We can afford to give you the Best Value for your money, having made arrangements with one of the largest

PHILADELPHIA CARPET HOUSES

to supply us with yard samples of all the new designs and to fill our orders at prices that enable us to sell you carpets as low as you could buy them at any house in our largest clties, thereby saving you all expenses of going elsewhere for this purpose.

We show this IMMENSE STOCK with aid of Peterson's Patent Carpet Exhibitor, so constructed that the effect of a CARPETED FLOOR EIGHT YARDS SQUARE is produced as each pattern comes into view, the samples revolving on the panorama plan. This enables you to see before purchasing how the carpet will look when matched and fitted to your room, while you can examine and compare qualities as well as from the rolls.

As the exhibitor relieves us of the expense of carrying a large stock, saves extra room and labor, interest and insurance on stock, leaves no old unsalable and shopworn goods or remnants on hand to be disposed of before purchasing a new line. We can sell you carpets at

that we otherwise could afford to do.

Any style or quality required, not found among our samples, can be procured by return express. On this plan the newest designs can be exhibited as soon as they appear, and as a carpet lasts several years you should be well suited. Many carpets are cut without waste by cutting from several rolls alike.

If you are in a hurry we will telegraph and surprise you how much sooner we can get you a bright and new carpet from the city, than if you went there yourself, wasting ing time and traveling expenses.

All Brussels Carpets sewed on the best improved machines which secure better work than by hand.

We can also supply you with Carpet Lining, Stair Rods, Stair Pads, Matting, Carpet Sweepers, Druggets, Hassocks, Mats and Rugs of all kinds and sizes, etc.

All orders shall receive prompt attention, and we hope you will appreciate these efforts for your mutual benefit. CARPETS CUT TO FIT THE ROOM; ALSO SEWED OR MADE UP, IF DE-SIRED
