FULLER CHIEF JUSTICE.

His Nomination to the High Office Confirmed by the Senate.

WASHINGTON, July 23.—The nomination of Melville W. Fuller, of Chicago, to be chief justice of the supreme court of the United States was confirmed by the senate by an affirmative vote of 93 against 50 negative votes.

Messrs. Cameron, Cullom, Davis, Farwell, Frye, Hale, Jones of Nevada, Mitchell, Quay and Riddleberger.

All of the Democrats present voted for confirmation. They were Messrs. Bates, Beck, Berry, Blackburn, Blodgett, Brown,

MELVILLE W. FULLER. Butler, Cockrell, Coke, Daniel, Faulkner, George, Gibson, Gorman, Gray, Hampton, Hearst, Jones of Arkansas, McPherson, Morgan, Roscan, Pasco, Payne, Pugh, Ransom, Turpie, Vance, Vest, Voorhees, Walball and Wilson of Maryland—A total of 31 Democrats.

Those voting in the negative were all Republicans and were as follows: Blair, Bower, Chandler, Dawes, Dolph, Edmund, Everts, Hawley, Hoar, Ingalls, Manderson, Palmer, Platt, Gahlin, Sawyer, Sherman, Stewart, Stockbridge, Teller and Wilson of Iowa, making in all 30 voting in the negative and 61 altogether voting on the subject, leaving 15 absent or paired, as follows: Messrs. Call, Saulsbury, Harris, Eustis, Kenna, Colquhoun, Chase, Morrill, Padlock, Spooner, Stanford, Hancock and Plumb—nine Republicans. This accounts for the whole membership of the senate—76.

AN UNTRUE WORLD STORY.

Mr. Randall's Physicians Deny That He Has Cancer of the Stomach.

PHILADELPHIA, July 24.—A story appeared in The New York World of a startling character, to the effect that Hon. Samuel J. Randall's Washington physicians had decided that he is suffering from cancer of the stomach, which is incurable, and that the distinguished senator had probably served his last year in congress. Dr. E. W. Martin, of this city, Mr. Randall's family physician, was seen, and when asked if the story in The New York World was true said: "It is not true. Mr. Randall hasn't cancer of the stomach. There is absolutely no truth in the statement. Dr. Martin visited Mr. Randall Sunday. He says he found him weak, but as well as could be expected. Mr. Randall will be brought to his home, near this city, some time during the present week."

WASHINGTON, July 24.—The physicians of Mr. Randall handed the United Press the following statement, which explains itself: Our attention having been called to the statement in The New York World yesterday, to the effect that Mr. Randall is suffering from cancer of the stomach, we would state that the assertion is entirely erroneous. Mr. Randall is not suffering from cancer of the stomach, and we do not know how such a story could have arisen. No such diagnosis has even been thought of by us.

"THOMAS F. MALLAN," "N. S. LINCOLN."

THE TWO NATIONAL COMMITTEES.

Democrats and Republicans Now Actively at Work.

NEW YORK, July 21.—Calvin S. Brice, chairman of the national Democratic campaign committee, arrived early at the headquarters in West Twenty-ninth street. He was joined soon after by Arthur Sewall, of the national committee.

Among the out-of-town visitors who dropped in were Henry Waterman, of the Louisville Courier-Journal, and John M. Lean, of the Cincinnati Enquirer.

Assistant Secretary Dickinson is hard at work with a corps of about twenty clerks attending the correspondence and other routine work.

At the Republican headquarters, No. 91 Fifth avenue, everything is now in working order. J. S. Clarkson, John C. New and G. A. Hobart, of the executive committee, were closeted together for several hours yesterday.

MINNEAPOLIS, Minn., July 21.—The position of assistant secretary of the national Republican committee has been offered to Joel F. Heathcock, present secretary of the state committee and editor of the Northfield News. He has been obliged to decline for business reasons, and some other Minnesota man will be selected.

Investigating Navy Yard Frauds.

BROOKLYN, July 24.—J. M. Heiskell, of the department of justice, and Paymasters Allen and Loomis made a private investigation into the alleged pecuniations at the navy yard. The investigators examined witnesses in the Lyceum building, and it was rumored around the yard that some of the expected testimony would result in the arrest of officials in high places, as well as some whose services have been dispensed with. Clerk Shea was released on bail and his examination adjourned. United States Marshal Stafford declares that the extensive publication of the case has put some of the men wanted out of the way, but they will be arrested, he says, if they don't go to Canada.

Increased Sympathy for Ireland.

DETROIT, July 24.—Rev. Dr. O'Reilly, treasurer of the National League, received \$5,000 from the municipal council of Philadelphia, to apply to the league fund. Dr. O'Reilly says the "murder of Mandeville has aroused the greatest activity among sympathizers of the Irish cause in this country, and that contributions are pouring in. Dr. O'Reilly sent the following cable to Sir Thomas G. Edmund: "Tell Biggar and Kenny an drafting each a thousand pounds. Tell murderers of Mandeville league is not dead."

