The landlords of the lower end seem to be in hot water, just now, some perhaps justly so, some maybe from spite or a trap set. Scott, of near Philadelphia, got a severe dose for keeping a bad place Sundays and every day, selling without license, \$550 fine and 6 months jail.

Court.

Court convened on Monday, Judge Furst presiding, with associates Rhoades and Munson also on the bench.

The attendance was not large, it being a busy season for farmers and others.

Frederick Kurtz was appointed Foreman of the grand jury, which body at once went into session, at 10 a. m., and reported true bills on six cases of assault and battery and two of f. and b. These cases were most all disposed of on Monday—about the best days work yet performed by court on first day.

Landlord Shafer, of Coburn, had obtained an order from court for a transfer of his license to Willis Rishel, to whom he had sold out. On Monday the constable of Penn township returned Mr. Shafer for a violation of the license law, whereupon the court revoked the order of transfer to Mr. Rishel.

Returns were made against landlord Abs Harter, of Millheim, landlord Ruhl, of Spring Mills and landlord Shafer, of Coburn, for a violation of the liquor laws.

John D'Armitt, assault and battery, and also throwing a stone through the window of Noll's store, Pleasant Gap. Plead guilty and court fined him \$30 and three months in jail.

Frank Miller, larceny, plead guilty. Sentenced to Huntingdon Reformatory.

William Wampler, assault and battery upon Ellis Granley. Found guilty and fined \$30 and costs.

He was Discharged.

One of the most systematic and meanest of robberies of late has been practiced, it is alleged on the employes of the Centre Iron company, at Bellefonte, by a foreman named Thomas McQuillen, that has ever been recorded.

McQuillen was always very partial to foreign labor, preferring them to American labor every time and would always employ such when it was to be had. But the reason for this is now apparent.

It appears that every Italian or Hungarian he would employ would be obliged to pay him a bonus in advance of from \$5 to \$10 according to what he could get in this way he made considerable, often as much as \$25 per day. Halt was never retained very long as oftener the change the greater the revenue from this nefarious business.

On his being suspected an investigation was set on foot, which resulted in the discovery that during the past six months McQuillen received in such a manner \$1,500 and \$2,000. Of course he was at once discharged, as the entire thing was done without the knowledge of the management and was to their detriment, as the always changing of help left them at all times with inexperienced men to perform the labor.

A Raving Maniac.

The people living in the neighborhood of Logan Mills were much alarmed on Sunday, August 14th, over the startling news that Joseph Shreckengast, had become insane and was wild with frenzy. He ran around frothing like a mad dog and roared loud enough to be heard for miles. Going from one house to another he riddled the windows with stones and broke in the doors. He was armed with clubs and made free use of them when the neighbors interfered. In his raving madness he attacked John Greninger and broke one of his ribs, knocked John Enly down, bit and scratched Valentine Breon, clubbed Forest Wirth, and kicked several others. Towards evening the neighbors put the shackles on him, and later brought him to the Borough lockup at this place for safe keeping. From here he was taken to the Danville Asylum for the insane.—Sugar Valley Journal.

Sparks Bros. Big Show Coming.

Will exhibit at Centre Hall Thursday Sept. 6. The largest and most complete Uncle Tom's Cabin Co. traveling. A mammoth waterproof pavilion. Two performances rain or shine. Our canvass tent will seat 3000 people. The Scottsdale Independent says in its issue of July 21 '89 of the show. "One of the best shows of the year was the Sparks Bros. & Stevens Uncle Tom's Cabin Co. two performances were given to crowded tents. The funny Marks, the comical Topsy and the cute children kept the audience in one continual roar."

Going for the Halls.

On Tuesday night of last week, a burglar or burglars, forced entrances to the railroad stations at Oak Hall, Linden Hall and Centre Hall, by forcing openings through the windows. At Oak Hall the booty obtained amounted to 29 cents. At Linden Hall nothing of value was stolen and the fellow in trying with a jimmy to twist off the inside fastening of the window, evidently had an artery of his wrist cut by the broken glass, as the window was quite freely squirted over by blood. At Centre Hall nothing of value was obtained either.

Facts for all.

In spite of all competition the Philad Branch clothing store, remains headquarters for actual bargains in ready made clothing, for men and boys. Lewins introduced cheap clothing in Centre county, and has kept it at that all the time; he kept honest goods, no trash, and as a rule, always sold from 25 to 30 per cent below any other clothing store in this part of the state.

Another Attraction.

The Central Penna. picnic and exhibition committee have secured the services of Mr. C. K. Sober, the champion fancy shooter, to daily give an exhibition of his cleverness in handling the gun during the week, commencing on the 16th, at blue rocks. The popularity of Mr. Sober as a marksman will no doubt tend towards an increase in the attendance.

Potatoes Rotting.

