

MYSTERIOUS FATALITIES.

What is it That is Killing so Many Prominent Men.

The death of Kaiser Wilhelm, ex-Gov. Hoffman, Banker J. W. Drexel, Lieut. Gov. Dorsheimer, Dr. Carpenter, Chief-Justice Waite and Genl. B. H. Brewster, in quick succession, and all from the same cause although having different names, is startling.

March and April are fatal months, not only for consumptives but also for many diseases more disguised but none the less fatal.

Gov Hoffman had heart disease, Gov. Dorsheimer, apparently a strong, well, robust man, over six feet high, sickens and dies in four days of pneumonia.

Chief-Justice Waite meets the same fate and he was apparently the personification of vigor.

Drexel, the Philadelphia banker, and Brewster, Ex-Atty. Genl. were suddenly cut off in the midst of great usefulness, by Bright's disease, and Dr. Carpenter, the well-known New York physician, suddenly died of Kidney disease, never having suspected that he was troubled therewith.

This reminds us of the case of Dr. Frank Hawthorn, of New Orleans. He was lecturing before the Louisiana university on the peculiarly deceptive character of Kidney disease and the methods of microscopical and chemical tests.

After having shown specimen after specimen of diseased fluids, and made very clear the point that Kidney disease may exist without the knowledge or suspicion of the patient or practitioner, with gracious self-confidence he remarked, "Now, gentlemen, let me show you the healthy water of a strong, well man."

He applies the test! He staggers! "Gentlemen, I have made a terrible discovery! "he gasps, "I myself have the fatal Bright's disease!"

In less than a year the specialist of the commonest and most fatal of diseases was dead. He was a victim of advanced Kidney disease the presence of which in himself he had never suspected!

L. B. PRICE, M. D., a gentleman and physician of the highest standing in Hanover Co., Va., four years ago, after trying every other remedy for Bright's disease, including famous mineral waters, cured himself by Warner's Safe Cure, and March 24, 1888, wrote: "I have never had the slightest symptoms of my old and fearful trouble."

Mr. JOHN DOUGHERTY, of Concord, N. H., was given up by Bright's disease by the best physicians in 1879. He was in a dreadful state, after using and being cured in 1881 by Warner's Safe Cure, in 1887, he wrote: "I am better than ever."

JOHN COLEMAN, Esq., 100 Gregory St., New Haven, Conn., was first taken sick in 1875, gradually ran down until he had pronounced Bright's disease, rheumatism, and all the other deceptive signs of Kidney disease. The best physicians in New Haven could do nothing for him. He then began using Warner's Safe Cure, 200 bottles of which he and his family have used and he is cured.

W. T. CRAWFORD, proprietor St. Charles Hotel, Richmond, Va., and well known all through the South, several years ago was in the death-agony from kidney disease, convulsions and bright's disease. The best Philadelphia specialists in such diseases pronounced him practically dead and incurable. Everything else failing, he took Warner's Safe Cure abundantly and regularly, until fully restored health, and now he says, "After a lapse of many years I am as sound as a dollar, with no symptoms of my old trouble. I owe my life to Warner's Safe Cure."

Kidney disease is the most deceptive, the most universal, the most fatal disease. If the most learned men cannot know without the use of microscopical and chemical tests that they have kidney disease, how much more liable is the layman to be, unknown to himself, in the very jaws of death, who does not feel as well as formerly, but who does not think anything specially ails him, and whose physician may assure him that he will soon be "all right."

In these days, people recognize that it is wiser to prevent disease than to wait its arrival to cure it. When you know that you may be in the greatest peril and not have any idea of the fact from any defined set of ill-feelings, the wisest course to pursue is to follow the counsel and experience above outlined, and thoroughly renovate the system, cleanse the blood, tone the nerves and insure your own life against these common, mysterious fatalities.

