"Didn't Know 1t Was Loaded."

The young man fell dead! A friend had pointed a revolver at him.

"He didn't know it was loaded !" We often hear it stated that a man is about midnight, drunk as a boiled owl, not responsible for what he does not it took him about half an hour to get adge and therefore convicts the man who excuses crime by ignorance!

"If I had only known" has often been an unfortunate's man's apology for next morning said: some evil unknowingly wrought, but in blood heavily charged with a winter's house was asleep. accumulations of the waste of the system, -- it is one's duty to know the fast and the consequences thereof. Our good old grandmothers knew for instance, that the opening of spring was the most perilous period of the year. Why?

Because then the blood stream is sluggish and chilled by the cold weather, and if not thinned a good deal and made to flow quickly and healthfully through the arteries and veins, it is impossible to have good vigor the rest of what is now known as Warner's Log anguish) -Oh I oh ! oh ! ee ! I thought Cabin Sarsaparilla, was plentifully made and religiously given to every member of the family regularly through March, April, May and June. It is a matter of record that this prudential preventive and restorative custom saved many a fit of sickness, prolonged life and happiness to a vigorous old age, and did away with heavy medical expenditures.

Mrs. Maggie Kerchwal, Lexington, Ky., used Warner's Log Cabin Sarsaparilla "for nervous sick headache of which I had been a sufferer for years. It has been a great benefit to me." Capt. Hugh Harkins, 1114 S. 15th St., Philadelphia, Pa., says 'it purified my blood and removed the blotches from my skin." Mrs. Aarea Smith, Topton, Berks Co., Pa., says she "was entirely cured of a skin disease of the worst kind," by Log Cabin Sarsaparilla. Bad skin indicates a very bad condition of the blood.

If you would live and be well, go to your druggist to-day and get Warner's Log Cabin Sarsaparilla and take no other,-there's nothing like it or as good,-and completely renovate your impaired system with this simple, oldfashioned preparation of roots and herbs.

Warner, who makes the famous Safe Cure, puts it up, and that is a guarantee of excellence all over the known world. Take it yourself and give it to the other members of the family, including the children. You will be astonished at its health-giving and lifeprolonging powers. We say this editorially with perfect confidence, because we have heard good things of It everywhere, and its name is a guarantee that it is first class in every particular.

FARM NOTES.

CORN FOR BREEDING COWS .- Most authorities say, and truly, that grain,

INCONSIDERATE. - A Harlem music teacher moved into a third-story flat. During the evening of the day on which he moved he spent several hours with some boon companions, and consequently when he went to his new quarters,

know. The law presupposes knowl- up the three flights of stairs, he falling down several times. An old lady who lived on the second

floor, while talking with the janitor

"I think that new tenant on the third a matter of general interest—as for in-stance that laudanum is a poison, that he move his plano during the day, innaphtha is a deadly explosive, that stead of waiting until everybody in the

BRIDEGROOM (on their way to Paris) -You're sure you're quite warm and comfortable, love?

Bride-Oh, yes, dear, quite.

Bridegroom-I don't like to see you sitting with your back to the engine, darling. You don't feel any draught? Bride-Oh, not the slightest.

Bridegroom (who does) -Then sweetest, would you mind changing places?

WITHOUT PAIN .- Patient (jumping the year. Hence, without exception, from the dentist's chair and crying with you said you pulled teeth without pain? Dentist (smiling pleasantly) -So I do;

it doesn't hurt me any.

"HAVE you any spring here in New York?" asked a Southern gentleman of a New York landlady.

"O, yes. we have spring now." "Well, if you know where it can be obtained I wish you would get a little of it and put it in my bed."

"Ah me!" sighed Potts, "I'm tired of living. The world is hollow, ambition's vain." "Come now!" said his chum, "I know the

symptoms: It's all your liver-that's very plain.

You need not suffer, for help is easy, Pierce's Pellets go right to te place. 'A friend to the bilious,' I well might call

There's nothing better; they'll suit your case.'

