It Was Yellow Fever.

NEW YORK, Sept. 17.-A question having been raised by Mr. Wilson, a friend of Professor Richard A. Proctor, as to whether it was yellow fever from which the victim died, an autopsy was conducted by Drs. Pruden and Briggs. The conclusions of the physicians are such as to confirm the diagnosis of the at-tending physician. Mr. Proctor died of yellow fever. Mr. Wilson expressed himself as entirely satisfied with the results of the examination. Dr. Bryant said that funeral services would be held to-day, and that then the body would be buried. He would not reveal where the services would be held nor in what cemetery the body would be buried.

Racing with a Flood.

PITTSBURG, Sept. 15. - Commissioner of Highways Andrews, City Engineer Brown, Street Commissioner Hunter and three assist ants had a narrow escape from death.

Shortly before dark they entered a large sewer on Forty-eighth street to inspect it. When they started in there was no sign of rain, but a few minutes later a heavy storm passed over the city. The party had proceeded about 1,000 feet when they were startled by the noise of rushing waters.

Before they could turn the water was upon them and they had to run for their lives, and by the time they reached the entrance the water was up to their waists. A moment later the sewer was filled to its utmost capacity.

The New York State Convention.

BUFFALO, Sept. 13 .- The Democratic state convention completed its work very expeditiously. Chairman Murphy opened the day session and nominated Hon. George Raines, of Rochester, for permanent chairman, and the choice was made accordingly. After the appointment of committees the convention adjourned to 6 p. m.

The work of the evening session resulted in the adoption of a platform, and the nomina-tion, all by acclamation, of the following state ticket:

For governor, David B. Hill, of Elmira, Chemung county.

For lieutenant governor, Edward F. Jones, of Binghamton, Broome county, For judge of the court of appeals, Clinton

Gray, of New York city and county. D. Cady Herrick, of Albany, was chosen permanent chairman, and made a lengthy speech on the issues of the campaign and the political outlook in the state. The committee on resolutions reported a platform of fourteen divisions, a synopsis of which follows: (1) The convention heartily approves of the declara-tions of the national convention at St. Louis and its nominations; (2) expresses satisfac-tion at President Cleveland's message on the fisheries question; (3) commends his course concerning the contract labor laws; (4) condemns trusts as conspiracies which limit pro-duction, fix the price of commodities without regard to the cost of production, reduce the wages of labor and strangle competition; (5) opposes sumptuary laws needlessly inter-fering with personal liberties, believes in reg-ulating and restricting liquor traffic by just and equitable excise laws; (6) favors the protection of the ballot and a certainty of honest returns; (7) arraigns the Republican party for neglecting to provide for state census and constitutional convention; (8) be-lieves in home rule for cities and favors re-vision of tax laws and legislation to prevent further adulteration of food; (9) condemns Republicans for neglecting legislation en-abling inmates of the soldiers hones to vote; (10) favors liberal maintenance of state canals; (11) favors laws making state convicts self supporting so far as possible; (12) pledges moral support to Gladstone, Parnell and as-sociates; (18) heartily indores administra-tion of Governor Hill; (14) extends greetings to Democrats in other states. the wages of labor and strangle competition;

She is a good looking brunette, 5 feet 10 inches tall, and has been in training since July 20, when the articles were signed. Reception to the Archbishop Elect.

pation.

NEW ORLEANS, Sept. 17 .- Dr. Francis Janssens, archbishop elect of New Orleans, was tendered a magnificent reception yesterday. He was escorted to the city from the Jefferson convent by a committee of 100 clergy and laity, and Dr. Thomas Layton delivered an address of welcome there. The archbishop made a brief reply of thanks. On arrival here a procession of religious societies, clergy and laity, marched escorting the prelate to the cathedral, which was crowded, thousands being unable to enter. After impressive ceremonies at the cathe dral the archbishop proceeded to a platform in front of the building, where in the presence of a great throng addresses of welcome

were delivered in Italian, German, French and English by prominent citizens representing the various nationalities. The archbishop responded suitably, and was then escorted to the archepiscopal residence.