THREE-year-old Ralph, who had been eating grapes, begged for another bunch which he saw on the buffet. "No," said his mamma, "I will give you that bunch tomorrow." Half an hour after he appeared with his lips suspiciously stained. "Ralph," asked his mamma, gravely, "how did those stains come on your lips?" "Mamma," he replied, quite as gravely, "they are from the grapes I am going to eat tomorrow."

DISSATISFIED COLONEL—I expected captain, that the general would send me men of experience for this expedition. I wanted an officer to lead men who had seen service. I dare say you never led anything?"

Captain—I led the german last summer at Newport.

If some one who knows would explain why there is so much more conglutination to the square inch in a church congregation than in a theatre audience he would solve a much-vexed question of the hour.

It is said that Jay Gould enjoyed the novel sensation of a short balloon trip in Paris. He's got the earth, and he probably went up to take a look at the sky.

"A VERY clever girl that stupid Miss Blum who just went out." "Clever? Why, she never opens her mouth!" "That's where she's clever."

"Oh!" exclaimed a young lady ecstatically, "wouldn't it be lovely to paint those flowers?" "No, dear," responded another, "they look nice enough without being painted."

TEACHER—In what battle was General Blum killed? Right Boy—His last one.

FARM NOTES.

OLD horses often do not do well because their teeth get sharp or sore. They should be examined and filed smooth. There is a file called a "float" made on purpose to do such work. If one cannot be had a blacksmith's file will do very well in the hands of a careful man. Examine and see if the grinders are not rough and sharp on the outside so that they cut the inside of the cheeks. If they do this the horse will not chew well and oats will not be masticated nor will they eat much hay. Horses often get poor on account of their teeth hurting them. Young horses are sometimes affected but not so frequently as old ones. The grinders should be made level so they will fit to each other or else the food will not be chewed and there will be a constant waste.

IT is no small job shelling 200 or 300 bushels of corn, whatever method is adopted. Perhaps for economy in labor and ease the old way of tramping it out by horses is as good for large lots as any. The hand shellers require two men to work them to advantage, one to turn and another to place the ears. One hundred bushels a day is pretty good work, and no time must be lost at that during the day. Still a hand sheller saves a good deal over the naked hand. In shelling corn for poultry it is better to shell and feed one ear at a time, giving the fowls a chance to eat more slowly, but this can be managed by feeding slowly even though the corn is all shelled before the feeding begins.

RATION FOR LAMBS.—One of the best practical farmers in central New York, Jonathan Talcott, of Ionia, says that the best ration for young lambs has not yet been found out, but of which lambs are very fond is composed of equal parts of corn and oat meal, linseed meal and wheat bran. This will probably be considered by many a rich feed; if so, they can reduce the corn and linseed-meal, and so make less fattening food. He prefers the corn and oats ground for young lambs to whole grain. After they become large, and for grown sheep, whole grain is preferred for his feeding, as the sheep grind their grain very effectually themselves, thus saving the trouble of getting it ground.

ONLY one quart of milk per cow for each day may be the turning point between profit and loss in the dairy. As some cows will yield twice as much as others, it becomes the duty of the dairyman to raise his cows and use only those from good milking families. No dairyman can succeed who buys fresh cows to replace those that dry off, as the chances are against him. No cow can be depended upon as a milker until she shall have been tested.

As a green manurial crop sow four bushels of the Southern cow pea in May on an acre of ground. After it shall have begun to blossom, and become green and bushy, turn the crop under, using a two-horse plow, with a chain, for pressing down the vines. It decomposes quickly, and if twenty bushels of lime be then applied the and will be suitable for grass.

CLEAN UP.—Early in the spring is the time to clean up your yards, gardens and premises generally. Decaying vegetable matter left out over winter, breeds diseases upon the return of warm weather. Direct the attention of your wives and servants to this important fact, and have them attend to putting everything in proper sanitary condition, while you sit in some other fellow's business place, telling what you would do if you were a single man and had a thousand dollars.

