Democrats, don't be lured into scratching either one or the other—you owe them a handsome majority for their past fidelity to the party. —The Watchman, of last week, says that rascals are attempting to practice a fraud upon farmers with a new corn, like the Bohemian oats swindle. It is astounding how farmers were bit in our county by the oats agents, and equally astounding how many new swindlers have been bred out of the Bohemian oats swindle to rob farmers, and the rascals want to be looked upon as honest men even.

—The Farmers' Review estimates that the yield of corn in Ohio, Indiana, Illinois, Iowa, Missouri, Kansas, and Nebraska, the chief corn-growing States, will be 1,435,184,858 bushels, an increase of 654,759,858 bushels as compared with 780,425,000 bushels, the yield reported by the Department of Agriculture for 1887. C. T. U. Mrs. Washington is an able and earnest worker in the temperance movement, and is a pleasant speaker and can hold an audience. A number of ladies from a distance attended the meeting and made an effort to have the membership of this organization increased. —A thirteen-year old son of Jacob Gutelius, of Millburg, one evening last week was fogged by his mother for some misdemeanor and sent to bed. Going up stairs he called back, "good-by mother, you won't whip me any more." Just then the sharp report of a pistol was heard and Mrs. Gutelius ran up stairs to find that her son had attempted suicide by shooting himself in the forehead with his father's revolver. The shot, however, was aimed too high and the ball only grazed his forehead and

TWO SERIOUS ACCIDENTS.

A MINISTER BADLY HURT IN EACH.

Quite a serious accident befell Rev. W. E. Fischer, of this place, on last Tuesday evening at about 8:30. He was at the roller mill to see the engineer, Aaron Harter, and on the mill being shut, Mr. Fischer, Mr. Harter and Mr. Gingerich of the mill hands left the engine house, and stepped on the platform in front of door, close to which was an excavation for a cistern from 5 to 8 feet in depth. Unluckily Mr. Fischer stepped back too far and went over the edge and down into the cistern. Fortunately he fell on the slanting side, where the fall was checked, and rolled several feet to the bottom. He first came in contact with an iron water pipe near the top, which also added to check the force of his fall. The men present at once jumped down to his assistance, and led Mr. Fischer to Bartholomew across the way, where he soon became unconscious. Dr. Emerick was at once summoned and found the right arm was broken near the wrist, the wrist dislocated, with bruises about the chin, hand, back and on his knee. He was then taken to the house of Will Kurtz, where the dislocation was restored and the fractured arm set, and then he was brot to his home in a carriage, suffering severe pains all night. The smooth slanting side of the cistern no doubt saved his life. He is getting along as well as can be expected under so serious an accident.

A RUNAWAY INJURES ANOTHER MINISTER AND TWO COMPANIONS.

A frightful accident occurred on last Sabbath evening, in Georges valley, while John Jordan was on his way, with horse and spring wagon, to Egghill Evangelical church. Mr. Jordan had two boys with him on the wagon, and reaching the residence of David Doup, with whom Rev. Miller, Evang. minister of our town, was stopping, Mr. Jordan insisted that the two latter get on his wagon and ride along to the church. They did so, and presently as they reached a part of the road crossed by a culvert, the horse suddenly reared, plunged forward and ran off; it was uphill and the horse kept on the road, the party did not feel alarmed. However they soon reached a point on the road, where a path led up a steep bank to the house of Mr. Jordan, a relative of John Jordan on the wagon; this meant an inevitable upset over the steep bank. Rev. Miller seeing the unavoidable, jumped down the hillside, and his momentum carried him forward, until he plunged against a board fence, to which he held, feeling stunned for the moment, and soon saw horse, wagon, and inmates tumbling over the bank, and lodging a few feet from him, the horse groaning on the ground and the men under the wagon. Mr. Miller managed to get to the wagon, and summoning all his strength, raised the hind end and saw Doup and Jordan underneath and motionless. Raising the wagon caused the horse to kick and struggle, and regaining his feet, he plunged forward, dragging the wagon along, but Mr. Miller having the presence of mind to keep it raised, it passed over the men, otherwise they would undoubtedly have been dragged along and killed. After a few plunges horse and wagon went over a perpendicular bank and landed in a run, the wagon badly wrecked, the horse struggled until he extricated himself from the wagon, and again ran away.

Persons following a short distance behind, soon reached the scene of the accident and Messrs. Doup and Jordan were taken home in a buggy. —Rev. Miller at the time thought he was not hurt, but since reaching his home he finds his one leg severely sprained, and is barely able to move around.

