100th ASSEMBLY.

The One Hundredth General Assembly of the Presbyterian Church in the United States of America will meet in the First Presbyterian church, Philadelphia, Pa., Thursday, May 17, 1888, at 11 a. m.

The opening sermon will be preached by the Moderator, the Rev. Joseph F. D. D. Smith of Baltimore.

The Commissioners to the Assembly from the Presbytery of Huntingdon, are Rev. Robert Hamill, D. D., Rev. D. Kerr Freeman, D. D., Hon. James A. Beaver and D. W. Woods, Esq.

To this announcement the following historic facts may be added: Persons of known Presbyterian tendencies settled in New England as early as 1620. The oldest Presbyterian church in the United States was founded by the Denton brothers at Jamaica, L. I. 1666.

The first Presbytery was organized 1705 or 1706. The first Synod met at Philadelphia 1717. This Synod was divided into the qualifications of candidates for the ministry. The "Old Side" being called the Synod of Philadelphia, and the "New Side" being called the Synod of New York. This separation continued until 1788, and the General Synod was thereafter known as the Synod of New York and Philadelphia. This Synod, in regular session May 29, 1788, adopted the present Constitution of the Presbyterian Church in the U. S. A., and appointed the General Assembly to meet in Philadelphia the third Thursday of May 1789. The Rev. John Witherspoon, D. D., to preach the opening sermon and preside until a Moderator was chosen.

The General Assembly was convened at the appointed time and place, May 21, 1789, and Dr. Witherspoon (one of the signers of the Declaration of Independence) preached from I Cor. 3:7.

In 1817 the Cumberland Presbytery withdrew because the General Assembly took exception to their act of ordaining persons who were not fully qualified for the ministry.

The first Theological Seminary was established at Princeton in 1812—the Church now having thirteen theological schools, two of which are German and two for colored students.

In 1837 various causes culminated in a General Disruption, which resulted in the establishment of the "Old School" and the "New School." A Reunion of these, however, was most happily consummated at Pittsburg, Pa., Nov. 12, 1869.

The General Assembly of the "Presbyterian Church in the Confederate States of America" met at Atlanta, Ga., Dec. 4, 1861; and since 1865 this Church has been known as the "Presbyterian Church in the United States."

And it is confidently hoped that the Northern and Southern Assemblies will celebrate jointly in Philadelphia, Pa., the organization of the First General Assembly in 1888, on the 24th of May next.

The growth and work of the Church may be epitomized in the following statement:

Table with 4 columns: Year, Ministers, Churches, Communicants, Benevolence. Rows for 1789, 1830, 1870, 1887.

From 1789 to 1887, the total additions were 1,500,000. From 1789 to 1887 the total contributions were \$67,000,000.—of which amount \$48,704,209 were given since 1870.

J. H. K.

GAINED THE SUIT AND A VERDICT.

Mr. Howard Homan, of Centre Hall, has had a suit in the Millin county court, at Lewisburg, this week. He sued Andrew Magee, of Ferguson valley, Millin county, for money due for building a barn, of which he was the contractor.

His case was conducted by Elder & Son, of Lewisburg, and by Chas. Hewes, of Bellefonte. It was given into the hands of the jury last night, and Hewes making the argument, which was strong and eloquent. The jury remained out quite a long time, but at length determined on a verdict of \$391 for Mr. Homan, of which he received notice this morning.—News.

We congratulate Howard on his good luck—he is a hardworking man.

OFF HIS BASE.

The local editor of the Daily News, Bellefonte, stated that a man from Centre Hall had been placed in jail last week charged with a crime, the particulars of which were not fit to appear in print. We know of no one in Centre Hall being arrested and placed in the Bellefonte cooler, of late, and it seems that no one else is acquainted with the facts. Criminal cases from this section as it is, are entirely too numerous in court and we don't want any more notoriety in that line than is positively necessary. The arrest and imprisonment spoken of in the News likely was a man by the name of Andrew Tims of State College, charged with an attempt at rape.

LOOK BACK.

It was unfortunate for Lot and his wife that Mrs. Lot looked back, for it left Mr. Lot without a yok. But it is a bad thing to look back sometimes, as well as ahead, which can be verified by the experience, a few days ago of Mr. J. C. Harper and wife, who left Centre Hall for Bellefonte, in a spring wagon, on which was a satchel, bag of potatoes and other articles. Going up the mountain the endgate of the wagon opened, and the articles moved in the direction of the open passage, and out Mr. Harper and his wife never "looked back" until they reached home, when they found the articles none the less. Who found the goods?

ITEMS OF INTEREST.

Harry Kreamer, of Harper & Kreamer has gone to the city and will have a stock of latest style goods here in a few days.

Mrs. Harper, the aged mother of our townman Simon Harper, is able to walk about the premises.

Will Kurtz has put up a handsome iron fence in front of his dwelling.