A DAIRY woman gives the following advice about churning. Cream should never be churned fast until it has thickened some, as it is likely to become frothy, especially in cold weather, as there is more milk taken off with the cream than in warm weather, where open setting is practiced. If one is in a hurry the best plan is to make haste by churning slow at first.

WHEN a piece of land is not fit for cultivation, yet produces a crop of some kind, even of weeds, it may be devoted to sheep, as the sheep will eat young weeds readily.

A Great Offer. In another part of this paper will be found the advertisement of a prominent Soap Manufacturing Firm of Buffalo, N. Y. The offer is a peculiar one from the fact that this firm will send to any subscriber a postal card, a case of assorted Family and Toilet Soap on 30 days trial. The Soap is probably as fine as can be made; but yet in addition, there will be packed in each case, for a limited time, a great array of presents, including extra soap, for which no charge is made. You cannot see the offer to miss it. Write at once to J. D. Larkin & Co., Buffalo, N. Y.

THE water for military posts should come from drilled wells.

PROUD FATHER—I believe, my dear, that that baby knows as much as I do.

Mother (grazing at the infant)—Yes, poor little fellow.

FROM a pretty woman's album—"A stupid fellow compliments a woman on her pretty teeth, but a clever one makes her laugh."

A 2-YEAR-OLD boy can be kept quiet for a minute and a half if you give him a hammer and a mirror.

A fair trial of Hood's Sarsaparilla for scrofula, skin eruptions, or any affection caused by impure blood, or low state of the system, will be sufficient to convince any one of the superior and peculiar curative powers of this medicine. Buy it of your druggist. 100 Doses One Dollar.

A small piece of salt pork cooked with string beans adds a flavor and richness liked by many.

FITS: All Fits stopped free by Dr. Kline's Great Nerve Restorer. No matter how long they have been. Send to Dr. Kline, 511 Arch St., Philadelphia, Pa. Bookkeepers have very properly been shown of doors and excluded of such a silk suit & etc.

That Tired Feeling

is experienced by almost every one at this season, and many people resort to Hood's Sarsaparilla to drive away the languor and exhaustion. The blood, laden with impurities which have been accumulating for months, moves sluggishly through the veins, the mind fails to think quickly, and the body is still slower to respond. Hood's Sarsaparilla is just what is needed. It purifies, vitalizes, and enriches the blood, makes the head clear, creates an appetite, overcomes that tired feeling, tones the nervous system, and imparts new strength and vigor to the whole body.

Hood's Sarsaparilla "My appetite was poor, I could not sleep, had headache a great deal, pains in my back, my bowels did not move regularly. Hood's Sarsaparilla in a short time did me so much good that I feel like a new man. My pains and aches are relieved, my appetite improved. I say to others try Hood's Sarsaparilla and see." G. T. JACKSON, Foxbury Station, Conn.

Makes the Weak Strong "I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling." C. PARKER, 310 Bridge Street, Brooklyn, N. Y.

Hood's Sarsaparilla Sold by all druggists. 511 Arch St. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar

MARVELOUS MEMORY DISCOVERY.

Wholly unlike artificial systems. A sure method of reading. 1000 copies of this new reading system, published in 1897 at Baltimore, 1905 at Detroit, 1906 at New York, and 1907 at Boston, large classes of Columbia Law students, at Boston, and at the University of Michigan, at Ann Arbor, Michigan, at the University of Toronto, at Toronto, Canada, at the University of Pennsylvania, at Philadelphia, Pa., at the University of California, at Berkeley, Cal., at the University of Wisconsin, at Madison, Wis., at the University of Illinois, at Urbana, Ill., at the University of Michigan, at Ann Arbor, Mich., at the University of Pennsylvania, at Philadelphia, Pa., at the University of California, at Berkeley, Cal., at the University of Wisconsin, at Madison, Wis., at the University of Illinois, at Urbana, Ill., at the