Torn to Pieces by Cattle.

WICHITA, Kan., Sept. 17.—Robert Somer-ville, a young New Yorker, met with a frightful death. He was visiting at the ranch of Mr. Johnson, a stockman, south of here, and went out into a corral where are kept some fine cattle. A ferocious young bull at-tacked him, and before aid reached him he was gored to death. The cattle, about fifty in namber, afterward became unmanageable, and before the body could be taken from the corral they commenced fighting, and in the melee strewed the remains of the young man over the field. Two persons who attempted to rescue him were seriously, if not fatally, injured.

Insomnia Led to Suicide.

BROOKLYN, Sept. 17 .--- Carl Otto C. Muller, aged 68 years, export and commission mer-chant at 18 Beaver street, New York, shot himself dead at his residence in this city. He had suffered from insomnia for some time, but is not known to have had any business

on the 12th of this month he was mortally offended by an officer in the army at home He challenged the soldier. The challenge was accepted, with the usual privilege of selecting the weapons or the means to be used of satis fying the honor of both parties. In Hungary there are three methods allowable in such events-the sword, the pistol or what is termed the "American plan." This consists in each party drawing one of two balls-one white and one black. The man who draws the black ball is bound to dispose of himself either by shooting, hanging, drowning or any other way which may be decided upon by the challenged party before the balls are drawn. Barothy drew the black ball. It had been agreed that he who drew the black ball should kill himself by shooting on the third anni-versary of the duel. The anniversary took place last Wednesday. That night Oers walked to the shore of Lake Michigan, in Chicago, and in remembrance of his word and sent three bullets into his body and died. On the day of his death Oers bought a box

of mourning stationery containing twelve envelopes and twelve sheets of paper. On Wednesday last the box was forwarded to the brother at West Point. In it were only four sheets and envelopes. The others had been used in notifying his brothers, his adversary and the seconds in his duel of the approach of his death.

Mortgages Forged by a Young Woman. KALAMAZOO, Mich., Sept. 17 .- The county register's office was thronged with people de-sirous of knowing whether their titles are clear or not. Jennie M. Swetland, an employe of the office, was arrested recently for forging the discharge of a mortgage. An examination shows that her operations have been extensive. Perry Sherman, her uncle, has eight mortgages and transfers of some from other people to her, and none are gennine. Several of her relatives have been duped in a similar manner. Her swindles are said to foot up \$10,000, besides a large indebtedness to many merchants. What she has done with the money is a mystery. Her examination is fixed for Oct. 1.

Gruel Attempt to Murder a Boy. XENIA, O., Sept. 17.-Cedarville, in this county, about 5 o'clock last evening, was the scene of a cowardly and brutal attempt at murder. It seems that a lad named William Robinson, with a number of other boys, all in their teens, were standing on the sidewalk near the house of George White, who lived with his mother. He, supposing that they were stealing peaches from a limb that hung over the sidewalk, went to the second story window of the house with his shotgun, and lodged the contents in young Robinson's face, neck and breast. The boy is in a critical condition. White was promptly arrested, and brought to this city and put in jail.

The New York-Chicago Baseball Quarrel. PITTSBURG, Pa., Sept. 17.-In an interview Manager Mutrie, of the New Yorks, inti-Manager Mutrie, of the New Yorks, infi-mated that he would file a protest against giving Thursday's game to the Chicagos. He will do this on the grounds that a physi-cian should have been called in to examine Ewing's injuries, that Anson boasted after the game that his desire was to wear Ewing out, and that an affidavit by the latter was made before a Chicago notaxy unbit made before a Chicago notary public Thursday that his arm was too sore to continue playing.

Engineer Rilled and Fireman Injured. MANSFIELD, O., Sept. 17.-In a collision between two freight trains on the New York, Pennsylvania and Ohio railroad, about eight miles west of Akron, George Armstrong, en-gineer, married, aged 40, residing at Galion, was killed, and a fireman and brakeman seriously injured. The accident is said to have been the fault of a telegraph operator failing to deliver orders.
