother of Mrs. John Kline, of near Centre Hall. Mr. Johnson, who will be remembered as the fat landlord of the Brockerhoff house, which he left some years ago, has been mine host of the Hotel Vanderbill, at Shamokin, for the last three years, one of the best hotels in that town. Attorney Sylvester Ray came home from a hunt on Thursday with one flicker. Theodore Deschner went hunting today and expects to do better than Mr. Ray.—News. If Sylvester got a flicker, likely Theodore got a fucker. The new dwelling houses at the station with their coat of paint present quite a nobby appearance. That section of our borough is enjoying quite a building boom which is a credit to the property holders and an improvement to our town. Rev. M. V. Shadow will preach his farewell sermon at Shoop's church, Dauphin Co., on Sunday, October 23. He will retire from the ministry and will be succeeded by Rev. Frederick, of Lycoming county, Pa. Both these clergymen are from Pennsylvania. Fifteen years ago a Mrs. O'Neill of Wilkesbarre, had her watch stolen. On Sunday she was surprised to have it returned to her by the thief. Just about as long ago several parties cheated us out of honest newspaper accounts—will they come and pay us now? J. Kyle McFarlane & Co., request us to say that the 600 stoves are not quite all sold yet although they are going fast; and they invite everybody who visits Bellefonte to call at their store, whether they wish to buy or not and inspect the immense assortment of stoves and everything else they have to greet the eye. Everything cheap and the best. Mamie Meyer, Verna Geiss and Lucy Kreamer, went to Brushvalley, a few days ago, on a chestnut hunt. Miss Meyer got home with a bushel of nuts, Miss Kreamer and Miss Geiss had about half a bushel each. Guess when three such pretty young ladies get under a tree, the chestnuts out of pure politeness will come immediately down. When we sniff roasted chestnuts in the air, ladies, we'll be around. A special train will be run from Bellefonte to this valley on Friday evening in order to accommodate persons attending Barnum's show. The fare from our station, including admission ticket is \$1.23, and as we understand, no excursion tickets will be issued, except those with coupon on them for the show. So that persons who want to go to Bellefonte and return on Friday by train must pay full fare unless they purchase a show ticket at the station.

HERE AND THERE.

