honestly admit that they can't cure Rheumatism and Neuralgia. Others say they can but—don't. Ath-lopho-ros says nothing but—cures. That's the secret of its success. Years of trial have proved it to be

a quick, safe, sure cure. In my own family Athlophoros was used as a last resort, the user having suffered from rheumatism for years and having been treated for the diseast by different physicians in this State and Massachusetts without even temporary relief. Upon my recommendation scores of people have used this remedy with the same results claimed for it. C. H. WILSON.

MANHOOD How Lost, How Restored !

DR. CULVERWELL'S CELEBRATED ESSAY on the radical cure of Spermatorrhoga or incapacity induced by excess or early indiscretion.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' practice that the alarming consequences of early error may be radically cured pointing out a mode of sure at once simple, certain, and effectual, by means of which every sufferer no matter what his condition may be, may cure himself cheaply, privately and radically.

TANNER INDORSED.

His Administration Satisfactory to the National Encampment.

A LONG AND SPIRITED DEBATE.

The Only Question Was as to the Best Manner of Expressing Confidence in the Integrity of the Pension Commissioner-Rights of Marine Members Discussed-Festivities on Memorial Day

MILWAUKEE, Aug. 30.—Corporal Tanner pre-empted a goodly portion of the two sessions of the Grand Army encampment. The morning session had barely been called to order when Congressman Perkins, of Kansas, claimed the recognition of the chair for a resolution by which the encampment heartily thanked the administration of President Harrison for the honor it had conferred upon the Grand Army in appointing Corporal Tanner as commissioner of pensions; indorsing his man agement of the bureau that had been created for the benefit of the soldiers and sailors of the war, and denouncing the bitter and malignant criticisms of a portion of the press upon his official con-

duct. Gen. Barnum Offers a Substitute. Applause greeted the resolution but Barnum, of New York, was quickly upon his feet with a substitute, declaring that notwithstanding the assaults of an an unfriendly press the en-campment declared its belief in the integrity of the commissioner and expressed its approval of his efforts to do all for the soldiers and sailors of the country that the laws allowed. It suggested, however, that a committee should be appointed to investigate the workings of the pension office.

An animated discussion of three hours duration ensued. Comrade Campbell, of Kansas, voiced the general sentiment as expressed by a score of delegates in the following language:

Comrade Campbell's Sentiments. "For fifteen years we have declared, and others have been uttering, a sentiment that the country can never pay the debt due to the old soldiers, but Corporal Tanner is the first officer that has made that sentiment upon a practical reality. I believe it is the high duty of this encampment to sustain him in working out that sentiment. If the Grand Army of the Republic ever had a a duty to perform, looking neither to the right nor to the left, to the committee that is investigating the workings of the pension bureau or to the commissioner himself it is now, and we ought to pass this resolution. The substitute differs with it in only one particular. It expresses a belief in the integrity of Commissioner Tanner, and would not influence the action of the committee charged with the investigation.

Make the Indorsement Strong Enough. "It may be better than an indorsement like that offered in the original resolution, but we should make our indorsement strong enough. The original resolution expresses our sentiments exactly. If Tanner is dishonest or has done any criminal act we will find it out when the committee makes its report. The presumption of law is that every man is innocent until he is proved guilty, and as far as I am concerned I will make that presumption go to the fullest extent in this case."

Wouldn't Harm a Hair of His Head. In the debate that followed one delegate declared that he would not dare to go back to the soldiers of Minnesota after harming a hair of Tanner's head, any more than to ride through a band of Sioux Indians with their war paint on. The encampment, he urged, should stand by Tanner until something wrong

had been proven against him.

Gen. Wagner, of Philadelphia, took the ground that both resolution and substitute was a club in the hands of Tanner's enemies. The encampment ought not to force the administration to suspend a necessary investigation. The Charges Against Tanner.

don at 5.20 a m, 9.55 a m, 1.45p m, and 7.25 p m, returning leave Montandon for Lewisburg at 9.29 p lengthy speech, said: "I was in Washm, 1.23 p m, 6.00 p m and 7 40 p m. upon the streets and everywhere else, that men employed in the bureau were all getting their cases made special and taken up immediately and rerated much higher, while the poor devils of the rank and file have to stand back and wait. I told them it was a lie, but if he has done that and we pass the original resolution. we indorse such action on his part. The substitute is broad enough.

"This encampment knew nothing of the detail of Tanner's work and cannot pass judgment upon it. We may be-lieve it is all right, but we do not know it. If we pass the original resolution and the committee of investigation should exonerate him, the opposition press would say that the administration dare not oppose the Grand Army of the Republic and they would have good reason to say it.

