FRED KURTZ, -- EDITOR

## SOME DOCTORS

honestly admit that they can't cure Rheumatism and Neuralgia. Others say they can but don't. Athlophoros says nothing but cures. That's the secret of its success. Years of trial have proved it to be a quick, safe, sure cure.

Concord, N. H., Sept. 2, 1887.  
In my own family Athlophoros was used as a last resort, the user having suffered from rheumatism for years and having been treated for the disease by different Physicians in this State and Massachusetts without even temporary relief. Upon my recommendation several of my people have used this remedy with the same results claimed for it.

Send 6 cents for the beautiful colored picture, "Moorish Maiden."  
THE ATHLOPHOROS CO. 112 Wall St. N. Y.

## WHY DO YOU PAY RENT?

When the money given the landlord will purchase a better house than the one in which you live. Should you die before the payments are complete, your heirs receive a deed at once. Why not secure a home or business property on this plan enjoy all your earnings, and be confident that your family will not be turned into the street should you die. For further particulars apply or address

When Baby was sick, we gave her Castoria,  
When she was a Child, she cried for Castoria,  
When she became Miss, she clung to Castoria,  
When she had Children, she gave them Castoria.

## WESTERN STORMS AND FLOODS.

Towns Inundated and Many Persons  
Compelled to Leave Their Homes.

ROCKFORD, Ill., May 13.—The cyclone that  
visited this section last Thursday and visit-  
ed the village of Pecatonica, the largest  
town in the county was more severe than  
reported and latest intelligence shows it  
work to have been very destructive.  
Houses, barns, trees and fences were blown  
down and much property devastated. Sev-  
eral persons were injured but no fatalities  
are reported.

MARINETTE, Wis., May 13.—The water in  
Menominee River is higher than ever be-  
fore known, excepting the high water in  
May, 1878. The log jam in the storage boom,  
above the upper dam, containing 300,000,000  
feet of logs, has moved so as to liberate the  
vast volume of water beyond the jam, and  
fears were entertained that the whole  
would sweep into Green Bay, carrying rail-  
road bridges, and sawmills with it.

The water rose suddenly to upward of  
eight inches at the dam below, and some of  
the houses and streets in the city below  
were inundated, but the jam settled,  
crowded together and stopped the flow.

Although the water is still rising and  
warm rains prevail all over the country  
traversed by the upper tributaries of the  
river where there is deep snow, yet it  
is thought that the log jam is secure and  
higher water than ever before is antici-  
pated.

St. Louis, May 13.—The river is in an  
ugly mood here. The indications are that  
much property in East St. Louis will be  
swept away by the flood. Telegrams from  
Canton and Alexandria, Mo., state that  
the river has reached the flood stage  
of 1883, and that the railroad tracks  
are under water, and the inhabitants  
are panic-stricken at the outlook.

BURLINGTON, Ia., May 13.—The river at  
this point has been rising for the last week  
until it has reached a stage within two feet  
or less of the high water mark of 1881,  
which was the maximum stage of water  
reached for thirty years.

The low lands on the Illinois side oppo-  
site this city are covered with water, as  
are the low lying lands above the city on  
the Iowa side of the river.

The steamboat warehouses are flooded  
and the lumber yards are threatened.  
ISHPEMING, Mich., May 13.—A heavy thaw  
has submerged several miles of track on  
the South Shore Railroad north of Baraga.  
Passengers are transferred, as no train can  
cross the track, which is under two feet of  
water.

MARQUETTE, Mich., May 13.—By unprece-  
dently high water the double boom at the  
mouth of the Rock River has broken and  
500,000 feet of choice saw logs swept into  
the lake. The tug Adams has gone down  
with booms to save the logs.

## He Was in Great Demand.

PITTSBURG, May 13.—Miss Annie Palmer,  
aged twenty-two years and very pretty, is  
suing C. F. Gerty, aged twenty-four years,  
for breach of promise. The night the wed-  
ding was to have taken place the groom  
had gathered, when Gerty rushed in and  
saying that Miss Della Moody was waiting  
outside with a revolver to prevent the  
marriage, begged that it be put  
off. He later wrote to his fiancée:  
I told you I was up to see Dell. I told her  
I had everything arranged to get married  
and I asked her to allow me to. So she told  
me she was very sorry, but as I had every-  
thing ready she would have to be the bride  
herself and would not think of allowing  
any one to take her place. I offered her  
anything within reason, but she refused.  
She said she had the first and best claim  
and she was going.

