She Tried and Knows.

A leading chemist of New York A leading chemist of New York says: "No plasters of such merit as the Ath-lo-pho-ros Plasters have ever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, aches, weakness, lameness, etc., they are unequaled.

404 Fulton St., Sandusky, O., Nov. 21, '87.

The Athlophoros Plaster acted like magic. It is the best I ever tried and I have used many kinds. Our drugelst said "plasters are all about the same" but I don't think so now. I syrained my arm and shoulder in July, and it has been painful since, but it does not pain me at all now.

Mrs. WILLIS MAGILL.

Send 6 cents for the beautiful colored pic-ture. "Moorish Malden." THE ATHLOPHOROS CO. 112 Wall St. N. Y.

1188 ELEVEN HUNDRED AND EIGHTY-EIGHT Students in Attendance

last year at Peirce College of Business,

RECORD BUILDING, 917-919 CHESTNUT STREET, PHILADELPHIA, PA.

Morning, Afternoon and Night Sessions. PEIRCE COLLEGE is a College that "vauntmade by any artificial means. It has grown solely by virtue of its experienced staff of instructors, chosen for their fitness and adaptation to the positions which they fill, by its wonderfully practical and realistic courses of instruction, by its unrivalled lighting, heating, ventilating, and other appointments, great and small, in the farfamed "Record Bullding," which protect the health and promote the convenience of its patrons, and by the fidelity to the interests of its students of each officer and member of the Faculty and each attache, from Principal to Janitor.

The following is an extract from a history of Philadelphia, just published.

"This institution has been exceptionally fortunate in the success of the students who have graduated therefrom. It is no marvel that the Peirce College of Business Diploma carries a warranty of efficiency that makes its graduates eagerly sought after by the leading business men of this and other cities."

It is doubtful if very many Philadelphians even know the extent and importance of its clioutage and the results of its training, outside of the facts that may be gleaned from the roll of students annually published. Send and get one of its Annual Announcements and a copy of its Commencement Proceedings, that you may be introduced to it, and establish a speaking acquaintance with its results.

ntance with its results. Address, THOMAS MAY PEIRCE, M. A. Principal and Founder.

SOUGHT RELIEF IN DEATH.

A Hazieton Dentist and His Wife Agree

to Die Together. HAZLETON, Pa., Jan. 8.-Dr. J. H. Nyer, the oldest dentist of the town, shot and killed his wife, and then placed the muzzle of a revolver at his temple and sent a bullet into his own brain. The death of each was instantaneous. The deed was evidently a premeditated double suicide by the doctor and his wife. The latter was an invalid for a number of years and suffered from an incurable disease. The doctor had a large practice, and all the money he made was spent in attempts to obtain relief for his wife

from her malady.

No children blessed their union. The affection of the ccuple was strong, and nothing was spared by the husband to add to the comfort of the wife. Last winter was spent in Florida with the hope of helping the wife's health, and repeated visits have been made to physicians in nearly every part of the country to secure relief for her. On Saturday last they returned from one of these trips, and Mrs. Nyer had been confined to her bed since that time. Every circumstance points to a mutual understanding between the two that death could only end their trouble and her suffering.

The doctor went to his office and spent a few hours. He then returned to his residence, went to his bedroom, where his wife still lay in bed, locked the door and shot her in the head. He then took a position before a mirror and killed himself with the same weapon. A letter was found in the doctor's pocket, addressed to a friend, in which he said his wife's health and trouble with relatives had prompted them to end their existence, and that his wife was perfectly willing to die.

TO SEARCH OUT AN ELDORADO. A Capital of \$2,000,000 Subscribed to De-

velop Brazilian Gold Fields. PITTSBURG, Jan. 5 .- One of the biggest land deals on record has been consummated with the Brazilian government by Pittsburg, New York and Washington capitalists. The principal object of the promoters of the scheme is to open up valuable diamond and gold fields in far western Brazil. A company with a capital of \$2,000,000 is in process of formation. The grant is for between 50,000 and 60,000 acres of land bordering the Amazon river in the region of the Andes mountains. The idea is to first send an exploring party to the company's grant. The party will include expert miners, sappers and scientists. The party will remain a year and make exhaustive surveys and researches.

A young man in Allegheny who has spent considerable time in Brazil says the natives each year bring great quantities of gold and precious stones to the settlements from the vicinity indicated. The land is situated near a point where, according to tradition, the ancient Peruvians found millions of dollars' worth of gold, a portion of which was carried away by a foreign army which invaded the country. Pension agent William Barclay, of Pittsburg, is a prominent member of the company, and it is also said that three government officials in this city be-sides Mr. Barclay will be actively identified with the corporation.

EIGHT LIVES LOST.

A Steamer on the Mississippi River Strikes

a Fatal Snag. BAYOU SARA, La., Jan. 7.—The steamboat Paris C. Brown struck a snag at Hermitage Landing, and sank to the bottom. It is said five of the cabin passengers, two firemen and one deck passenger are missing. Hermitage is only twenty-five miles above Baton Rouge, but owing to want of communication with | do with the proposed formation of a trust for that point nothing definite was learned as to the loss of life and property. Two roustabouts who passed down on the Oliver Bierne say that six of the crew and one passenger were lost, but they could give no names. A large part of the cargo will be a total loss.

NEW ORLEANS, Jan. 7 .- The Paris C. Brown left this port Friday night with 300 tons of freight, to which was added 150 tons on the way up. Her cargo consisted of 170 tons of car wheels and the remainder of sugar, molasses, old iron and sundries. She was registered at 1,400 tons and owned by Capts. A. M. Halliday and C. G. Young. She was valued at \$24,000, and insured through George W. Near's agency at Cincinnati for \$14,000. Nothing is known here as to the insurance on cargo. She was com-manded by Capt. C. G. Young, a native of Cincinnati. She had on board ten cabin

passengers and a few dock passengers. A Boom for Gloucester.

