Nonquitt, Mass., July 9 .- The man of war Swatara, with Gen. Sheridan on board, dropped anchor off Nonquitt yesterday after-noon at 2 o'clock, and last night the invalid commander in chief of the army of the United States slept peacefully in his pretty little cottage near the shore. The trip from New London was made under the most favorable conditions, and the removal of the patient to his cottage was accomplished with absolute comfort to him. A stretcher and Commander McGowan's gig, manned by eight sturdy tars, were utilized in transferring the general to his cottage. An invalid bed, in the front room on the ground floor, was there in readiness for him, and as he was

It was an uncommonly exciting day for this sequestered little hamlet. The advent of a stranger is in itself enough to make a commotion, but when the outer bay was seen to be dotted with the sails of small craft of all kinds and when hundreds of buggies, carryalls and buckboards came down through the woods, the commotion was increased tenfold. The boats and the vehicles brought country folk from twenty miles around, all of whom had but one thought, and that was to see the famous old hero of Winchester. No one expected the Swatara to arrive before evening, so that the visitors prepared for several hours' lounging about the hotel and in the neighboring groves.

About noon the Swatara was sighted on the horizon and the news carried to the expectant people at the hotel. They all left the dinner table and took positions where they could see the vessel as she slowly approached. The Sheridan children-Mary, the eldest; Louise and Irene, two twins, and 4-year-old little Phil—with Mrs. Kellogg. wife of Col. Kellogg, the general's aide, and Cline, the general's body servant, also came down to the shore to catch a glimpse of the ship. It took the Swatara a full hour and a feated. half to reach Nonquitt after she was first seen, and it was exactly two minutes after 3 when she dropped her anchor in the bay.

THREE MEN KILLED.

A Terrible Boiler Explosion in an Allentown Silk Mill.

ALLENTOWN, Pa., July 10 .- The seventy horse power boiler at the Adelaide silk mills exploded yesterday, wrecking the engine house and killing three men.

The firemen, Frank Sterner and Henry Borreo, were struck by flying pieces of the boiler and instantly killed, and the engineer, Hiram Sell, was caught by a crank of the engine and pinioned to the floor. He was subsequently released and carried to his home, where one of his legs, which had been broken, was amputated. The injuries which he received and the shock caused by the amputation of the leg exhausted his vitality and he died three hours after being taken to his home. Two men were slightly injured by the flying debris. The 200 operatives who were in the mill at the time all escaped injury.

The Republican Clubs at Saratoga. SARATOGA, July 10.-Secretary Lemaier, of the State Republican league, has arrived at Congress hall, and Senator Evarts will arrive to-day. There will be a grand parade to-morrow morning, a meeting of the executive committee this evening and the first meeting of the convention to-morrow afternoon in the Casino. Senators Evarts, Frye, Miller, Spooner, Congressmen Boutelle, Burroughs, Goff and Hon. Ed Wolcott, the young Demosthenes of the west, who won such universal renown by his famous "New England and the West" speech in New York last winter, will be here to-day. Over 500 clubs will be represented, bringing an attendance of 4,000, for which accommodations have been arranged.

Fourteen Years for Pitcher. MONTREAL, July 10 .- The preliminary investigation into the charge against Charles Pitcher, the late teller of the Union bank of Providence, R. L., was continued. Mr. Hatton, Q. C., counsel for the bank, states that the bank is now in possession of all the stolen bonds and securities which were seized in London Saturday. There will be no compromise. Mr. Hatton said: "We will give Pitcher fourteen years." It is rumored that Mr. Greenshields, who is crown prosecutor, and who is partner of Mr. Guerin, counsel for the defense, will resign his office and lend Pitcher the use of his legal abilities in the court of queen's beach, in the event of his being committed.

More Rumors About Jay Gould. New York, July 10 .- Rumors that Jay Gould is very ill have again been put in circulation. Mr. Gould has not been at his office since returning from his western trip. Such absence is an unusual thing for him, but his family deny that he is ill. A DYNAMITE PLOT.

The Burlington Strikers Said to Be Conspiring Against the Road.

CHICAGO, July 9.—On Friday of last week two men, claiming to be members of the Brotherhood, were arrested on a train just or side this city. A package of dynamite lay estween them on the seat. The Burlington officials claim to have discovered an extensive plot, involving some of the Brotherhood's aighest officials, to wreck trains and damage SURROUNDED BY HIS FAMILY. the Burlington road's property with dynamics. CHICAGO, July 9.—If the present crisis in the affairs of the two great brotherhoods does not result in a general strike it will not be the fault of the radical faction. Their leaders are busy bracing up the more conservative members of the two organizations. Hoge is the recognized leader of the radicals, and

voiced the general sentiment when he said: "If the railroads, through the dictation of the Burlington, are ready to declare open war upon the Brotherhoods, we are ready for them. It is asserted, and I am inclined to believe the statement is true, that wholesale arrests of men prominent in the present strike will be made when Stone, of the Burlington, gives the word. I have said before, and I say it again, that if any such thing takes place, every road in Chicago will be tied up in thirty-six hours."

"Are the men ready and willing to make such a move?" "I should say they were. Do you imagine that they would tamely submit to the consummation of such an outrage? No, sir, they

This kind of talk was not confined to the Burlington strikers. During the evening engineers from the Chicago, Milwaukee and St. Paul, the Chicago and Northwestern, and the Fort Wayne and other roads called upon Hoge, and held long consultations.

