THE WEEKLY PRESS OF PHILADELPHIA, PA.

Subscription per year. THE BEST HOME PAPER IN AMERICA.

This is not brag.

It is a plain statement of an honest fact.

Ordinarily the weekly issue of a daily paper is esteemed to be merely a digest of the week's news, suited along for rural readers.

This is not true in reference to the WEEKLY PRESS. It is specially edited by a trained corps of writers selected for the purpose of making the

best paper.

It is adapted to the improvement and enjoyment of both sexes, of all ages, of every family whether a resident of the city, village or country. Not a word of crime or impure suggestion in any part of the paper.

It is an old paper and carries its age and reputation equally well

subscription one year, \$2.00 both, one year, one subscription price, \$2.00.

We make these exceptional propositions in order that the Weekly Press may go on trial in a million households for an entire year.

Sample copies furnished free on application.

REPUBLICAN NOMINATIONS.

Mr. Reed Nominated for Speaker and a

Caucus Committee Agreed Upon. WASHINGTON, Dec. 4 .- The republican nembers of the house of representatives held their first caucus of the session Satarday afternoon. Of the republican representation of 153 members, 117 were in attendance. None of the four independent members elect were present. Representalive J. G. Cannon, of Illinois, and representative Louis McComas, of Maryland, were respectively re-elected to the positions which they held during the last congress of hairman and secretary of the caucus.

When these preliminaries had been arranged Representative McKinley, of Ohio, nominated Thomas B. Reed, of Maine, for speaker, and the nomination was confirmed by acclamation. Mr. Reed made a brief speech, in which he counselled party harmony and predicted a republican victory in he next presidential election.

Nominations for the remaining officers of the next house were then made as follows: Edmond McPherson, of Pennsylvania, by Representative Bayne, for clerk; Daniel Shepherd, of Illinois, by Mr. Adams, for sergeant-at-arms; W. T. Fitch, of Ohio, by Mr. Butterworth, for doorkeeper; Charles H. Grey, of Dakota, by Er. Nelson, for postmaster, and Francis W. Thomas, of Indiana, by Mr. Browne, for chaplain.
The nominations were agreed to without lebate, except in the case of Mr. Grey,

ion arose as to the propriety of recognizing the territories in the distribution of house offices. After a long discussion as to the advisability of such action the caucus authorized the chairman to appoint a committee of eleven members, to be known as the "cau-cus committee," and to be charged with

An American Captain Arrested on Com-

plaint of the Japanese Government. Boston, Dec. 5 .- Captain M. L. Howes, of the bark Freeman, which arrived at this port yesterday morning from Cebn, was arrested by the United States marshal for the murder of a Japanese seaman, Kahidka Kitunusa, while the vessel was on her way from Cebu to Batavia. The murder is said to have been justifiable, as the sailor had tried to take the captain's life.

The captain expected the arrest and made no resistance. When the party reached the United States court Captain Howe said:

I have been on the water thirty-one years and this last trip was the hardest I ever took. I would not go through that experience again for a mint of money. There I was alone on the Java sea. The steward was the only other civilized man on board. and I was the only navigator. My crew had acted strangely, and this man in par-ticular had given me lots of trouble. On August 6 he tried to interfere with my management of the crew. I slapped his face and told him to mind his own business. He grabbed me around the waist and tried to throw me. I broke away from him and he ran into the forecastle. I went after him to put him in irons and he ran at me with a marlinspike. Then I shot him. I had to do it in order to save myself and

It is an old paper and carries its age and reputation equally well.

Now we are seeking a new and larger circle of readers. As an inducement to this end the Weekly Press in connection with any four dollar magazine in America will be sent for the single subscription price of such magazine.

Or, on application, we will make a special combination of any two or more periodicals published in America, either weekly or monthly, in conjunction with the Weekly Press at such low rate as will be equivalent to a year's subscription to the Weekly Press, subscription one year, \$2.00 both, one year, one cargo. I thought I might find a mate at that port. I was unfortunate in that matter, and was obliged to start home without any officers. It was a big under taking, and this is the result. I ought not to have tried it.

Philadelphia Anxious for the Convention. PHILADELPHIA, Dec. 4.—A movement was started Saturday afternoon by William R. Leeds, Hamilton Disston and Judge Ahern to have the next national convention held in this city. They will submit a petition to the republican committee next week signed every republican congressman in the state, splendid political developments, one and and many outside of it, by Senators Cameron and Quay and by a host of influential business men. Assurances will be given by hotel proprietors and all railroad companies here that satisfactory rates will be offered during the meeting of the convention. Especial stress will be laid upon the fact that since 1872 every republican national convention has been held in the west. Finally, a bonus of \$75,000 will be

Col. Dudley Probably Out.

INDIANAPOLIS, Dec. 3.-The talk about Col. Dudley to be chairman of the republican national committee is not seriously regarded here. One of his most intimate contestants. Andrew Herster left an es-friends and business associates says: "I state worth \$200,000. He also left four sons Daily and Sunday = - - 7 00 will hazard the guess that Dudley will have nothing to do with it. He has already reaped all the political honors obtainable in Weekly - - - - I OO that direction; besides, he is building cable roads, and you will that he will not accept the position."

