THE COMMITTEE REPORT LEAKS OUT

Smith and Squires Roundly Censured and Tanner Condemned for Gross Carelessness-The Commissioner Grieved by the Publication of His Epistle-Says

He Is "in the Soup."

WASHINGTON, Sept. 27.-The Evening Capital publishes the following: The report of Messrs. Ewing, Campbell and Bruce, the commission that investigated the pension office, though closely guarded by interior department offiials, is gradually becoming known. rinted copies of this report are now ands of all the members of the cabinet. commissioner Tanner has one, as has lso Maj. Warner and Col. Dudley. By egrees its contents are being divulged. It is known that the report takes up each rerating case separately and each erating case is an exhibit in itself.

#### The Case of Deputy Smith.

Stress is laid upon the fact that Deputy commissioner Hiram Smith, Jr., reeived over \$6,000 as a rerating. This ction of his comes in for severe criticism in the report. Whether Mr. Smith has returned this \$6,000 or not, the report does not state. Mr. Smith receives his pension at the Topeka agency. Secretary Noble, in view of the report of the commission, has himself ques-

tioned Mr. Smith as to the facts attending the rerating. It is not known definitely whether Mr. Smith's certificate of rerating is signed by himself as acting commissioner or by Commis-missioner Tanner. The papers in re-gard to his case went through during Mr. Tanner's absence from the pension office.

#### Mr. Squires Condemned.

The report also condemns Mr. Squires in round terms, especially for his action in making the case special. It states that Mr. Squires possessed the stamp of Mr. Tanner as commissioner and affixed it to papers without the commissioner's knowledge. The number of such cases-a very large number-is given and Commissioner Tanner criticised for his gross carelessness in thus intrusting his official prerogative to a mere private secre-tary, who violated the confidence reposed in him.

The names of the pension office offi-cials who caused themselves to be rerated form a conspicuous part of the report. Several were discharged at the time by Secretary Noble and they now point to the fact that the one who received the largest amount of all, Deputy Commissioner Smith, is still in office.

## Sweat-Groan-Growl.

Several Lives Lost.

PITTSBURG, Sept. 27.-Furnace "C," of the Edgar Thomson Steel works, at Braddock, was not working satisfactorily yesterday, and at 7 o'clock last evening Capt. W. R. Jones, manager of the steel works, together with six of his men, went to work to remedy the trouble. It was discovered that a hard crust of cinder had formed inside of the furnace. An orifice fifteen inches in diameter was made through the side of the furnace stack, which is eighty feet high and twenty in diameter. Through this hole a heavy iron bar was used to break the cinder crust. In an instant the crust gave way and

a perfect river of molten iron and cin-der rushed through the aperture, literally covering Capt. Jones and his work-men in a sea of flame and hurling them in all directions. Capt. Jones was picked up from the sand pit fully forty feet from the shock. The others were lifted about the same distance in other directions. A Hungarian who was in the party has not yet been found.

The fatally burned are: Mike Quinn, fireman: Harry Connell, probably fa-tally burned; Patrick Burns, seriously burned; John Nee, seriously burned. Capt. Jones is terribly burned and his physicians are apprehensive but hopeful. The scenes immediately following the accident are almost beyond description, the immense stock house being fairly overflown with the seething liquid

Jones, the general manager for, Carnegie's extensive Edgar Thompson Steel works at Eraddock, who was so badly burned at last Thursday's explosion at that works, died at the Homosopathic hospital from the effects of his injuries.

Paymaster McClure and Stable Boss Flanigan were murdered on the mountain road above Wilkesbarre last October, the county commissioners offered \$1,000 reward for the capture of the murderers. Red Nosed Mike alone has been brought to justice, and only about \$200 of the stolen money has been recovered. Now a big squabble has been begun for the reward offered by the county commissioners. Capt. Linden assigned his claim and that of the Pinkerton men to County Detective Hefferman and Le-high Valley Detective O'Brien, who aided them in the work, but the commissioners have been restrained from paying them, local Detectives Roberts and Baines claiming that they first arrested Rizzelo, and are therefore enti-tied to the reward. An injunction has been served on the commissioners, and a protracted legal fight is anticipated.

TANNER'S LETTER.

He Says Its Publication Was a Breach of Confidence.

WASHINGTON, Sept. 27.-Pension Com missioner Tanner, questioned as to the genuineness of the letter purported to have been written by him to Private Dalzell, said:

"Yes, the letter as printed is sub-stantially as I wrote it. It was written, however, in the strictest confidence to a man whom I believed to be my friend. A man, under the circumstances, writes that which under other circumstances would not and should not have been written. The letter," he continued, "was evidently stolen. I cannot believe that any man would so betray a friend."

The Letter.

In the letter above mentioned Mr. Tanner says:

Smith also issued an order stopping all re-ratings. He did not object to it until after I had rerated him and put him up to \$75 for the loss of his arm and leg, thereby putting \$6,035 in his pocket. I held, and still hold, that he was clearly entitled to it; but is it not con-

was clearly entitled to it; but is it not con-temptible that a man who had had that done for him, and who had acquiesced cordially in his own case, should now be so pronounced against the rerating of poor devils who, per-haps, from the effects of malarial poisoning, chronic diarrhœa, or some disease of that kind, suffer twice as much as a man does from am-matching?

I want to say to you that I did not resign until the president and secretary had both said to me in the same minute that the completed report of the investigating committee. which lay before them, contained no word which could impeach the honesty of my ac-tion in the slightest degree. Then I had to tion in the slightest degree. Then I had to consider whether I was man enough to decline to continue in a position where I knew my immediate official superiors did not desire me, even conceding that I could stay against their wishes, which is not all true. I have not the slightest doubt but that I would have been re-mered if I had yout resigned; in fact I knew moved if I had not resigned; in fact I know it. Noble had certainly pronounced his ultimatum to be my head or his resignation; and, of course, a break in his cabinet would have of course, a break in his cabinet would have embarrassed Harrison greatly. Now that I have the completed report and have gone through it carefully and thor-oughly. I say to you, as one whose good opinion I value, that all under heavens they car charge me with is too much liberality and to, much speed in the granting of pensions. I think you will agree with me that we have had immecunicativ and procrastination

Money in Brisk Demand.

NEW YORK, Sept. 28.-The demand for money in the Stock Exchange was more urgent yesterday than on any pre-vious day this year and as high as 10 per cent. per annum was paid by bor-rowers for loans until Monday. There was no reason for this advance except a bidding up of the rates. Lenders took advantage of the demoralization in sugar trusts to bid the rates up.

"Shoestring" Chaimers Nominated. JACKSON, Miss., Sept. 26.-The Republican state convention nominated Gen. Joseph R. Chalmers for governor; W. C. Mathison (colored) for secretary of state, and James D. Lynch (white) for lieuten-ant governor. The convention was largely attended and much enthusiasm prevailed.

Boulanger Counted Out.

PARIS, Sept. 27,-The revising com-mittee met and annulled the election of Gen. Boulanger in the Montemartre dis-trict. The election of Count Dillon was confirmed.

#### Saved by Being Late.

SCRANTON, Pa., Oct. 1.-The thoughtfulness of a boy named Langan, who discovered two horses tangled up on the ties of a railroad trestling between Pickville and Archbald saved a crowded Delaware and Hudson passenger train from an awful disaster. The boy hurried to the Archbald depot and warned the agent, who telegraphed to Pickville, catching the train as it pulled into the station ten minutes late. Had it been on time the result would have been ter rible.