Corporal Tanner Takes the Floor. Corporal Tanner himself took the floor at this point and in an impassioned speech declared that he not only courted, but demanded an investiga-tion of his administration of the pension

department.
Ultimately the substitute of Gen. Barnum was amended to read as follows: That we thank the president of the United That we thank the president of the United States for the appointment of our comrade James Tanner as commissioner of pensions, and that notwithstanding the assaults upon him, we declare our complete confidence in his integrity and our approval of his avowed purpose to do all that is possible to be done under the laws of the land for veterans of the war and with him we ask for the fullest investigation of the management of his office.

For the balance of the day the en-campment devoted itself to routine business. It was decided to appropriate the sum of \$1,000 annually for the maintainance of the Grant cottage at Mt. McGregor, to be expended under the auspices of the New York department. It was decided that in all the official documents of the order the words sailors and marines should be added to the

word soldiers. Deprecating Festivities on Memorial Day Gen. Alger's resolution deprecating practice of turning memorial day into a day of festivity was unanimously

adopted. "Ladies of the G. A. R." A proposition to indorse the order known as the "Ladies of the G. A. R," created a commotion. Violent opposi-tion was expressed by delegates favor-able to the Woman's Relief corps. The

three plead eloquently for the relief corps. Mrs. Plummer eulogized Gen. Alger and this caused a delegate to jump upon a chair and shout "I see Gen. Alger over there and we want to know whether he reciprocates or not." Gen. Alger arose and said it was none of the committee's business.

"God Speed to the Women." Several delegates declared that the Grand Army wanted no more auxiliary associations and threatened to retire if the resolutions as presented were adopted. A motion to refer back the matter to the committee on resolutions was defeated, Gens. Sherman and Alger voting aye and Corporal Tanner no.

At last the resolution was so modified as to bid "God speed" to the work of the organization, and in this shape it was adopted.

The Naval Engagement. Last night's naval battle was a complete success. It was the greatest event of the kind ever seen in this country. The United States man-of-war Michigan and the steamer Wessenden, with twenty tugs and barges, lead the maneuvering fleet, and thirty merchant vessels were in off shore fleet. A thousand in-fantry supported the battery on shore. Seventy thousand rounds of musketry, 5,000 rockets, 3,000 shell, 20,000 pounds of fireworks discharged. One hundred and fifty thousand spectators lined the lake front for a distance of five miles.

BOSTON'S VICTORY.

The Hub Secures the Next National En-

campment-Gen. Alger's Election. MILWAUKEE, Aug. 29 .- The lengthy introduction to Gen. Warner's report was devoted to an eloquent eulogy of the Grand Army and its purposes. present membership of the order, he went on to say, aggregated 410,686, divided among 6,711 posts and 42 departments. The greatest gain was in Mis souri, 3,652. The departments of Illi-nois, Iowa, Nebraska, Pennsylvania, New York, Wisconsin and Ohio also showed gains. The death roll has been unusually heavy, 4,696 veterans having passed away during the year.

\$2,000,000 Expended in Charity. Since 1871 the order had expended \$2,000,000 in charity, of which \$250,000 had been distributed within a year. The report urged the departments of the country to imitate the action of the New York department in presenting American flags to the public schools on Washington's birthday. Action tending to draw the order closer to the Sons of Veterans as well as to the Order of Military Telegraphers was urged, and the pension question was dealt with at

No Progress in the Matter of Pensions. The commander-in-chief deplored the fact that the committee appointed at the Columbus encampment to press the pension ideas of the order upon the atten-tion of congress had been unable to make any progress. He reiterated the arguments in favor of the dependent pension bill; declared that a service pension must come and insisted that the bondholders of the country should reward the men who had stood by it in its hour of peril.

The report of Adjt. Gen. Weigel was devoted to statistical information. Two new departments, those of Georgia and Alabama, had come into existence dur-

The count was made on Boston until 402 was reached and then the advocates of the other cities threw up the sponge and the selection was made unanimous.

A Colored Confederate Reunion. BIRMINGHAM, Ala., Sept. 3.-At Jacksonville, Ala., there was an unique reunion. The colored men who served in the Confederate army in various capacities as teamsters, servants, cooks, etc. had a "Confederate reunion." The day was celebrated with a barbecue, speeches and baseball. At night a debate was

had on the question of whether the Democratic or the Republican party was the best friend to the negro. Good humor prevailed throughout. Mr. McKinley Opposes an Extra Session. DEER PARK, Md., Aug. 30.—Congress-man McKinley, of Ohio, was the most prominent caller at the executive cottage. Mr. McKinley's mission was to advise the president not to call an extra session of congress. His interview with the president was quite protracted and the matter was discussed in all its phases. The president has not yet de-termined whether or not there will be

A BIG COKE DEAL.