## Gillig Will Pay in Full.

LONDON, May 14.—To a correspondent,  
who was accorded an interview with Mr.  
Gillig, of the wrecked American Exchange,  
the latter said: "Whether the liquidation  
gives the ten cents or fifty cents  
on the dollar, I stand pledged to them, if I  
live, to repay every penny of their claim.  
If I could have time now to realize the full  
value of the assets of the Exchange I  
would guarantee to pay the debt in full;  
but if they insist on wrecking everything  
by selling securities in a lump, regardless  
of the market, why, of course, we shall  
come out behind." He says he will never  
be connected in any way again with the  
concern, and would not accept a position  
with it in any capacity whatever.

## The Elizabethport Coal Piers.

PHILADELPHIA, May 13.—The Philadelphia  
and Reading Railroad Company has decided  
to give up its lease of the coal piers at Eliza-  
bethport, N. J. The shipments of coal from  
these wharves during 1887 amounted to only  
800,000 tons, while it is expected that the  
business done at the newly-acquired  
property at Communipaw, N. J., will more  
than double this. With the stations at Port  
Richmond and Port Liberty, both the exclu-  
sive property of the company, and with  
storage capacity aggregating nearly 800,000  
tons, the depot at Elizabethport is not con-  
sidered a necessity, and upon the expira-  
tion of the present lease it will not be re-  
newed.

## A Clergyman Hanged.

ATLANTA, Ga., May 12.—Rev. George  
McDuffie, colored, was hanged yesterday  
in Greensboro for the murder of William  
Cheney, also colored. McDuffie, though  
married, was enamored of Sarah Haines,  
whom Cheney was courting. He waylaid  
the couple on their way from church and  
shot Cheney down.

## Business Depression in Hawaii.

HAWAII, May 10.—Advices from  
Hawaii state that the country is suffering  
from business depression. The sugar crop  
has been heavy, and prices realized good,  
but the instability of the political affairs of  
the realm has made capitalists and in-  
vestors afraid, and they are leaving the  
country.

## Forty Cars Blown from the Track.

VALPARAISO, Ind., May 12.—Forty freight  
cars were blown from the track of the  
Nickel Plate Railroad, many of them torn  
to splinters and seventy telegraph poles  
prostrated by a tornado which passed about  
four miles east of this place last evening.

## Arbitration Instead of a Duel.

MACON, Mo., May 10.—Dr. T. J. Norris and  
Mr. J. A. Hudson, the local editors who en-  
gaged in a shooting affray some days since  
over professional differences, have agreed  
to submit their troubles to a committee of  
four citizens and thus avoid further hostil-  
ities.

## NEWS FROM WASHINGTON.

M. De Baussett's Plan for an Air Ship  
Items of Interest.

WASHINGTON, May 13.—Mr. A. De  
Baussett, who has invented the plan of an  
airship for carrying freight and passen-  
gers through the atmosphere, has received  
a partial recognition of his scheme  
from the House Committee on Ventilation  
and Acoustics, to which his bill was re-  
ferred to early in the session. Mr. De  
Baussett desired Congress to appropriate  
\$150,000 to construct the ship.

The President has appointed the fol-  
lowing Board of Visitors to the Military  
Academy: Hon. John V. Adams of Port-  
land, Me.; Dr. A. J. Battles of Macon, Ga.;  
Hon. Edward A. O'Neal of Florence, Ala.;  
Hon. Peter White of Marquette, Mich.;  
Professor W. D. J. Lummis of Perry, Ia.;  
General H. W. Shoups of Brooklyn, N. Y.,  
and Mr. Henry J. Lauriers of Philadelphia.

The House Committee on Post-offices and  
Post Roads ordered a favorable report on  
the bill to provide for postoffice buildings  
at a cost not to exceed \$25,000 each, at all  
places where the gross receipts of the  
postoffice for two years or more preceding  
shall have exceeded \$5,000 in each year.

The President has approved the joint re-  
solution accepting the invitation of the  
French Republic to take part in an interna-  
tional exposition to be held in Paris in 1889.

## Cora Not on Exhibition.

WASHINGTON, May 11.—Mr. Fellows, the  
father of Cora Belle Fellows, who recently  
married Chaska, a Sioux, says that the sto-  
ry sent from St. Paul yesterday that the  
couple had accepted an offer of \$5,000 for a  
ten week's engagement in a dime museum  
is an outrageous lie. It is suspected that  
some museum manager may have thought  
of exhibiting a bogus Mr. and Mrs. Chaska.

