FACTS YOU CAN BET ON.

That the oldest and largest tobacco factory in the world is in Jersey City, N. J. That this factory makes the popular and world-

famed Climax Plug, the acknowledged standard for first-class chewing tobacco. That this factory was established as long ago as

That last year (1886) it made and sold the enormous quantity of 27,982,280 lbs. or fourteen thou-

sand tons of tobacco. That this was more than one-seventh of all the tobacco made in the United States notwithstanding that there were 966 factories at work.

That in the last 21 years this factory has helped support the United States Government to the extent of over Forty-four million seven hundred thousand dollars (\$44,700,000.00) paid into the U. S. Treasury in Internal Revenue

That the pay-roll of this factory is about \$1,000,-000.00 per year or \$20,000.00 per week.

That this factory employs about 3,500 operatives. That this factory makes such a wonderfully good chew in Climax Plug that many other factories have tried to imitate it in vain, and in despair now try to attract custom by offering larger pieces of inferior goods for the same price. That this factory nevertheless continues to increase

its business every year. That this factory belongs to and is operated by Yours, very truly,

Why Prohibition Failed in Oregon.

PORTLAND, Ore., Nov. 27 .- It is a strikng fact that in the towns in this state where partial or complete prohibition is in force about as much liquor is used as before. A Portland gentleman recently visited Goldendale, a prohibition town, and he says that in less than fifteen minutes seven prominent citizens promised to show him as many places where he could get a drink on the sly. In view of this state of affairs it is not surprising that state prohibition failed in the recent election.

and then Attempt to Commit Suicide. GLENDIVE, Mon., Nov. 28 .- Three Sloux Indians named Finger-Nail, Sitting-in-Front and Pete Matthews, confined in the county jail here for horse stealing, made an attack on two white prisoners. Three Persons Killed. FORT SMITH, Ark., Nov. 28. - Deputy Marshal Frank Dalton and J. R. Cole crossed the river into the Cherokee nation yester-day to arrest a horse thief and whisky peddler named Smith, who, they were told, was at a tent on the Alexander place, about a mile and a half from here. Arrivng at the tent, Cole rode upon one side and Dalton on the other. Seeing a man at the door of the tent Dalton inquired for Smith, who rushed out, pistol in hand. Dalton said: "Don't shoot; I want no trouble." But Smith fired, shooting him in the left breast, inflicting a mortal

Dalton fell from his horse with the hammer of his pistol caught at half cock. Cole shot Smith as he turned to emter the tent. Then a woman ran out with a child in her arms, and a man named Dixon followed her. Cole, who had dismounted, stepped backward, but his spur catching in a tent cord, he tripped and feil. As he rose Dixon shot him through the right breast. Cole tried to shoot him, but the woman caught his Winchester. Quickly jerking loose, however, he fired, shooting Dixon in the shoulder.

He then backed to a tree, and a regular fight followed, in which the wife of Dixon was accidentally killed, and two bullets were put through Cole's coat and the bark was peeled off the tree behind which he was sheltered. Finding a chance to escape, Cole hurried away on foot, his horse having run off during the fight, and when he had gone a short distance a man came out of the tent, and approached Dalton, who was badly wounded, and heedless of his piteous appeals for his life, fired two bullets into his head, causing instant death.

RIOTING IN LIMERICK.

An Attempt to Demonstrate Results in a Serious Collision With the Police.

Mr. John McInnerney, formerly of New York, who came here to preside over the ceremony of unveiling the statute of the martyrs, proceeded to deliver an oration in the presence of an immense crowd of people, when the police appeared and forbade further exercises.

and the latter attempted to disperse the gathering and clear the streets, using bayonets and batons freely. This summary action infuriated the people, who made a desperate resistance, many civilians and constables being injured and taken to the

hospital The unwarrantable brutality of the police incensed the people in the houses and hotels along the streets, who taunted the constables from the windows with cowardice. The police became reckless and threw stones and other missiles, many of them throwing their staves at the windows, smashing hundreds of panes of glass and inflicting severe cuts upon some persons who were unable to get out of the