GLOUCESTER, Mass., Jan. 8.-Yesterday was the busiest day in the history of the fresh fish trade here. Since the withdrawal of the halibut trust local companies have prepared to control haddock as well as halibut, and from the volume of business they seem likely to succeed. Owners are encouraging the movement, and have ordered their skippers to sell trips here. The amount landed and shipped was 150,000 pounds of halibut, prices ranging from nine to thirteen cents, and 230,000 pounds of haddock, with several trips in the stream yet to land. Fishermen are satisfied, and favor making this the principal point of distribution. Steamers enough to handle the traffic can be supplied.

All Is Lovely at Fall River. FALL RIVER, Mass., Jan. 8.—The regular monthly meeting of the Spinners' union last night accepted by a large vote the new schedule proposed by the manufacturers, and it will take effect with the beginning of the I am prepared to do all kinds of Plain | year. The strike at the Robeson mill was declared off. In advising the adoption of the new schedule Secretary Howard said it was the best the spinners could hope for at present. The relations between the spinners and manufacturers were closer now than ever before, and the manufacturers were 29novtf gradually coming down to the basis of schedules in the old country, which is what

the spinners wanted. Terrific Storms in France.

PARIS, Jan. 8,-Terrific storms, accompanied by thunder and lightning, have pre-vailed throughout the south of France to a degree unexampled in the history of that re-gion. The rivers have flooded their banks, to the destruction of a large amount of property, and landslides have interrupted traffic on many of the railways. In many towns most of the houses are flooded and the occupants driven to the upper floors.

Barry Will Hire Another Hall. PITTSBURG, Jan. 8.—Thomas B. Barry's attempt to hold a meeting here proved a dismal failure last night. The Knights of Labor hall had been rented and paid for in advance, but Master Workman Doyle refused to admit anybody. About 500 Knights and others appeared and wrangled, but Doyle was firm, and the crowd dispersed. Barry will hire another hall and try it again next week.

Sackville's Possible Successor. LONDON, Jan. 8 .- It is again said that Sir Henry Drummond-Wolff will be appointed British minister to Washington. It is known that he has become tired of Persia, and as his mission there is practically finished, would gladly accept a post as congenial as the one in Washington.

CONDENSED NEWS. Events of the Day Boiled Down for the

Benefit of Busy Readers. Two persons were murdered in a house near Paris. The building was pillaged and then set on fire. The corpses were found in the ruins, burned to cinders.

Governor Hill has commuted to imprisonment for life the death sentence of Adolph

Reich, the New York wife murderer. The German steamer Main collided with the British steamer Montana in the Patapsco river, Md. Y. M. Young, chief engineer of the Montana, was killed by a falling beam. The Massachusetts supreme court has set aside the will made by J. Amory Codman

in 1880, which was contested by his wife. Mnason Huntzman is indicted by the grand jury at Belvidere, N. J., for "personating our Saviour Jesus Christ."

A site has been selected for the Washington monument in Fairmount park, Philadelphia. The monument is to cost \$250,000. The enemy made a demonstration in front of Suakin. A number of mounted Arabs rode up close to the outer fortifications. The forts opened fire upon them with shells, and as they retreated cavalry pursued them. Several Arabs were wounded, but all made their escape.

Thomas Ready, aged 26, of North Adams, Mass., committed suicide by poison rather than face a charge of bigamy.

Five cases of smallpox are reported among prisoners in the Onandaga (N. Y.) county penitentiary.

Sarah Althea Hill brings suit against United States Marshal Franks for \$50,000 for alleged injuries sustained while being removed to jail for contempt of court.

Chicago's grand jury recommends that the names of the boodlers be erased from the public institutions and the word "boodler" be substituted.

Professor Geffcken, of Berlin, charged with responsibility for the publication of Emperor Frederick's diary, is released.

In southern Hungary a railroad train was blown from the track. Three passengers were killed and many injured. Hon. P. A. Collins has been elected chair-

man of the Massachusetts Democratic state Sir John A. Macdonald is disturbed over

the growing annexation spirit in Canada, and will adopt vigorous measures to sup-

press it. Within three days there were four incen diary fires at Darien, Conn., and the people are greatly alarmed.

William Clark, William Farn and Samuel Shearer fell 500 feet down a mine shaft near Uniontown, Pa., and were killed. The rope of the cage broke.

A goat belonging to a traveling menagerie recently caused the death of Brakeman James Sumner near Laramie City, Wy. T., by butting him from the train. Mrs. Delia Parnell has deeded all her New

Jersey property to her son, Charles Parnell. to aid him in his battle with The London Times.

Maurice E. Gaffney, fetiring county clerk, killed himself at Ashland, Wia, because he could not make good a shortage in his ac-

The publishers of SCRIBNER'S MAGAZINE 1 20 aim to make it the most popular and enterprising 1 of periodicals, while at all times preserving its high literary character. 25,000 new readers have been drawn to it during the past six months by the increased excellence of its contents (notably the Railway articles), and it closes its second year with a new impetus and an assured success. The illustrations will show some new effects, and pothing to make SCRIBNER'S MAGAZINE attractive and interesting will be neglected. 6 41 Miffiinburg 6 56 Millmont 7 05 Laurelton 7 40 Paddy Mountain 7 52 Coburn 7 58 Zerby 8 10 Rising Spring 8 18 Penn Cave 8 25 Centre Hall THE RAILROAD ARTICLES will be continued by several very striking papers; one especially in-teresting by Ex-Postmaster-General Thomas L. 3 59 James on "The Railway Postal Service."