Potts ceased his sighing and bought the "Pellets."

No more he mourneth his hapless lot! His face is cheerful, his heart is lightsome, His melancholy is quite forgot!

Egg shell crushed and shaken in glass bottles half filled with water will clean them quickly.

Popular Education.

We sympathize with the feeling which often leads citizens to boast that no child born in this country need grow up in ignorance, and yet it is a fact that many people who have learned to read and write have never taught themselves to think. A man who suffered from catarrh, consumption, bronchitis, scrofula, or "liver complaint," might read, till his eyes dropped out, how these and many other diseases have been cured by Dr. Pierce's Golden Medical Dis-covery, but if he did not take the lesson to himself and test the virtues of this great medicine, his time would be thrown away.

Wash your flat iron in soapsuds and dry thoroughly, if they at all trouble you by dropping black specks.

For the cure of all disorders of the Stomach, Liver, Bowela, Kidneys, Bladder, Nervous Diseases, Loss of Appetite, Headache, Costiveness, Indi-gestion, Billousness, Fever, Inflammation of the Bowels, Piles, and all derangements of the inter-nal viscera. Purely vegetable, containing no mercury, minerals, or deleterious drugs.

Price, 25 cents per box. Sold by all druggists.

DYSPEPSIA: DRSPEPSIA! DR. RADWAY'S PILLS complaint. They re-store strength to the stomach and enable it to per-form its functions. The symptoms of Dyspepsia disappear, and with them the flability of the sys-tem to contract diseases. Take the medicine ac-oreding to directions are observe what we say in cording to directions, and observe what we say in "False and True." IF Send a letter stamp to DR. RADWAY & CO., No. 32 Warren Street, New York, for

False and True. "." Be sure to get RADWAY'S.

UGHITCH

"Rough on Itch" Ointment cures Skin Hu-mors, Fimples, Flesh Worms, RingWorm, Tet-ter, Salt Rhoum, Frosted Feet, Chilblains, Itch,

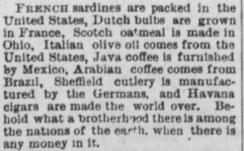

LIVER, BLOOD

and especially corn meal, should not be fed to cows with calf. It is too fattening, and increases the danger from milk fever or other diseases at farrow. ing time. But an old farmer tells us that he has always practised giving a always do well, drop their calves without difficulty, and he regards this feed as one of the causes of their easy parturition. The corn is not enough in fatten, and probably its beneficial effect | and \$1. is due to its influence in keeping the bowels open. Corn is a laxative food, roots cannot be had, it may in such they are not so dry and hard. cases be substituted for them. .

MUCK for fertilizing purposes should swamp muck. Both vary exceeding in their festilizing value. Use dry muck as an absorbent to the stable or compost bone and ashes with it, or manure fertilizer or some kind. Spread this on NELL, M.D., Manchester, O. your light soil and get it into clover. Plow that under and you will get the land up in fair condition for any crop.

MAKE a compost heap upon which to place the refuse of the farm, such as tops of vegetables that are not fed to stock, the rakings and leaves, and add a proportion of manure occasionally. Upon the heap throw soapsuds, urine and other liquids, care being taken to have all material cut fine. Dry dirt may also be added as an absorbent. It will prove excellent for the garden in spring, as its fine con-dition will permit of its being spread evenly.

VERY early lambs will begin to come in January and too much precaution to protect them from cold and keep them warm cannot be taken. Many young lambs become chilled at time of birth, from which they never fully recover. A good start at the beginning will add greatly to the thrift of the lambs If a ewe be deficient in milk give the lamb to some ewe that has lost her own. Always try to save them, as the early ones are valuable.

In constructing a stable, or other place for the accommodation of stock, it will be of great advantages as well as save food and labor, if the building be first sheathed with any kind of rough boards, and tarred paper (or any kind of thick, heavy paper) placed on, following with the weather-boarding. Such a stable will be free from cracks that allow the wind to enter.