A Consolidation and Further Advance

in Prices Looked For. PITTSBURG, Aug. 29.—The coke operators and iron manufacturers were thrown into surprise by a circular signed and issued by the members of the J. M. Schoonmaker Coke company, stating that the company had sold its entire plant to the H. C. Frick Coke company. The transfer consisted of 1,500 coke ovens, 5,000 acres of land and 250 special cars.

This deal, following so closely on the purchase of the J. W. Moore & Co. plant of 459 ovens by the Frick com-pany, has caused consternation and people do not know what surprise will come next. No intimation has ever been made that the Schoonmaker company intended selling. This addition to the largest coke company in the world gives Frick, who is really Carnegie, greater power, and he is now in a position to dictate prices to all consumers. It is generally believed that another big advance will follow shortly after Sept. 1, when the \$1.25 price will go into effect.

PROHIBITION CONVENTION.

J. R. Johnston, of Pittsburg, Nominated for State Treasurer-The Platform. HARRISBURG, Aug. 29 .- At the state Prohibition convention the names of Tallie Morgan, of Scranton; J. R. John-ston, of Pittsburg, and W. W. Hague, of Tideoute, were presented for state treasurer. Morgan and Hague were withdrawn, and Johnston was nomi-

nated by acclamation. The platform adopted indorses the Indianapolis platform of 1888, favors the Australian ballot system and universal suffrage, and declares that prohibition will settle the labor question, insuring better wages, steady work and larger profits. The convention adjourned after a number of enthusiastic speeches had been made. The attendance was larger than had been expected, and the proceedings were diversified by song and prayer.

To Sue the South Fork Fishing Club. JOHNSTOWN, Pa., Aug. 28.—The South Fork Fishing club will have to defend a suit for damages in which all the business men of Johnstown will be prosecutors. The sum of \$1,000 was raised to retain two leading lawyers, John P. Linton and W. Horace Rose, to investigate the grounds on which the suit may rest. When suit is brought several lawyers of national reputation will be engaged. There is said to be no question that the value of the fishing club grounds and the amounts for which they were chartered can be recovered, which, however, will amount to less than \$100,000. Those who are pushing the matter hope to hold every member of the club individually liable, and if they can do so all losses in full can be recovered.

Golden Eagles at Lewisburg. LEWISBURG, Pa., Sept. 3.—The second annual reunion of Knights of Golden Eagle, Susquehanna district, composed of castles in the counties of Centre, Lycoming, Union, Northumberland, Montour and Dauphin, was held here. J. D. Barnes, of Philadelphia, grand master of records, and other prominent officials of the order were present. meeting of representatives was held in the hall of Buffalo castle and routine business transacted. The reunion will take place at Williamsport next year. A parade took place, participated in by over 1,000 Knights, accompanied by bands and drum corps. It was a very creditable affair and attracted many visitors from the surrounding country.

The Coal Trade.

PHILADELPHIA, Aug. 30.—The anthracite coal sales agents, at their meeting, decided not to advance the price of The question, however, will be considered again at a meeting to be held

Sept. 11.

The coal companies are now talking about restricting the output. There is a good supply of coal on hand at the various shipping points, and restriction at this time would do no harm. The coal output up to the end of July amounted to nearly 19,000,000 tons, while for the corresponding period last year the production was almost 1,000,000 tons, more tons more

The Anthracite Coal Statement. PHILADELPHIA, Aug. 29.-The official statement of anthracite coal productions for July has at length appeared. The figures are interesting. The increase amounts to 261,249 tons. The production for the year to date has decreased 747,003 tons. There is a slight decrease in the stock of coal at tidewater. The leading companies are restricting their output, and for the past two weeks less coal has been mined, the idea being to reduce the accumulations of coal at tidewater points.

Slate Company's Property Seized. EASTON, Pa., Aug. 30.-The sheriff of Northampton county seized the personal property and real estate of the Pennrynn Slate company, in upper Mount Bethel, to satisfy a claim of \$10,000 held by the Stroudsburg National bank.

EASTON, Pa., Aug. 30.-Henry A. Sage & Co.'s harness store and factory were gutted by fire. Loss on stock, about \$20,000; no insurance. Loss on building which is owned by Mrs. Nolan, of Phila-delphia, \$6,000; insured. A BOON to Housewives.

To Our Neighbors.

The question is often asked by our neighbors "Where I wonder, can I get a pure stimulant" It is a fact that there is searcely a roof under which you cannot find a stimulant of some kind. Old people prolong life with it; sick people have it to sustain life, well people may and do use it to make life more enjoyable, but where will we advise our readers to buy it? We learn from the most reliable source that Max Klein is one of the most popular and respected citizens of this country. At his home his word is taken unhesitatingly. To him we can cheerfully recommend our readers for anything in the liquor line. He authorizes us to say that for \$1 you can buy one quart of six year old rye, or six quarts for \$5.
