The corner stone of the new Reformed church at Coburn was laid on Sunday, 8th, with imposing ceremonies. \$125 was raised and the brick layers will commence work on Monday.

Col. Boyer, of Rebersburg, is now 97 years old, with mind good and eyes bright. The Colonel we class as one of the oldest friends of the editor of this paper who trusts he may live to round the hundred.

Another old citizen of Rebersburg has been called to his long home. Daniel Dubis of that town died on last Saturday evening from a stroke of apoplexy which he had about a week before.

Rev. Samuel Wilson, D. D., died at Streator, Ill., on Sunday, Sept. 11, in the 85th year of his age. He was the son of John and Margaret Fleming Wilson; born at Belleville, Pa., Sept. 24, 1804; graduated at Jefferson College, 1828; studied theology at Princeton; licensed April 5, 1831, by Presbytery of Huntingdon; ordained November 14, 1832, by the same Presbytery; Stated Supply of the churches of Alexandria and Beaver's Creek, 1831-32; pastor of Alexandria and Stated Supply of Pine Grove, 1832-37; Principal of Seminary at Uniontown, Pa.

A villainous attempt was made the other night to burn the Presbyterian church at Sunbury. It was set on fire in the room used as an infant department of the Sunday school and also outside at the pastor's study door.

A correspondent of the New York Mail and Express gives the following as the best method of keeping the contents of a cistern from stagnating and becoming offensive: "Let the spout run to the bottom of the cistern. You will then have new water every time it rains. The old water will be buoyed or borne up, and thrown off. Sometimes a single rain will throw off all the old water and give entirely new. If you have any doubt of this fill a pail with water, run a tube to the bottom of it, and by means of a funnel, turn more water into it by way of the tube, and you will see that the water you turn into the tube will go to the bottom of the pail, and the water you put in first will be thrown off."

THE PICNIC.

BIG DISPLAY OF MACHINERY AND MERCHANDISE.

Monday and Tuesday Very Wet.

WEDNESDAY BROUGHT A BIG CROWD WITH THE CLEAR WEATHER VERY LARGE EXHIBIT.

The Grange picnic really opened on Monday. The Committee, Boal, Dauberman, Arney, Dale and Gingerich, had the grounds in complete order, the tents, over 200, up, sheds for exhibition purposes erected and the water distributed by pipes to convenient places on half dozen places on the ground. The committee also had its regulations in admirable order, and everything ready and in apple pie trim, on Monday morning.

Monday morning opened bright; but the sky about 8 became clouded, and soon there was a drizzle which made a damp forenoon. But the scene was like that about an ant hill, streams of wagons with equipage and articles for exhibition going to the ground all day, in spite of the threatening sky.

The people of Central Penna. want a big picnic to go to every year, and seem to think this the right place for it. They don't care to see any one in particular, but every one in mass, have a nice time without great expense, and so long as merriment and crank notions don't disgust the people, grangers and non-grangers, preachers, lawyers, doctors, workmen—all will go to where one man is as good as another, so long as he behaves himself.

The location and manner for such a picnic and exhibition was pointed out and outlined by the Reporter, years ago, and agitated until the grange saw the practicability of the Reporter's ideas and suggestions, took them up, elaborated them, put them in shape and made a grand success of the annual gathering—proving the business quality and executive ability of the leaders among our granger friends. Mr. John Danberman, for a number of years has been a member of the managing committee, and his level headedness and experience have enabled him to render valuable aid in getting things in shape. The other members on the committee associated with him, have been changed from year to year, but they always seemed to be the right men in the right place. Col. Weaver, although not a member, has given the committee valuable aid in its labors. Thus the Reporter is gratified to know that its suggestions were in the right direction and that the grange credit for putting all into successful running order.

Lieut. George Boal, one of the committee, is superintendent of tent affairs, and ran his department skillfully, and had over 200 tents planted within a few hours and tent holders assigned. He informed us that all tents were taken, and applicants for more.

Monday afternoon, sorry to say, the weather changed, and a steady rain set in at 4 o'clock, which put a damper on the business, much to the regret of visitors and others; it rained until night. The Reporter examined the almanac, and the weather reports, but found no rain on the program, yet it came all the same, some evil genius, having control of the fountains above—and we didn't know how to stop it either, so had to let it rain, just as they do in England. It rained all Monday night and heavily on Tuesday all day and night.

Wednesday was bright and the grangers and all others, cheered up. Hundreds came by trains, and hundreds in private conveyances, and with a combination of favorable sky, the affair will end a grand success. Order is admirable, and the fakirs are making money.

Deputy Isaac Frain, with his smiling countenance on hand—he is a big hearted granger, and everybody seems to like him.

The following is the number and name of parties holding tents on the grounds:

Did you see the women's 82 cent shoe at C. P. Long's? The boarding tent of Jas. & D. C. Keller was of mammoth proportions.

For sale—A good store stand, address, Jacob Strohm, Tusseyville, Pa. Woodland and all kinds of soft and hard coal at the Centre Hall mills.

Read the "Special" notice in this issue if you want a farm journal free 1 year. Our nimrods are making war upon the gray squirrels, but not many have been killed yet.

