SOME DOCTORS

honestly admit that they can't cure Rheumatism and Neuralgia. Others say they can but—don't. Ath-lo-pho-ros says nothing but—cures. That's the secret of its success. Years of trial have proved it to be

a quick, safe, sure cure. In my own family athlophoros was used as a last resort, the user having suffered from rheumatism for years and having been treated for the disease by different physicians in this State and Massachusetts without even temporary relief. Upon my recommendation scores of people have used this remedy with the same results claimed for it. C.H. Wilson.

Dubuque, Iowa, Jan. 3, 1898.

Athlophoros has completely cured me of nervous headache, and I feel thankful for all the good it has done me.

Commonweath, in pursuance of Article Action the Constitution.

Joint resolution proposing an amendment to the Constitution of this Commonwealth:

SECTION 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met. That the following amendment is proposed to the Constitution of the Commonwealth of Pennsylvania, in accordance with the Eighteenth Article thereof:

ARTICLE XIX.

ARTICLE XIX.

The manufacture, sale or keeping for sale of intoxicating liquor, to be used as a beverage, is hereby prohibited, and any viotation of this prohibition shall be a misdemeanor, punishable as shall be provided by law

The manufacture, sale or keeping for sale of intoxicating liquor for other purposes than as a beverage may be allowed in such manner only as may be prescribed by law. The General Assembly shall, at the first session succeeding the adoption of this article of the Constitution, enact laws with adequate penalties for its exfortement.

PENNSYLVANIA SUFFERS SEVERELY

he Wind Traveled Fifty-eight Miles an Hour and Death and Destruction Followed in Its Track-Telegraph, Telephone and Electric Light Lines Generally Prostrated and Reports Meager. New England Suffers from Lightning.

PHILADELPHIA, May 11.—A furious wind storm struck Philadelphia shortly after 5 o'clock yesterday afternoon, and for about fifteen or twenty minutes thousands of tons of dirt were whirling in he air, and made a cloud so thick as to be almost inpenetrable and of a peculiar tellow appearance. It swept across the tity from the northwest and traveled at the rate of fifty-eight mile an hour, carrying everything before it. Trees were blown down and houses unroofed and there signs were thing through the air store signs were flying through the air. Out in the east park it caused a panic and came near causing the death of an east park reservoir superintendent and a aumber of workmen.

Many Narrow Escapes.

There were many narrow escapes and thrilling scenes, and aithough no deaths have been reported, there were several accidents, and a number of skiffs are thought to have been lost on the Delaware river. After the storm, although it was cloudy and raining, the sky in the west assumed a peculiar purple hue, which was attributed to the particles of

dust in the air. In Germantown the damage was general, and several persons were hurt. In West Philadelphia the tornado played havoc with trees and roofs. In Fair-mount park hundreds of rare trees were blown down. All of the steam and street railroad tracks were blocked by debris. There were several panics, the most exciting being during the game at the Philadelphia Base Ball park.

Extent of the Storm. The hurricane extended over central and eastern Pennsylvania, expanding its force in an erea between western New Jersey and Harrisburg on the east and west, and reaching the Point of Rocks on the southwest and Wilmington in the south, in all of which regions it did great damage. At Burlington, N.J., it over-turned the round house of the Pennsyl-

vania railroad. Telegraph, telephone and electric light lines were generally prostrated, and many cities that are illuminated by electric lights were last night in dark-

This cool wave was accompanied by a high wind, which raged for a time with the fury of a western cyclone. Signs, awnings, etc., suffered, and for a time Barnum's big tents were in danger of going down with thousands of people under them. The Cyclone at Shamokin.

SHAMOKIN, Pa., May 11.

SHAMOKIN, Pa., May 11.—A cyclone swept through this city at 3:35 yesterday afternoon, doing considerable damage. A loud roaring noise was heard down the valley three miles from here. Then a corner of the Cameron culm bank was torn off. The storm came rushing on, totally wrecking new buildings and unroofing many houses. The roof of Leader's clothing house was the first to go, and when the flying debris fell in the midst of twenty-three sewing girls, a panic ensued, but fortunately they all escaped to the street uninjured. The damage in the level portions of the agricultural regions is also great, crops being uprooted and many houses and barns ruined. So far as is now known

no lives have been lost. Eleven Buildings Unroofed at Norristown NORRISTOWN, Pa., May 11 .- A high wind storm struck here about 5:10 last evening, which blew a hurricane for fully ten minutes. Blinding clouds of dust filled the streets. The roofs of eleven new brick houses on Kohn street were blown off, and were whirled into the rear building of three other houses. All of the houses were occupied, but no one was injured. A tall observatory at Bridgeport was blown down, together with some outbuildings. The damage to property here will reach many thousands of dollars.

Panie at Pottsville. POTTSVILLE, Pa., May 11.-A terrific wind and rain storm damaged many buildings in this city about 5 p. m. yes terday. A panic ensued among the girls in the silk mill, and Fannie Reechart was thrown down a flight of stairs and seriously injured. Work nad to be suspended for the day.

Gotham Cooled Off. NEW YORK, May 11.—The day was intensely hot, but about 5 o'clock a sud-AMENDMENT.

There shall be an additional article to said constitution to be designated as Article XIX as follows:

ARTICLE XIX.

AMENDMENT.

AMENDMENT.

Said den wind storm came up and cooled the air, but did considerable damage to skyllights, signs, etc. Several small crafts were overturned in the bay, but no loss of life was reported. A heavy rain follows: lowed the wind.