From all parts we hear of potatoes rotting to an alarming degree. At this writing it is safe to say that almost one half the crop is found rotten or tainted with the rot. There is danger that such as are now apparent y sound will also in a great measure be a prey to the rot.

Mrs. Rev. Fisher and children have returned from a three week's visit to her former home in Berlin. Somerset in this way he made considerable, often as much as \$25 per day. Halt was never retained very long as oftener the change the greater the revenue from this nefarious business.

On his being suspected an investigation was set on foot, which resulted in the discovery that during the past six months McQuillen received in such a manner \$1,500 and \$2,000. Of course he was at once discharged, as the entire thing was done without the knowledge of the management and was to their detriment, as the always changing of help left them at all times with inexperienced men to perform the labor.

The Zion band, on Saturday, while on its way to the cave picnic, stopped long enough in town to treat us to several charming pieces of music. Mr. Gentzel is leader of the band.

A peculiar epidemic is raging among the children of Trout Run, Lycoming county, that is puzzling the physicians. There have been a number of deaths and others are stricken with it. The doctors will make a post-mortem examination to ascertain, if possible, what the nature of the disease is.

All that desire bargains in boots or shoes, go to Mingle's shoe store in the Brokerhoff house block, which is the place to get anything in that line at lowest prices and every article warranted, or money refunded, if not found as represented. Mingle keeps none but first class goods.

The railroad company at present has a number of engines at laying a new siding at this place of about 2,000 feet in length. It will greatly facilitate the train movement on the road during the picnic. It is several rods west of the station and extends over the summit. They will run trains every hour from all points, and are recognizing the growing popularity of the picnic and exhibition, and will have everything complete for the accommodation of the large crowds.

The Prohibitionists held their county convention at Unionville on Tuesday, 21, for the purpose of electing delegates to the State convention. Rev. J. W. Bedford, of Snow Shoe, presided, and Rev. J. A. Ziegler, secretary. The delegates elected are, F. Potts Green and A. J. Cook of Bellefonte; Rev. J. A. Ziegler, of Snow Shoe Intercession; Rev. J. W. Bedford, of Snow Shoe; Rev. B. B. Milesburg; Clevean Digges, of Centre Hall; A. N. Felton and J. B. Kerr of Philipsburg. Resolutions were passed reiterating and emphasizing the principles of the Prohibition platform. Another convention will perhaps be called for the purpose of nominating a county ticket.

After almost two months of suspension the nail works at Bellefonte will be put in operation again some time this week. Instead of heating the furnaces with coal as heretofore they will now be heated with gas manufactured from coal and crude petroleum. The gas plant is now almost ready and seems to be a small thing to perform what is intended. It consists of a base some fifteen feet square, in which are two furnaces over each of which is a dome or cupola in which are the tanks of crude petroleum. The furnaces are fed with bituminous coal and the smoke and gas rising up into the cupola comes in contact with a spray of the oil and immediately forms a gas of superlative combustibility nature which is then carried to tank for storage from which it will be conveyed to the several furnaces in the mill. In this way all the smoke and gas is used and the cost of heat will be reduced one half. The company that has a chartered right to make this gas is one that was organized in New York a few weeks ago with General Hastings as president and Governor Beaver as stockholder. If the gas proves a success in the nail works it will be introduced into the glass works when they are put in operation for the heating of those furnaces.

Not Postponed.

The last week erroneous reports have been circulated that the picnic committee have been considering the feasibility of postponing the picnic to one week later on account of the difficulty experienced in getting tents. All state tents to be had will be at the Gettysburg encampment and the encampment will not close before Friday, the 12th, and the tents could not be got here in time for the picnic. But these difficulties have been finely bridged over by the P. R. Co. who kindly informed the committee that the tents would be hurried through from Gettysburg with all possible dispatch and would arrive here on time for the occasion by sending them through on the passenger instead of by freight.

Huntingdon's Loss by Flood.

Among the counties which suffered by the flood of May 31 and June 1, it is believed that Huntingdon county lost the greatest number of bridges. Thirty-two bridges belonging to that county were carried away by the angry currents of the Juniata and tributaries. To provide sufficient funds to rebuild the bridges the commissioners of Huntingdon county have decided to issue \$70,000 of coupon bonds redeemable in fifteen years with interest payable semi-annually at four per cent per annum. The bonds will be ready for the market in a few days.

GRAPE JUICE FOR SICKNESS.

The art of cultivating the Operto vines and fermenting the Operto grape into wine in this country, and of preserving the Grape Juice fresh without fermentation has been brought to a greater degree of perfection by Mr. Alfred Speer, of Ross, N. J. than by any other person; in fact, he was the pioneer in introducing and advertising Native Wines. He has purchased hundreds of tons of grapes, besides his own vintage. Mr. Speer's success has arisen from the strict purity and valuable properties of his wines for invalids and feeble persons, and his reputation extends around the world.