> An Addition to Chicago's Population. CHICAGO, Dec. 3 .- Judge Garrett Saturday morning dissolved the injunction restraining the county board from declaring the territory of the town of Hyde Park annexed to the city of Chicago. The people of this suburb voted to come in last month but some property owners carried the case to the courts, but it has availed them nothing. The portion annexed will add about 60,000 inhabitants to the population of chicago.

Chicago. No Beer at the Anarchist Show. CHICAGO, Dec. 4.-The Anarchist Sangerfest committee called upon the mayor Saturday morning to plead for permission to supply beer at the Battery D demonstration next week. His honor declined to alter his previous decision. Subsequently they offered to detail fifty of their number to see that everybody was sober, but the mayor dismissed them by inquiring who was to keep the fifty sober. The deputation then left.

Blinkey Morgan's Partner Convicted. RAVENNA, O., Dec. 4 .- John Coughlan, indicted with Blinkey Morgan for the murder of Detective Hulligan of Cleveland, has been found guilty of murder in the first degree. Morgan was convicted a few days ago, and is now in the penitentiary under sentence of death. James Robinson, another of the gang, will be placed on trial

NOT EASY TO IMPEDE TRAFFIC The New Switching System in Chicago

Will Baffle Strikers. CHICAGO, Dec. 4. -- There is no doubt that the present switching arrangement between the Union Stock yards and Transit company and the various railroads centring in that district known as Packingtown will be a success. It was only begun on Thursday, but so thoroughly has the work been mapped out that there can be no hindrance to rapid work. As a huge scheme it has no parallel in the country. There are hundreds of miles of tracks within a small territory and there is also a big force of employes. Formerly it was so that an engineer of a train would run his engine around a track and "lay to" in front of the engine of a road he disliked and that engine he would hold in one place for hours. During the great Lake Shore strike it was customary for engineers to block Lake Shore engines and hold them for hours. Now, however, there will be nothing of the kind. There will be a perfect union. Although the stock yards' company will employ over two hundred men and at least thirty engines, that number is far below the number of men and engines employed when the same business was transacted by the various railroad companies. Under the old system there were about three men to forty-seven engines. The present system has been agitated for years and would be continuing along in the same dubious rut still had it not been for the Lake Shore and subsequently the packing-house strikes.

For Commercial Union.

ST. THOMAS, Ontario, Dec. 4.-What looks a little like the commencement of a struggle or conflict of interest between Great Britain on the one hand and Canada on the other occurred here Saturday. The occasion was a great public meeting held under the auspices of the commercial union club, recently formed here for the purpose of promoting the closest trade relations with the United States. The purpose of the meeting was to hear addresses from Goldwin Smith and Erastus Wiman, of New York. After quoting Mr. Chamberlain's definition of commercial union that it meant Canada should give preference to every article of manufacture from the United States over manufacturers from Great Britain. Mr. Wiman proceeded to discuss the question whether the perfect development of Canada was inconsistent with British interests. He contended that under close trade union with the United States both countries would be enormously benefited, and that Canada would have an opportunity to make the same relative progress as had the United States.

She Wants the Convention Too. CINCINNATI, Dec. 4.-A strong effort will be made by this city to secure the national republican convention. A strong committee will leave in a special car on Tuesday to meet the national executive committee, which meets in Washington on Thursday. Prominent members of this committee are Murat Halstead, Mayor Smith, Gen. Hickenlooper, Congressman Butterworth. Col. Whitfield, Charles P. Taft, C. C. Waite, E. O. Shelby, George B. Draper' Julius Balke, A. G. Corre, Orland Smith, and Dr. T. W. Gradon. The committee will be met upon its arrival in Washington by a number of prominent republicans from other parts of the states who favor holding the national convention in Cincinnati. A subscription of \$50,000 has been raised.

The Pacific Road Report.

Commissioner E. Ellery Anderson, together with a corps of assistants, spent a couple of hours at the governmest printing office Saturday afternoon revising the final report of the commission. "We shall hand our report to the President on Monday," said he, as that is the date designated by law. No synopsis will be made public at this time, but it is possible that the President may give it to the press before transmitting it to Congress with his recommendations, with a view to availing himself of any new ideas that may be developed by the criticisms of the public. This line has been followed to advantage in the past and may be pursued on this occasion."

Barnum Hires Mrs. Gilligan. BRIDGEPORT, Dec. 4.-Mrs. Gilligan, the heroine of the adventure with the escaped lion from the Barnum show, has settled with Mr. Barnum for the loss of her cow. She agreed to accept \$75 for the damage done by the lion. Before the money was paid the cow died. Mr. Barnum at once presented Mr. Gilligan with a Jersey cow from his large dairy farm. Mrs. Gilligan has signed a contract with the agents of the great show to travel and exhibit herself next season.

Herster's Will Broken.

Easton, Pa., Dec. 5 .- The Herster will contest, which has been before the court two weeks, was ended Saturday evening, the jury finding a verdict in favor of the and two daughters. All of whom at the time of their father's death were in middle life, having families of their own. The will devised nearly all the property to Andrew Jackson Herster, excluding the other heirs.
