MINNEAPOLIS, Dec. 2.—So far as known the death list caused by fire at The Tribune building Saturday night is

Professor Edward Olsen, Vermillion, S. D. James Igoe, Associated Press. Milton Pickett, assistant city editor Pioneer Press, Minneapolis.
W. H. Millman, commercial editor Tribune.
Robert McCutcheon, compositor.
Walter Miles, Associated Press.

Jerry Jenkinson, composit Details of the Fire.

Seven human lives and \$300,000 worth of property was sacrificed by the fire that originated in the rooms of the Union League on the third floor of The Minneapolis Tribune building. The fire was discovered shortly after 10 o'clock by a district messenger and almost before an alarm could be turned in every door and window of the immense seven story building was belching fire and smoke. Seven human lives and

story building was belching fire and smoke.

There were upward of eighty men, including the editorial staff and a force of compositors, at work on the seventh floor and these were penned in like sheep by the sheets of flames that separated them from the elevator and stairway. Then began a frenzied stampede for the windows and roof.

Meanwhile the fire department had got a ladder up to the sixth floor and from there thirty or forty men were taken out of the building and landed on terra firma. Those who were on the roof dared not descend and several jumped to the roofs of adjoining buildings and escaped with a few bruises.

Dr. Olsen, president of the University of Dakota, at Vermillion, was among those on the roof and seeing all means of escape cut off, he essayed to jump to an adjoining building. He slipped and fell to the ledge of the window on the sixth story and from there to the ground. He fell head foremost and was instantly killed, every bone in his body being broken.

J. F. Igoe, night operator for the Associated Press, stuck to his post until it was too late to escape. He was frightfully burned about the head, and in his

Shot Himself to Escape the Flames. A few minutes after he had jumped another of the printers appeared at the window on the opposite side of the window on the opposite side of the rooms. He was told to wait a moment and a ladder would be sent up to him. He appeared crazed by fright, however, and instead of waiting pulled a revolver, and placing the muzzle to his head, fired. The report was heard in the street and the man was seen to drop to the floor. His name could not be the floor. His name could not be

not be verified.

There are doubtless several people in the ruins, but just how many will not be known until the debris is removed.

The Tribune building was five years old, a seven story brick structure, and valued at \$300,000. It contained The Tribune newspaper. The Tribune-Star and Journal, The Tribune job printing establishment, the editorial rooms of The Minneapolis department of the St. Paul Minneapolis department of the St. Paul Pioneer Press, The Svenske Folkets Tidning, a Swedish paper, and numer-ous law and real estate offices. The losses will aggregate \$300,000; in surances, \$150,000.

BOSTON'S BIG FIRE

The Most Severe Since That of 1872, Losses, \$4,000,000, Boston, Nov. 29.—The first general alarm sent out in Boston since the "org fire" was rung in for a fire which started in the building occupied by Brown, Durrell & Co. on Bedford street, and which proved to be in a twinkling more than the first, second and third detachments could readily handle.

handle.

The fire did not quite reach Summer street nor Lincoln street, but it burned half way through the block bounded by Kingston, Summer and Bedford streets and also that adjoining. Showers of sparks were driven ahead of the flames, principally toward the great dry goods stores on Washington street.

Later conservative estimates place the loss at \$4,000,000. loss at \$4,000,000.

Two firemen are missing.

Lynn's Great Fire.

Lynn, Mass., Nov. 27.—Lynn, the city of shoes, was yesterday afternoon visited by the greatest fire in its history and, with but two exceptions, the most disastrous which has ever visited New England. The exceptions are the great Boston fire of 1872, which destroyed between \$80,000,000 and \$90,000,000 worth of property, and the Portland fire of 1866, which caused a loss of between \$10,000,000 and \$12,000,000.

The fire started at 11:55 a. m., raged eight hours, devastated a square mile of the business section of the city and caused a loss estimated at \$10,000,000; in fact, the greater part of Ward 4 is wiped out as regards the important shoe manufacturing blocks and prominent places of business.

Hypolite and Douglass.

Washington, Dec. 3.—Walker Blaine denies the report that the state department has information that Hypolite, president of Hayti, has refused to recognize Fred Douglass as United States minister to that government.