Mr. Doup sustained severe cuts and bruises, and has been laid up from the effects. —ARBOR DAY.

E. E. Higbee, Superintendent of public instruction, in the Arbor Day circular says, to further the work thus briefly referred to, and carry out more fully the intent of the thoughtful proclamation of Arbor Day by his Excellency, Governor Beaver, we hereby appoint Friday, Oct. 19th, as an Autumn School Arbor Day, and earnestly urge upon superintendents, teachers, and school officers throughout the state, the propriety of using every effort to forward this important work, employing such means as their good judgment may direct. We shall regard the day as duly observed if those schools, which being closed, or for other reasons, did not observe the Spring Arbor day, set this apart for similar ends; and the teachers' report to their respective superintendents what improvements were made to their school grounds, with the number of trees, shrubs and vines planted; and the superintendents forward to this Department a synopsis of the reports of the teachers not later than Nov. 15.

AUTUMNAL BEAUTY.

The Pennsylvania mountains, just now are a scene of splendor no artist can imitate. Nature's hand here defies the pencil of the most skillful painter. To look to the north side or south side of valley, from the centre, you behold one vast flower garden, as it were, with all the variegated colors, imaginable. It is a sight worth seeing from a distance. This valley is fringed with this beautiful sight, while in the body are the beautiful green fields of young wheat and the standing acres of grey in corn. Really, it is a scene that will fill the lover of nature with rapture and of which the eye of man will not tire—it is an earthly paradise of beauty.

CAUGHT IN A LIE.

We are informed that Toddy Fiedler's sheet printed a bald-faced lie about John M'Cormick, in charging him with having taken \$1.75 per ton for phosphate off of granzers, more than was right. The granzers signed a letter pronouncing Toddy's charge a falsehood, and Mr. M'Cormick took it to him to have it published in his vindication. This Toddy did not have the manliness to do. Bah! Mr. M'Cormick has a better right to have a fair profit on phosphate than Toddy has to skin the county treasury by an unjust and exorbitant printing bill, which is an iniquitous steal.

OBITUARY.

On Oct. 3d, Miss Sallie Hess departed this life in the 49th year of her age. The funeral services were held in the Lutheran church of Pine Grove Mills, and conducted by her pastor, Rev. A. N. Warner.

Miss Hess was born near Pine Grove, baptised in infancy, and at the age of 14 united with the Lutheran church, where she continued to be a faithful and consistent Christian until the time of her death.

When 16 years old her mother died, leaving the husband and father without a housekeeper and companion, but she at once assumed the management of the domestic affairs and in times of affliction in the family, she exercised a mother's care and sympathy. She sacrificed all other considerations and enjoyments, that she might continue in the home to minister to the comforts of her almost helpless father, and now in his 90th year; the father, Mr. Samuel Hess, is favorably known through Centre and adjoining counties. His many friends extend their sympathies in this his sad affliction. The affliction is made more sad from the fact that his daughter was about until Oct. 1, and died Oct. 3d, suddenly of diabetes. In her death he loses a faithful and devoted daughter—the brothers and sisters a kind sister, the church an active member. She was a member of the W. H. & F. M. S., which adopted the following resolutions: Resolved, That these resolutions be published in our county papers, and a copy be sent the family of the deceased sister.

Whereas, It has pleased our Heavenly Father, to call by death one of our number, Miss Sallie Hess, from among us, therefore Resolved, That we bow submissively to the will of Him who cannot err, assured that our loss is her eternal gain.

Resolved, That we extend our deepest sympathy to the aged and bereft father and his family in their affliction. Resolved, That these resolutions be published in our county papers, and a copy be sent the family of the deceased sister.

EXCITEMENT AT STONEMILL.

To be the first in the valley to have a new stock of fall and winter goods, makes the Stonemill people feel proud. Kerlin's popular stand is ahead of all others, in getting new goods. There are now unpacked there fine dress goods, latest styles, notions, hats, caps, boots, shoes, groceries, and ready made clothing at prices to suit buyers, while farmers will find it headquarters for highest prices for butter, eggs, and other produce. Kerlin's store leads in low prices in general merchandise, and as headquarters for disposing of all kinds of country produce at highest market prices. Their new stock is full and complete, and the public are only asked to go and see for the satisfaction guaranteed and gentlemanly treatment a rule.
