DELVING IN THE DEBRIS.

Dispensing Food and Clothing-Scenes in

the Stricken Town.

Johnstown, Pa., June 5.—Superintendent Morgan, of the Cambria Iron company, returned from a tour of the entire flooded district. He declared that only about 15,000 persons are now alive where 29,500 lived and had their being before the flood.

Adjt. Gen. Hastings maintains that the death list may not exceed 8,000, and of this number he thinks 3,000 bodies will never be recovered.

Mr. McConnaughty, the chief of the bureau of registration, said that he is convinced that the number who perished is 10,000 or more.

Purging with Fire. Capt. W. R. Jones and Evan Jones held a consultation and arranged the scheme for clearing the streets.

"How are you going to do it?" asked the citizens committee. "Men and fire will do it," replied Evan Jones. "We are about 2,000 in all. We'll just gather up and cast all this truck out on the flats there and making nice, big piles of it, set fire to it; that's all. The wind will scotter the ashes and there won't be anything to remind you of your trouble.

In an hour a hundred tents were up and the men were tearing down the mountains of lumber and logs and piling them ready for the flames. Great billows of flames reached up toward the lowering clouds and now the streets are pass able to all parts of the city, although the debris is by no means removed, nor will it be for several days. There will be clear ground next Monday between the rivers upon which Johnstown people may again build and again grow rich

How Supplies are Dispensed. Gen. Hastings has instructed his assistant, Maj. A. L. Spangler, to organize the following departments of distribu-tion: Beef and meats, clothing, tinware, flour, coffee, sugar and teas. Mai Spangler has also organized a special de partment, including Kernville, Wood-vale, Cambria City, Morrellville, Conemaugh and other towns, and in each of these he will establish branch depots, and from these assistants will distribute the necessaries to the worthy. This scheme will enable those in charge to give to all who are needy and prevent

imposition.

The principal depot is at the Pennsylvania passenger station. A portion of the platform has been wired off and large tables filled with all kinds of good substantial cooked and uncooked food arranged along the whole length of it. Police are on guard not only to repress the eager crowds but also to prevent the incoming of loafers, who are very a ndant. Those asking aid are admade to the wired passage way and as fast as their wants are attended to, their baskets filled and addresses taken, they are hustled out the other end, where also are stationed several officers who narrowly scan each outgoer in order that he or she may not duplicate the visit on the same day.

Lock Haven's Appeal. Lock Haven, Pa., June 11.—At a meeting of citizens a resolution was adopted requesting that the following be given to the press:

"To the people of the United States. This city has been devastated by the recent great flood and immediate assistance is needed. Our streets, alleys and homes are in a frightful condition, and money is needed at once to save us from an epidemic. We are receiving a gen erous supply of provisions, but Lock Haven alone is not the only place to be supplied from these. Many people in the nearby small towns have lost the nearby small towns have lost nearly everything they had and are dependent upon us for money and provisions. We need disinfectants badly and money with which to hire teams and men from a distance to help clean our streets and cellars. There was not a square inch of land within the corpor-ate limits of the city proven that was ate limits of the city proper that was not submerged, and when the water sub-sided it left a layer of mud and filth, which, under the strong sun, creates a stench that is almost unbear-The contents of vaults and cess pools are in our cellars and on our main thoroughfares, and nothing will save us from a frightful epidemic unless help comes promptly and generously.

Seattle's \$10,000,000 Fire. SEATTLE, W. T., June 8.-It is now estimated that the total loss by fire to the city in buildings alone is \$10,000,000, and all personal losses will probably reach \$20,000,000. It is reported two men have been lynched for

The burned district comprises sixtyfour acres and now presents the aspect of a huge oven of burning coals and threatens even further destruction. The firemen, re-enforced by Tacoma and Snohomich, are on the alert. The streets all through the night were crowded with people wandering about penniless and homeless. The militia and extra police are to be seen on every corner, guarding the property against thieves and van-dals. One hundred arrests have already been made.

There is great privation among the poor classes, as nearly every restaurant and grocery in the city was consumed by the fire.
