Windsor, Canada: A Political Rumor from Baltimore of Emperor William opened the landtag with great pomp and made a speech, in which he said peace is likely to continue in Europe throughout the year.

Great Importance to Him.

BALTIMORE, Jan. 15 .- There is some quiet talk going on between a select few to the effect that Mr. Samuel Spencer, ex-president DON'T BUY of the Baltimore and Ohio road, will in a few months be placed in a position in every way equal to the one he vacated last month; Rubber Boots until you have seen the in short, that he is to be president of the

New York Central Railroad company. This will come about through the appointment by President-elect Harrison of Mr. Chauncey M. Depew to a cabinet portfolio, or to some important mission abroad, which would make the position of president of the New York Central vacant. Mr. Spencer has the backing of all the big banking concerns which helped the Baltimore and Ohio out of its recent financial difficulties, and it is known that the Vanderbilts have a very high opinion of Mr. Spencer. The relations between Messrs. Depew and Spencer are of the warmest character, and when the latter quit the service of the Baltimore and Ohio Mr. Depew expressed the opinion that Mr. Spencer was one of the greatest railroad men of the age.