Mr. Blanchard, the lineburner, has a special act before congress for a pension.

Our doctors are all on the go, showing that there is considerable sickness around.

10 PAGES.

The regular issue of the Reporter for the past four weeks has been ten pages—making the largest paper ever issued in Centre county. The demand for advertising space in the Reporter has obliged us to do this, and we are thereby enabled to furnish our readers with the usual quantity of reading matter. The Reporter circulates in the best families and goes to every section of our county, hence it is appreciated as a good medium for business men to advertise in.

COURT.

Court began Monday. Judges Furst, Munson and Rhodes on the bench. Tuesday there was quite a large attendance. Mr. P. Lucas, of Howard, was chosen foreman of the grand jury.

John Cough, of Miles twp., charged with stealing a belt from a sawmill. Found guilty but acquitted on the ground of insanity.

Tuesday a fellow from Milosburg, charged with being a tramp, was found guilty.

Andrew Tims, of State College charged with assault and intention to commit a rape on a six year old daughter of Mr. Snyder, last summer, was found guilty on the testimony of Mrs. Collins.

Times got 2 1/2 years in the penitentiary. Joseph Gerbrick plead guilty of theft and got six months.

In the matter of Jacob From and Will Rabie, larceny of Wm. Bible's turkeys, parties plead guilty, first party to larceny in 1745 on the qualifications of the property. Verdict \$30 fine, 20 days imprisonment and costs, for each.

A FINE STOCK.

Wolf & Son, of this place have been as busy as bees the last couple days unpacking their new goods. Their stock is complete in every particular and contains many new designs and patterns that will be worn this summer and are exceedingly pretty. In calicoes every shade, pattern and design are represented; satens domestic and imported; henrietta cloth in all colors; siewsters in entirely new styles for the summer season and in fact all kinds of dress goods, in new and attractive styles which will be worn this year. Tennis stripes is something new and when made up is considered very pretty. It would be impossible even to mention all the new dress goods as their stock is large and contains every thing in that line. A special effort was made to secure the latest styles which are now open for inspection. A special invitation is extended to the ladies to come and see the new goods at Wolf & Son's store Centre Hall.

MINOR LOCALS.

Sober wants a blacksmith—see ad. The roller mill has put in a corn and cob crusher. Our stores are groaning with new goods. Centre Hall has not had a drug store for a decade. Millheim enters 100 year with '88. Now's the time to sell your potatoes—at 70 to 75. Put your little onions in their beds and your babies too. The rafters are now up on our new Presbyterian church. Eggs are 12 Andy Bell bosses the brick work on the Presbyterian church. Look out for the organ grinder and his monkey. Charles R. Kurtz has registered as a law student with Spangler & Hewes.

The Clearfield Republican says that Clearfield county can rejoice as no other county in the commonwealth can, from the fact that toll bridges and toll roads have been extinguished within our borders. It took about 55 years to accomplish this end. Well do we remember, when the policy of free bridges was inaugurated, how the stockholders remonstrated against having their property in bridges which was declining from ten to twenty-five per cent. in dividends confiscated, as they termed it, but the tide arose higher and higher, until now all are good friends, having reinvested their money in some more legitimate business in which public opinion is not a factor.

—Millheim is likely to have a new Reformed church. —No person wants straw spelt backwards on the end of his nose. —Brisban & Shirk have put a large patent refrigerator into their meat market. —Ice cream at James Lohr's ice cream parlors on Church street, Saturday evening. —Friday and Saturday last were raw and blustery with little snow squalls mixed in. —When you come to town don't fail to stop in at Wolf & Son's and see the new goods. —Samuel M. Campbell has opened a store at Millheim for the sale of roller and other flour, feed, etc. —Building lots for sale, 1 mile east of the station, at Mikesonsville, \$45 to \$75 per lot. Apply F. Kurtz. —Spring and summer stock of ready made clothing is being unpacked at the Rochester clothing house, Bellefonte. —J. W. Henney and family left for Philadelphia on Monday morning and will return the latter part of the week. —Since Howard Homan won his Millin county lawsuit he looks six inches taller. His attorney must be one who Hewes to the line. —Fleming the tailor, Bellefonte, has opened up his new stock for suitings, for spring and summer wear. New styles will be worn this year and he has them in stock. —A young lady of Greene county, Pa., wrote upon an egg that she was ready to receive proposals for marriage, and sent it to market with a lot of others. It hasn't hatched anything worth speaking of yet. —Forker's Statesman. —At DuBois recently there was sawed at the big mill the largest log of the season thus far. It measured nearly 900 feet after going through the band saw, and the time taken to cut it was forty-five minutes. Cut our friend Sober beat that? —M. Fauble, proprietor of the celebrated Rochester Clothing House, in Reynolds new building Bellefonte, was in the city this week and brings back the finest line of ready made clothing and gents furnishing goods ever seen in this county. —There is still on the statute books in Rhode Island a law forbidding the smoking of a cigar on the streets of any city in the State. This summary law is not because the people of little Rhode object to the odor of a cigar, but because the smoke of one healthy toby would raise a cloud over the whole State and be injurious to agriculture. —A Connecticut sneak thief has exhibited enough nerve and openness to place him high up in the ranks of the professional burglar. He walked quietly into a bank, took off his hat and coat, hung them on a nail put on an office coat hanging close by and walked into the rear room, which contains the vaults. The directors were holding a meeting, and one sat in front of the door, blocking the passage. The thief politely asked him to move, and when the obliging director did so, the man went through the door, picked up the two largest bags of gold in sight, coolly walked out with them, and thief and gold were seen no more here.

