# SWEPT BY FLAMES. BOLD BLACK DIAMOND

A Disastrous Conflagration Visits She Sails for Victoria in Defi-Spokane Falls, Wash.

# FORTY BUSINESS BLOCKS BURNED.

The Better Fart of the City Destroyed. Two Persons Jump from Windows .and Are Killed - Others May Have Perished-Buildings Blown Up with Giant Powder to Check the Flames.

PORTLAND, Ore., Aug. 6 .- Almost the entire business portion of Spokane Falls, Wash., covering nearly forty blocks, is in ashes. The total loss is variously es-timated from \$5,000,000 to \$10,000,000.

Every business house in the city, mcluding eight banks, all the hotels but one-all magnificent structures-except the Crescent block, and every newspaper save The Review, were burned out. The burned dirtrict includes all that part of the city from the Northern Pa-

cific railway to the river and from Lincoln to Washington streets. The fire exhausted itself at the river for lack of material. All the flour and lumber mills were saved.

## The Origin Unknown.

The origin of the fire is unknown. It broke out in the large frame block op-posite the depot, and under the influence of the high winds, which scattered burn-ing embers and started fires in a half dozen different blocks at once, the whole district was burned over in three hours.

The water supply proved totally in-adequate, even for a small fire, and fire-men, as well as citizens, became panic stricken.

Several people are known to have per-ished in the flames and several more were injured by leaping from windows. Several People Perish.

Charles Davis, of Chicago, a guest at the Arlington house, was awakened by flames bursting through the door of his room in the third story. He jumped from the window, was shockingly mangled and died in a few minutes.

A woman, whose name is unknown, leaped from the second story of the Pacific hotel and was killed.

The fire spread with such astonishing rapidity that it is believed many were shut off from escape before they were even aware of their danger.

Glant Powder Couldn't Stop It.

A dozen large buildings were blown up with giant powder by the orders of the mayor, but even this proved futile. The Northern Pacific is probably the

heaviest loser, the passenger depot and magnificent new freight warehouse be-ing destroyed. Their loss, including freight burned, will reach about \$1,000,-000

All provisions and supplies were burned, and there will necessarily be

Much suffering for several days. Appeals for help have been sent out, and Portland. Seattle, Tacoma and sev-eral neighboring small towns have al-ready responded.

More Serjous Than Seattle's Disaster. This disaster is undoubtedly twice as great as that which overtook Seattle, both on account of its greater extent and the more substantial character of the

burned buildings. The Western Union office w

tive Scaler at the Port of Victoria Creates Great Excitement-One American Seaman Couldn't Hold Her-International Difficulties Likely to Result. The State Department Reticent.

VICTORIA, B. C., Aug. 5 .- Victoria is in a great state of excitement, the cause being the arrival of the Black Diamond. She came into port Saturday evening and dropped anchor. She had one American seaman on

board, John Hakansson. He was appointed special officer by the captain of the Rush and ordered to take the Diamond to Sitka.

The Prize Crew Ridiculously Inadequate Capt. Owens, of the Diamond, told Lieut. Tuttle he would not sail for Sitka, but would bring his vessel to Vic-toria. If they wanted the Diamond to go to Sitka they would have to put a stronger crew than the schooner's

aboard. The Rush steamed away, and Owens sailed toward Ounalaska, thinking that there were British warships in that vi-cinity and intending to demand protec-tion. He sailed into Ounalaska harbor and boarded a schooner from Port Townsend. He was told there were no men-of-war in the vicinity. Owens told the American seamen he would sail for Victoria, which he did. He landed his Indians on the east coast of Vancouver. The Diamond's sealskins Confiscated.

The Rush took the Diamond's sealskins, about eighty, but left everything else. The American seaman made an official report to Vice American Consul Marvin, who has telegraphed the facts to Consul Stevens, of San Francisco. Hakansson says he was well treated by the crew of the schooner.

Ghoulish Glee at Victoria.

The greatest satisfaction is felt here at the escape of the Diamond. It is thought the United States will certainly demand the return of the schooner, which the British government dare not give up. It will bring the matter to a speedy con-

WASHINGTON, Aug. 5.—A representa-tive of the United Press called the at-tention of Acting Secretary of State Wharton to a dispatch published in a New York paper to the effect that the schooner Black Diamond instead of going to Sitka when ordered to that port by the commander of the Rush, sailed direct for Victoria, and that as one man constituted the prize crew placed on board by the commander of the Rush, the prize crew was helpless to prevent the Black Diamond's escape. Secretary Wharton had not seen the dispatch. When told of its contents he said that the case, if presented correctly, was most extraordinary, and he would not venture an opinion as to the course the