Gloves and Ruchings.—Garmans. Shavels, Coats and Wraps.—Garmans. Pink, Blue, Cream, Cardinal and Black Quilted Satin.—Garmans. Jim Darst bought a car load of sheep at Pittsburg this week and had them shipped to this place. Will Runkle expects to leave for Scranton Monday next, where he has accepted a lucrative position in a large business establishment. Esq. Rote, of Aaronsburg, reiterates that the man who dealt in fancy chickens imposed upon him, and we guess Dan ought to know. James C. Quiggle, a citizen of Wayne township, Clinton county, has been appointed to be United States consul at St. Thomas, Ont. On Friday last he departed for St. Thomas. He has been justice of the peace in Wayne township. It is stated that the Pennsylvania railroad company demand that their employees pay all bills they contract, on pain of dismissal if complaint is made and sustained that they fail to do so. That's right, and it is a rule that should be adopted by others as well. Lewin's now has immense piles of ready-made clothing, new stock, for fall and winter, just received. For a ready-made suit, call at the Philad. Branch and you save money. If you want a suit made to order, the Philad. Branch is just the place to have your measure taken for a good fit and low prices. Centre Hall, years ago, turned out many wagons and buggies, now not a single rig is put up here. It's just as good a point as ever, for such an industry; all that is wanting is a party of enterprise, business snap and a reasonable amount of capital. Any such person on the lookout for such a location, will find this the point. The tailoring establishment connected with the Philad. Branch is over-run with orders for suits, and it now employs more hands than any other establishment in the county. The suits made by them under the best satisfaction, and the prices are found lower than elsewhere. This accounts for the rush they have there. Pennsvalley was discovered in 1764, by Capt. James Potter, which first met his eye as he reached the top of Nittany mountain, with an attendant, to whom he exclaimed, "By heavens, Thompson, I have discovered an empire." They at once came down, and halted at the spring which now supplies Old Fort with water. Please call and examine our large stock of cloths and casimeres suitable for any garment in Men's wear—a full assortment of Overcoats "heavy wares" The largest line of Hats, Caps and Furnishing Goods in the county—all work guaranteed to fit or no sale! MONTGOMERY & CO. Brockerhoff Row & Humes Block. The Huntingdon Monitor says that Trough Creek Valley, that county, has a contemptibly mean thief within its boundaries. One night last week he gained an entrance into the Methodist church, at Calvin, and stole six small barrels and their contents, supposed to amount to about twelve dollars, the contributions of the Sabbath school scholars for missionary purposes. Subscribers who find bills enclosed for subscription dues, will oblige us greatly by remitting amounts asked for. Such as may be omitted and get no bills, can see on their address on each paper, by the dates, what is due. Hereafter all subscribers paying \$1.50 in advance, get credit for one year. There is a chance to make 50 cents. These terms date from beginning of the present year. Wonder whether the President and his wife could not be induced to make his return trip via Bellefonte and Centre Hall. Golly, how we'd respect them, to which St. Louis and Chicago would not be a patch. Still, if the distinguished party can't make it suit to strike on their return, what would hinder sending the empty train this way after it has returned to Washington? We'd like to see the ke-ars, at least. Mr. Daniel Rhoads, Republican candidate for associate Judge, tarried in our town a few hours on Monday noon. He was around looking up his interest and no doubt found that Republicans in this section are about as scarce as hen teeth, and what he did find will vote for Grove or our local prohibition candidate, Michael Desline. Another thing will injure him is that he was traveling in bad company,—lousy Fiedler was with him. Mr. Robert Tassej, an aged and much respected farmer of Canoe Valley, Huntingdon county, fell dead at his home about one mile from Spruce Creek. He attended the funeral of his neighbor farmer, Mr. George Davis, at 10 o'clock in the morning and returned to his home in usual good health. In the evening he left the house presumably to attend some duties about the barn and not returning after a reasonable length of time his family made search for him and found him in the stable dead. He was 72 years of age. People who intend going to the great Barnums show in Bellefonte, tomorrow must not fail to call at McFarlane and see the "show" of stoves on exhibition and for sale cheap. Their assortment of all kinds and styles of stoves was never so complete as now. Special inducements are offered to cash buyers. All stoves not as represented are taken back. Go early to avoid the immense crowd that will be there. Another railroad project is being agitated at Milton for binding more closely together the regions of the North and West Branch rivers. According to the Argus Milton will be the starting point. The route as now contemplated will be from Milton, out Pleasant Valley to Limestoneville, Washingtonville, Jerseytown, Millville, Rohrsburg, Stillwater, Cambria, Harveyville and from thence either to Shickshinny or Nanticoke. It is proposed to pass matters rapidly until a final conclusion is reached and the engineers will commence work at an early date. The engine on the evening passenger train smashed things up in the round house at Bellefonte one evening last week. Engineer Chees had finished his run to Bellefonte and left the iron steed in care of the hostler who took it down to the round house. Upon entering the building it became unmanageable or the steam was not turned off in time and it crushed through the building tearing an immense gap in the heavy brick wall. The engine was damaged and had to be taken to the shops the next day. We saw it and it looked as though it had been on a bust.

BARNUM'S SHOW

will exhibit at Bellefonte on the 14th of October, and everybody is going to see the Elephant. When in Bellefonte, don't forget that Winter is coming too, and you will need something in the line of Boots or Shoes. The next question is where can you buy the best goods for the least money. At Power's Shoe Store you will find the FINEST, LARGEST and BEST Stock of Goods in this section of the State, and always on FREE EXHIBITION. We quote no special prices to catch your trade but know that our prices on all goods are the lowest and no dealer in the county can compete with us. We know that too much talk will spoil a good thing, and to prove what we say, we invite you to examine our goods and prices.