## Manning on a Silver Certificate.

WASHINGTON, May 11.—The Secretary of  
the Treasury yesterday approved a new de-  
sign for a twenty-dollar silver certificate.  
The face of the note has in its center a fine  
portrait of the late Secretary Manning. To  
the right and left of this vignette are fig-  
ures representing Labor and Prosperity.

## DESTROYED BY NATURAL GAS.

The beautiful structure, St. Paul's Cathed-  
ral Reduced to Ashes.

BUFFALO, May 11.—St. Paul's Cathedral  
of the Episcopal Church, the handsomest  
structure in Buffalo, was destroyed by fire  
yesterday. Only the walls and spire remain.  
The fire started at 9 o'clock, after an ex-  
plosion of natural gas in the basement of  
the church. The gas was supplied to the  
furnaces. The heavy doors on Erie and  
Pearl streets were blown out, and the  
flames at once burst through the stained  
glass windows. The crowd that stood by  
saw the church illuminated as never before.  
All the splendid windows were aglow and  
Christian legends, wrought in stained  
glass, stood out in clear outline and bril-  
liant coloring as the flames ate their way  
through the church.

## Thirty-seven Short Horns for \$14,335.

ST. PAUL, May 12.—At J. J. Hill's sale of  
short horns at his farm at North Oaks, H.  
F. Brown and Col. King, of Minneapolis,  
were the heaviest buyers. There were  
thirty-seven animals sold for \$14,335. The  
highest price paid was \$1,900 by B. C. Lam-  
sey, of Buffalo, for the imported Duchess  
of Ramfaint St. William Steele, of Ionia,  
Mich., paid \$1,550 for Grand Duchess of  
North Oaks St. and H. C. G. Bala, of In-  
dianapolis, paid the same price for North  
Oaks Lady of Oxford.

## Mexico and the United States.

NOGALLES, A. T., May 1.—The Secretary  
of War at the City of Mexico has notified  
Mexican officers along the border that  
hereafter the penalty of death will be im-  
posed for crossing over into the United  
States with troops and interfering with  
the affairs of citizens of a friendly nation.  
This action was taken after inquiry into  
the cases of Colonel Arce and Lieutenant  
Guitierrez, who resorted to a prisoner from  
the American authorities.

## Deadlock in Lansing's Council.

LANSING, Mich., May 13.—The Common  
Council of Lansing had a deadlock session  
of twenty-two hours, which ended last  
evening in the election of Democrats to all  
of the city offices, including Marshal. The  
vote of all the members was required to  
make the election legal, and Mr. Edson a  
Republican was purposely kept hidden.  
He was found last night and forced to vote,  
and as the count was a tie the Mayor's vote,  
Democratic, settled the contest.

## A \$300,000 Fire at Hot Springs.

HOT SPRINGS, Ark., May 12.—A fire,  
which started in a laundry yesterday after-  
noon, communicated to buildings close by  
and in an hour there were at least forty  
dwellings, the gas works, the gymnasium  
and a number of storehouses burning  
fiercely. The loss will aggregate at least  
\$300,000.

## Spring at Sault Ste. Marie.

SAULT STE. MARIE, Mich., May 13.—The  
passage above Iroquois Point is still closed,  
and twenty vessels are in the lee. The  
barge Warner is sunk, and the Andrew J.  
Smith left with pumps to raise her. The  
Cumberland is aground at Church's, and a  
tug sent is unable to move her.

## Loss By Forest Fires.

ORLEANS, Mass., May 10.—The forest fire  
that started in South Brewster Tuesday  
burned rapidly toward Orleans, and many  
acres of valuable woods with a large quan-  
tity of corded wood were destroyed. The  
loss is estimated at from \$10,000 to \$15,000.

## Worth \$20,000,000 and Seized.

VIENNA, May 13.—Herr Vonkegel who  
was heir to a fortune of \$20,000,000 florins  
and was styled the handsomest man in the  
empire, and the most prominent sportsman  
in Hungary, has committed suicide on his  
estate near Stuhlfeldsburg.

## New York's High License Vetoed.

ALBANY, May 10.—Gov. Hill has vetoed  
the Crosby High License bill. The veto  
was sent to the Assembly at 4 o'clock  
yesterday afternoon. The principal reasons  
given are that the law is unjust to the con-  
sumer and also to the small dealer.