Simon Loeb's new clothing store, opposite the Conrad house, is the place for bargains in men and boys' suits. Murray's Extract of Vanilla is far cheaper and preeminently superior to any other make.

Garmans had a fine display of fancy dress goods at the picnic—the best on the ground. Among the hardworkers at the picnic were John Grove and G. M. Boal—they worked for the love of the thing.

Wednesday morning opened with clearer sky, and signs for fair weather, which will suit the picnic crowd. Tuesday's rain was a awful damper on picnickers—it made our hearts ache to see the wrinkle of disappointment take the place of the smile.

Any one desiring a Brown wagon, for two horses, made in Cleveland, a standard, and the best in the U. S. warranted, magnificent finish, inquire at the mill, price \$70, the highest class. Same wagon with tubular axle, \$73.

In spite of all competition Lewins continues to take the lead in ready made clothing, low prices as well as quality of goods. He gets ahead of all, sells more than all, pleases all, and fits and suits all.

Our genial friend, Capt. Hunter, gave us a shake of his hand; the picnic would not be a success without his counsel and presence. Sam Diehl, of Aaronsburg, was at the picnic—he's the fellow who was unfairly juggled out of the Republican sheriff nomination two years ago by the Gazette bootlers.

Lewins beats the state for large assortment of men and boy's clothing—and he beats the world and all clothing stores in it for low prices. There's a reason you save from \$3 to \$8 on a suit of clothes.

George Dale—who, in all fairness should have been the Republican nominee for associate judge and would have been a strong and creditable candidate in one of the most active aids in the picnic work, making himself useful generally.

All the New Woolees for the coming season now being received. Liberal discount for early orders during the dull season. Our Fall stock will be the finest ever shown. Prices and a good fit guaranteed. MONTGOMERY & Co., Tailors, Bellefonte.

The school directors will have the exterior of the school building repainted before the next session begins, and have awarded the contract to Arney and Lee. The interior portion would not suffer from an application of paint, and may as well give it a coat.

What the Philad. Branch does not have in the line of ready-made clothing, is worth having. The spring stock now on the counters is immense and goes ahead of anything you ever saw. Lewins is King for low prices.

Heavy losses are suffered by the farmers all through Bucks county. The apple and corn crops are greatly damaged. Apples were blown off the trees, except where sheltered by woods. The corn crop is greatly damaged by being blown down just about cutting time. These, added to losses sustained by the potato rotting and the wet weather throughout harvest will make the farmers' losses heavily. The same is true of Centre county so far as relates to the apple and potato crop.

Robert McFarlane's hardware store in Bellefonte is headquarters for the celebrated Link Fence Wire. Having bought a car load before the recent advance in price, he is able to sell at very low rates. The link wire has stood the test of several years in our county and has proven first class in all respects. It is so easy to handle and put up and weighs a little less to the rod than any other. Write for prices.

Wm. L. Kurtz, recently of this town, now of Berlin, Somerset county, since the death of his father-in-law, Mr. Krisinger, has taken a half interest in the extensive hardware business of the latter, and assumed the management of the same. This will determine his permanent location at Berlin, and a severance of his connection with the milling business in this place, due notice of which will be given at the proper time.

The Reporter's great interstate central Penna. grange picnic and exhibition was a gratifying success, barring the weather. Thanks to our efficient committee for their admirable taste and tact in having all things in good trim and up to time. On going out Monday afternoon we found all O. K., and left orders to have the affair go ahead. The regulation of the date and weather we had left to our chairman, believing it was a good hit, but mistakes will happen—sometimes one is neither weather wise or otherwise—there ain't sunshine enough to go around at all times. Whenever the Reporter has a project, it is bound to be a success, thanks to our splendid backing. We gladly allowed any number of special trains for the accommodation of the people—on 4th of July we can't do this.

Last Saturday evening Daniel Dube died. One week ago he was prostrated by what was then thought to have been a stroke of palsy. He however rallied again sufficiently to be up and about again until last Thursday when he was again compelled to take his bed. The cause of his death is thought to have been heart disease.

The entertainment given by the Missionary Society of the Lutheran church on Sunday evening, consisting of declamations, readings, singing and dialogues was a grand success, and showed great care and thoroughness of preparation. The little folks acquitted themselves nobly.

Serene Harry had some twenty men helping him Monday to move his house, which had been built some distance from the road up to it. Most of our people will attend the Grangers Picnic this week.

THE PITTSBURG EXPOSITION.

We wish to call attention to that great enterprise, where one can see so much for so little money. You will convince yourself at a glance, that when you give your patronage to such a house you are sure to be well treated and get value for your money. The proprietor of said house can write to you to become his representative and do otherwise. He continues to sell six year old pure rye whiskey at \$1.50 per quart, or six quarts for \$8.00. Send for his price list and catalogue and oblige. MAX KLEIN.

Facts for all.

In spite of all competition the Philad Branch clothing store, remains headquarter for actual bargains in ready-made clothing, for men and boys. Lewins introduced cheap clothing in Centre county, and has kept it at that all the time; and he kept honest goods, no trash, and, as a rule, always sold from 25 to 30 per cent. below any other clothing store in this part of the state.