A Clever Woman Thief Captured. PROVIDENCE, July 10 .- Mrs. Leila Ferdinand, a colored dressmaker, has been arraigned on the charge of having, on June 22, a a writing desk containing the house in Angel street of Frederick E. M. Riddell (colored). She pleaded guilty, and was bound over in \$2,000. The police after two weeks work traced the theft to Mrs. Ferdinand, and found \$1,450 of the money on her president in Mex- premises. She confessed that she had given some of the money to ber husband, telling him that she had found it in the street, and said he had gone to New York with it. Sheriff Smith and Constable Shattuck went to New York Saturday, found Ferdinand Sunday, and recovered \$1,050. They let him go, as he believed his wife had found the money. Besides the cash the sheriff has recovered two watches, jewelry, dresses, etc., worth \$500, bought with a portion of the stolen money.

> Parents Plead for Their Son's Life. JEFFERSON City, Mo., June 10.-Mrs. Hannah Brooks and daughter, accompanied by P. W. Fauntieroy, Maxwell's attorney, have arrived here. Mrs. Brooks and daughter called upon Governor Moorehouse. Mrs. Brooks presented her plea in behalf of her son in a few words. She implored the governor to save her son's life, assuring him that he never killed Preller with murderous intent. Mr. Fountieroy also presented a letter from Mr. Dickson, of England, Preller's former employer, which stated that Preller's parents were anxious that "Maxwell's" sentence be commuted, as they believed that his execution would be the cause of the death of one or both of Maxwell's parents. The attorneys of Maxwell continued their plea before the governor, who has asked for some further facts in the case, which will probably delay the final result a day or two.

> The Iron Lockout Dwindling. PITTSBURG, July 10 .- Two more mills have been gathered into the Amalgamated fold. They are the New Albany Structural iron works, of New Albany, Ind., and the Kittanning iron works, of Kittanning, Pa. The former makes structural iron only. Singer, Nimick & Co.'s west end mill was to "start up in full blast" yesterday, but it didn't. Until Saturday the employes of the mill were apparently wavering between a desire to go to work in spite of the orders of their officers and a wholesome fear of the consequences resulting from such a step. Saturday Unity lodge, of the Amalgamated association, resolved that every member was ordered out, and that any one continuing to work was "black listed." On the same day the Knights of Labor also determined to stay out.

The State Convention Meets in the Middle of August.

WARNER MILLER FOR GOVERNOR.

Several Names Mentioned for Second Place on the Ticket-Syracuse the Probable Choice of the State Committee. The Democratic Executive Committee.

NEW YORK, July 10.-The Republican State committee will meet at the Fifth Avenue hotel to-day for the purpose of calling a state convention which will nominate candidates for governor and lieutenant governor. There were very few members of the committee in town last night. Chairman John N. Knapp, of Auburn, arrived in the afternoon and Committeeman John A. Quackenbush, of Troy, shortly afterwards. It was the opinion of these gentlemen, as it was that of the New York politicians present, that the convention would be held at Syrause between Aug. 15 and 20.

There were some Republicans who favored Saratoga, but their reasons were overcome by the argument that Saratoga in the middle of August was crowded, and that the statesmen would be put to considerable discomfort. It was the general sentiment that the convention would finish the business in one Warner Miller is said to be almost sure of the nomination for governor. The second place on the ticket will come to New York, the politicians say, and a lively contest is expected between statesmen ambitious to swing the gavel now controlled by Jones, of Binghamton.

The latest candidate for the honor is Col. E. A. McAlpin, of the Twenty-second regiment. Robert Ray Hamilton's name is also mentioned. So is Senator J. Sloat Fassett's but the latter, in accepting the place of national committeeman, waived all right or

claim to a state nomination this fall. Chairman John N. Knapp said to a reporter: "The desire of the party is to have an early convention in order to have a long campaign, that the issues that are to be presented to the people may be thoroughly un-

Calvin S. Brice, of Ohio, will probably be elected chairman of the executive committe of the Democratic national committee. It is rumored among the politicians that the po-sition had been offered to Senator Arthur P. Gorman, of Maryland, and refused. Congressman William L. Scott, of Pennsylvania, when asked if this was true, said that he had never heard of it.

An Interview With Gen. Fisk. DETROIT, July 10.-Gen. Clinton B. Fisk, Prohibition candidate for president, is in the city for a few days on private business. In an interview, he said:

"I haven't entered in the campaign in reality yet, but during the last week or ten days in June, I think, I received as high as a thousand letters daily, many of them from persons who had heretofore voted with old parties, all giving assurance of the writer's support. The little, sickly annex called the temperance plank which the Republicans nailed to their platform has driven thousands of temperance voters into the Prohibition ranks."

She Tried and Knows.

A leading chemist of New York says: "No plasters of such merit as the Ath-lo-pho-ros Plasters haveever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, aches, weakness, lameness, etc., they are unequaled.

The Athlophoros Flaster acted like maric. It is the best I over tried and I have used many kinds. Our druggist said "plasters are all about the same" but I don't think so now. I sprained my arm and shoulder in July, and it has been painful since, but it does not pain me at all now.