SUICIDE IN UNION CO.

MRS. SAMUEL HUFFNAGLE ENDS HER LIFE IN THE PRESENCE OF HER CHILDREN.

On Friday evening, about 5 o'clock, this community was startled by the announcement that the wife of Samuel Huffnagle, living in West Buffalo township, about two miles from town, had killed herself.

Mr. Huffnagle was working at C. L. Shoemaker's and about 4 o'clock a shot was heard in the direction of his residence. In a short time his little girl, about 4 years old, came running across the fields and told him that mamma had shot herself. Taking the child on his back, Huffnagle started for home.

Upon arriving at the residence he found the woman lying dead on the North side of the smoke house, and near her was a single barbed rifle with which she had shot herself. She was lying upon her back, with the head turned partly to the left, a wound in the left eye and blood oozing from the wound and left ear. The left hand was some what burned and blackened by powder, and the right hand will grasp a piece of switch or limb, about a half inch in diameter and probably twelve inches in length. The indications were that she was in a sitting posture, the butt of the rifle resting on the ground, the left hand grasping the muzzle and holding it close to the eye, while the stick in the right hand was used to touch the trigger.

The little girl, who, on being questioned, said that "Mamma took the gun down and went out and shot herself."

On the margin of a piece of paper, torn from a New York Weekly World, was written: "Now when you come home take good care of the rest of them. Bury me where you please. This is my last."

The rifle was loaded with a hickory bullet instead of a bullet.

A P. I. ad. Italian bootblack polished fifty pairs of shoes yesterday, at a gaiter pair, by 3 o'clock of the afternoon. His eyes sparkled as he counted over the \$2.50 which he had earned by plying his Sunday vocation. He packed up his brushes and backing in his box, slung it over his shoulder, traded to his garret, put on his good clothes, and called on a Roman whom he had invited to dine with him. They went to a high-society Italian restaurant, where they sat down to a dollar dinner, in regular courses, with a fifty-cent bottle of Marsala, discuss the Abyssinian and Batenburg questions, and enjoyed life for four hours like Venetian dogs. The Italian bootblack, according to the boss of the restaurant, has just such a time every Sunday. On week days he works with his pick and shovel.

GENTLEMEN FOR AN HOUR.

A NEW TRIAL FOR JOHN W. JOHNSON.

Lock Haven, April 21.—In the case of John W. Johnson, convicted in February of murder in the first degree for complicity in the Colby murder. Judge Mayer to day granted a new trial, the time for which will be decided upon at the May term. The action of the Court was based soey upon legal ground, and the conduct of the jury. The fact that a local newspaper found its way into the hands of the jury and its comments upon the prisoner's probable guilt made a subject of conversation by the jurors while trying the case was the principal reason for granting a new trial.

A PREACHER ROUGHLY HANDLED.

New Bedford, Mass., April 18.—Rev. Charles P. Pittsley, of Westport Factory, was last night dragged by the hair from the home of Mrs. Melinda Gammons and roughly used at the hands of an angry crowd. He fled from the hands of his persecutors and sought refuge in a neighboring house. Alleged indiscreet intimacy with the woman was the cause.

AN OLD-TIME DEMOCRAT DEAD.

Saubury, Pa., April 19.—Major W. L. Dewart, a prominent and wealthy citizen of this place, died suddenly of heart disease at 2 o'clock this morning, aged sixty-eight years. Major Dewart was a prominent Democratic leader in this section and represented this district in the Forty-fifth congress. He was a member of the national convention which nominated Pierce, Buchanan, Douglas and Cleveland.

COLD WEATHER FAVORABLE TO THE WHEAT FIELDS.

This year the month of April has had rather cold and stormy weather and may result in late crops. The effect of the cold weather as claimed by many of our farmers, will be to kill the fly which has been so destructive to our crops the last two or three years. The grain fields are green and well set and promise fair crops which are sadly needed.

MOTHER OF SEVEN CHILDREN IN TWO YEARS.

Seymour, Ind., April 20.—Seven children in less than two years is the record of Mrs. Phoebe Lynch, who eighteen months ago gave birth to triplets, and who to-day is the mother of two boys and two girls. All seven, with their mother, are alive and healthy.