The Blow at Elmira. ELMIRA, N. Y., May 11.—A heavy storm passed over this section yesterday afternoon, damaging many buildings. Several persons were hurt by flying debris, and Jacob Metzger, a merchant, severly injured by his carriage being blown over,

came up yesterday afternoon and light-ning shattered a building at the marble quarries, where Miss Emma Juchs, the vocalist, and some friends had taken refuge. They were stunned, but not in-

Ten Lives Lost. PHTSBURG, May 13.—Ten lives were tost in this state during the storm Friday, and it is estimated that \$500,000 will hardly cover the damage to houses, barns and bridges in this vicinity. The rain was the heaviest since 1874, when 200 people lost their lives in the But-

cher's and Saw Mill run districts.

The list of those who were killed or drowned in this vicinity is as follows:

John Cochner, Patrick Miskell, Louisa Schafer, John Dougherty, Gertrude Schafer. - Bentley.

An Iron Bridge Blown Down. POINT OF ROCKS, Md., May 11 .- The new iron bridge in process of construction across the Potomac to the Virginian side was spept away by the storm last evening. Charles Beamer and Augustus Carter, two workmen, were badly hurt. Massachusetts Suffers.

LEOMINISTER, Mass., May 11.-A terrible storm at 7 p. m. yesterday damaged many buildings, and Wheeler's large barn was set on fire by lightning and burned, with eleven cows and other stock.

Building Blown Down in Sunbury. SUNBURY, Pa., May 11.-The storm was very severe in this city, many buildings being damaged. One end of the Clement house fell into the street, and several persons narrowly escaped injury.

Lightning at New Castle, Pa. PITTSBURG, May 11.-A New Castle special says the storm did considerable damage there. Ex-County Treasurer Reynolds' house was struck by lightning and his wife and daughters stunned. Fair Grounds Wrecked and Boy Killed.

NEWPORT, Pa., May 11.-The county fair exhibition building was demolished and other buildings damaged by a tornado at 4 p. m. yesterday. Charles Meyers, aged 8 years, was killed. Workmen Blown from a Church.

ROCHESRER, N. Y., May 11.—At Genesee a wind storm blew three workmen from a church building. They fell forty feet, and one named Reed was killed and the others injured. It Strikes New Haven. NEW HAVEN, May 11 .- During a se

vere storm yesterday afternoon an un-finished building was wrecked and six teen workmen injured, one, Fred Sherman, fatally. Killed by Lightning. MAHANOY CITY, Pa., May 11 .- During

the storm at Mahanoy City, a Polish miner named Betz was killed by light ning and two others struck but not fa tally injured. Lightning at Susquehanna. SUSQUEHANNA, Pa., May 11.—During

a severe storm yesterday afternoon, William Clapper, of Gulf Summit, N. Y., was killed by lightning.

Loss, \$8,000. TEN MINERS KILLED.

A Cage Full of Men Hurled to the Bot-

tom of the Shaft. POTTSVILLE, Pa., May 10,—At Kasks William cofficry, near Middleport, last evening the cage containing ten miners was ascending the shaft when an empty car was pushed over the top of the shaft by two Hungarian laborers. The car struck the cage with terrible force, shattering it to pieces and instantly killing every one of its occupants whose mangled bodies were afterward found in the water at the bottom of the shaft.

The victims were: Hugh Carlin, Pat rick McDonald, George Bendel, John Pottovisch, Frank Stratkovisch, John Moore, Albert Dwyer, Edward Kutz and Stephen Matson and Assistant Inside Foreman Michael Boyle. The mine is operated by the Alliance Coal company and the shaft is 500 feet deep.

Boyle leaves a wife and seven children. It was not his turn to ascend the shaft, but he had exchanged turns with an-other man. Pottsvisch leaves a widow. All of the others were single.

There is great public indignation over the employment of stupid Hungarians in a position where their carelessness could be so disastrous. No calamity of a similar nature has ever before occurre in the region. There is thirty-five feet of water in the "sump" and the recov-ery of the bodies is slow work. The colliery employs 500 hands, and is known as the "Big Vein."

Republican Gains in Indiana. INDIANAPOLIS, May 9 .- Returns from the municipal elections held in Indiana indicate general gains for the Republicans where politics figured in the contest, the victories in some places being quite unexpected, as for instance Sullivan, a Democratic stronghold, while gains were made at Winchester, Fort-ville, Rochester, Hartford City and Edinburg. Small gains were made by the Democrats at Spencer, Rockport and Haughville. In some of the larger towns high license was the issue, and in the majority of places the saloon candi-dates were defeated.

Terre Haute's Oil Boom. TERRE HAUTE, Ind., May 14.—The oil boom here is assuming considerable proportions, the experts from the eastern oil regions who hurried here during the week having pronounced the oil to be of a superior quality, and the well is continuing its output with no diminution. There is a rush for land on which to sink wells. Not less than twenty stock companies are forming, several being inaugurated to sink wells. It is the belief now that gas will be found.

Simon Cameron Has a Hemorrhage. LANCASTER, Pa., May 11 .- Hon. Simon Cameron was attacked with a hemorr-hage. This condition was reported as much improved today. His illness is not believed to be serious.

LANCASTER, Pa., May 13,-Gen. Simon Cameron was able to sit up in bed and read, and it is believed that his illness is not immediately dangerous. He is in excellent spirits.

Mind Reader Bishop Dead. New York, May 14.—Washington Irving Bishop, the mind reader, died at No. 34 West Twenty-sixth street, yesterday afternoon. His troubles, marital and mental, have long been periodically in the public press. Some time ago he was for a while an immate of a California asylum, and later his death in Australia was reported.

A Convert at 106. PITTSBURG, May 14 .- Mrs. Conrad, Lightning Stuns Emma Juch.

RUTLAND, Vt., May 11.—A sudden storm

tralia was reported.