The Tariff Bill Passed.

It Goes Through the House with a Majority of Thirteen.

FULL DETAILS OF THE VOTE.

The announcement that the bill had passed by a vote of yeas, 193; nays, 149, was made to the house at precisely 1:30 p. m. Cheers and shouts by the Democrats echoed throughout the chamber. A dozen members leaped to their feet and waved handkerchiefs and flags. Mrs. Cleveland and Mrs. Folsom smiled, and the women folk in the galleries laughed in unison.

The principal changes in the tariff bill since it was reported to the house from the ways and means committee, as shown in the measure as it passed the house, are: Items taken from the free list: Flax, hickled, known as dressed line; glue, gelatine and all similar preparations; fish glue, or isinglass; licorice juice, bone black, ivory drop black and bone char, all preparations known as essential oils, expressed oils, distilled oils, rendered oils, alkaloids and all combinations of these articles; china, clay or kaolin, plums and prunes, pulp for paper makers' use, batters' furs, not on the skin; hines, linned or flaxseed, marble of all kinds, in black, rough or squared; plaster of paris when ground or calcined; paintings, in oil or water colors, and statuary, not otherwise provided for.

There were added to the free list: Bags of jute for grain; nitrate of silver; alizarine, natural or artificial; olive oil, salad oil, cottonseed oil, whale oil, seal oil and neat's foot oil; glass plates or discs, unwrought for use in the manufacture of optical instruments, spectacles and eye glasses; German looking glass plates made of blown glass and silvered.

In the free list "books for binding or other purposes" were added to "iron and steel columns like."

To the dutiable list were added the following articles: Licorice juice, 35 per cent ad valorem; Paris green, 12 1/2 per cent ad valorem; iron or steel flat, with longitudinal ribs, for the manufacture of fencing, 4-10 of a cent a pound; new type for printing, 15 per cent ad valorem; rice flour and rice meal 15 per cent ad valorem; flax hickled, known as dressed line, 610 per ton; hemp and jute carpeting 6 cents

The changes made in the internal revenue features of the bill were unimportant.

WASHINGTON, July 24.—The Democratic members of the senate committee on finance intend to make a demand that the Mills tariff bill be considered in the regular way, section by section and paragraph by paragraph, and they will oppose the proposition of the Republicans to cast it into a pigeon hole in the committee room and give it no consideration. Republican members of the committee say it is probably no effort will be made to report a tariff bill at the session, and that the senate will be asked to authorize the committee to sit during the recess of congress, continue to give hearings to those interested in the various industries, and get a bill ready to be reported when the senate meets in December. If this is done congress can adjourn by the latter part or even the middle of August.

THE SINGLE TAX IDEA.

It Is Said That Over Thirty Congressmen Believe in Henry George's Theory.

WASHINGTON, July 23.—The Post, in an article referring to the recent conversion of Judge Reid, of Tennessee, to the single tax idea, after quoting that gentleman's avowal that he believes in Henry George's plan for a single tax on land values, and that the Democratic party is tending toward free trade and finally toward the single tax, says: "It is not without interest to watch the growth of the single tax idea. The arsenal is now to be over thirty members in the house and representatives who believe in it, coupled with an income tax. But they keep rather quiet about it at present. Representative Tillman is a great admirer of Henry George. Congressman Smith, the Milwaukee independent, who will, however, support Cleveland, says that the drift of public sentiment is toward the Georgean idea. Representative Dingley, of Maine, has for a Democratic opponent an ex-printer by the name of Allen, who is a single tax advocate. He was nominated by what is said to be the largest and most enthusiastic convention ever held in that district. It numbered over a thousand delegates. There isn't much chance of his winning, but he will make a lively campaign."

CHEERFUL CROP REPORTS.

Promising Condition of Wheat and Corn in Many States.

WASHINGTON, July 23.—The weather during the week has been favorable for the growing crops in the wheat and corn regions of the northwest. The recent heavy rains, followed by an excess of sunshine, have greatly improved the condition of corn and oats, which are generally reported in excellent condition, but more rain is needed in portions of Michigan for these crops. Reports from Kansas indicate that crops have been considerably damaged by hail. Reports from Kentucky, Tennessee, Arkansas, Louisiana, Alabama and Mississippi show that the crop conditions have been improved by the favorable weather during the past week. More rain is needed in North Carolina, although in the latter state the weather was favorable to cotton. In New Jersey and Pennsylvania the wheat, rye and hay harvests have been about completed during the favorable weather of the past week. The weather conditions in these two states have been unusually favorable for staple crops.
